

Scripps College Office of the Registrar Scholarship@Claremont Thesis Embargo Request

Sometimes it may be important to delay access to your thesis by means of an embargo. Embargos are useful for scholarly works pending publication, pending patents, or containing particularly sensitive data. Contact scholarship@cuc.claremont.edu for additional information and to make an appointment to discuss your situation and obtain signatures.

Submit the completed request form to the Scripps Registrar's Office along with an electronic copy of your thesis and title page in .pdf or .doc format by the thesis submission deadline. You may submit your electronic copy on a CD or flash drive. CDs and flash drives will not be returned to you. You must still upload your thesis to Scholarship@Claremont within 48 hours of the submission of your bound thesis.
