About Scripps College

Mission Statement
The mission of Scripps College is to educate women to develop fully their intellects and talents through active participation in a community of scholars so that as graduates they may contribute to society through public and private lives of leadership, service, integrity, and creativity.

About the College
When Scripps was founded in 1926 in Claremont, California, it was one of few institutions dedicated to educating women for lives of commitment and engagement. Since then, Scripps has continued to champion qualities of both mind and spirit in accordance with the vision of its founder, newspaper entrepreneur and philanthropist Ellen Browning Scripps. Scripps today offers a rigorous interdisciplinary curriculum, a robust intellectual community, a commitment to diversity and inclusion, and a rich residential experience designed to shape the next generation of leaders.

As an internationally recognized leader in women’s liberal arts education, Scripps has an increasingly competitive admissions process that reflects the growing demand for a Scripps education. The College has garnered numerous prestigious national grants for student and faculty research, curriculum development, and educational initiatives, and has established a reputation for thoughtful leadership among higher education peers. Scripps students win many national fellowships and research grants and offer the skills employers value and society needs: strong critical thinking, written and oral communication abilities, a global orientation and intercultural competence, and the ability to collaborate effectively.

The Founder
One of the most remarkable “Scripps women” never attended Scripps—she founded it. Born in 1836 and raised on a farm in Illinois, Ellen Browning Scripps was one of the first female graduates of Knox College, Illinois, and one of the first women college students in the United States. She began her professional life as a schoolteacher. At the age of 37, she became a path-paving journalist and publisher, joining her brothers in Detroit, where they founded the Detroit Evening News. A shrewd investor and businessperson, she helped her brothers develop the business into the Scripps-Howard newspaper chain and United Press International.

With a small bequest from her late grandfather and savings from her wages as a schoolteacher, Ellen and her brothers founded one of the country’s leading newspaper and publishing enterprises. Her business acumen, on which her brothers depended, was a tremendous benefit to the venture, and her daily column was one of the nation’s best-read features in more than 1,000 newspapers.
Ellen was an early and ardent supporter of women’s suffrage and a devoted philanthropist. Her generosity supported innumerable educational and scientific endeavors, including the Scripps Institute of Oceanography, the Scripps Clinic, the San Diego Zoo, and Scripps College, her “crown jewel.” Her leading influence at The Claremont Colleges led to the purchase of land that not only enabled Scripps College to flourish but also provided space to establish Claremont McKenna, Harvey Mudd, and Pitzer Colleges. Her role in the launching of the Claremont group plan led to her being featured on the cover of Time magazine in 1926.

Ellen Browning Scripps characterized her involvement with Scripps College as her most important work in a rich lifetime of creating opportunities to widen human knowledge. Her words are still deeply resonant today:

“*The paramount obligation of a college is to develop in its students the ability to think clearly and independently, and the ability to live confidently, courageously, and hopefully.*”

**The College Seal: La Semeuse**
The seal of Scripps College, designed by sculptor Lee Lawrie, depicts *La Semeuse*—she who sows. The image of the sower of “the good seed of thought, of action, of life” was chosen by the faculty in the 1927–28 academic year. They also selected the College motto, *Incipit Vita Nova*—“here beginneth the new life.” The esteemed Professor Hartley Burr Alexander was largely responsible for the seal’s image and the motto. Before he arrived on campus, he suggested *Incipit Vita Nova*, the first words of Dante’s *New Life*.

**The Principles of Community**
*Scripps College is a community of scholars: faculty, students, and staff dedicated to the education of women and the advancement of learning.*

To further this community, Scripps seeks to attract a diverse student body and to build a diverse faculty and staff. Our goal is to create a hospitable environment without discrimination on the basis of race, ethnicity, religion, culture, color, beliefs, physical condition, socioeconomic background, sexual orientation, or age. Scripps believes that each member of the community contributes to the learning and teaching of all and, therefore, seeks to balance individual freedoms and sensitivity to, and awareness of, the rights and human dignity of others. Scripps recognizes the obligation to respond to the acts and effects of discrimination and bigotry by building an academic community in which people learn to respect and value one another for their differences.

Scripps believes that learning and teaching thrive in an environment conducive to freedom of belief, inquiry, and speech, assuring expression of the broadest range of opinions and beliefs. Scripps commits itself to maintaining that freedom, subject only to regulation of time, place, and manner.
Recognizing that such expressions may offend, provoke, and disturb, Scripps affirms its dedication to encourage rather than limit expression. At the same time, Scripps encourages community members to show mutual respect and understanding and to employ reasoned civil discourse.

Scripps seeks to secure, through its academic and community policies and practices, through its actions and the services it provides to students, faculty, and staff, the widest appreciation for all groups and individuals; to combat discrimination and misunderstanding; and to forge a better and more just society.

Each member of the Scripps community affirms, by her or his continuing participation in College life, acceptance of her or his personal responsibility and obligation to the community in assuring that these principles are upheld in all aspects of our lives together.

**The Principles of Diversity**

An understanding and appreciation of diverse peoples, cultures, and perspectives informs the intellectual framework on which our institutional mission is based and is critical to Scripps’ realization of its goal to become the premier liberal arts college in the country. The College is committed to demonstrating that respect of differences among people is a prerequisite to achieving institutional excellence.

Through its policies and its actions, Scripps strives to create an environment in which acknowledging and engaging issues of race, ethnicity, religion, belief, opinion, economic class, age, gender, sexuality, and physical ableness are inextricably part of the experience of the campus community.

**Vision Statement of Scripps College as a Multicultural Community**

Miss Ellen Browning Scripps’ vision for the College she founded was a stirring one: “to develop in its students the ability to think clearly and independently, and the ability to live confidently, courageously and hopefully.” For Scripps College students in the 21st century, the education that fulfills this mission must include establishing their own sense of values and guiding principles, as well as the capacity to work with and learn from the variety of people, cultures, and viewpoints they will encounter in the United States and in the emerging global society. The interaction of each student’s own beliefs and values with those of fellow students, faculty, staff and others encountered here at Scripps forms the crucible in which her education will be tested. Fostering a truly interactive and multifaceted community of teachers and learners is the only way in which the College can meet its goal of offering the best liberal arts education in America.

What will be different about a Scripps that is more diverse, more challenging, more embracing? We know that it is not merely “adding” people of different backgrounds to a homogenous society. It will mean that virtually every conversation will have many more than two viewpoints; it will mean that the underlying assumptions of every question will be probed. “Majority” members of the community will need to change their assumptions. It will certainly mean that the roles played by women of color, or gay students, or Muslim
students, or recent immigrants, or differently abled students, will change. Each of us at Scripps will understand that there are a variety of “markers” of identity for all students, faculty, and staff. There should be fewer occasions when a student feels she is the “only” representative of a group on campus, or in her class, or in a social club or sports team. By making sure there is a growing diversity, not only drawn from different groups but including those representing differences within groups, we will begin to break down the idea that one’s viewpoint is synonymous with one’s race, ethnicity, neighborhood, religion, etc. We must have more of many different kinds of students, faculty, and staff, so that all of us concentrate more on what emerges from a truly vigorous debate, one that includes points of view not heard before.

Scripps began as a deliberate, planned college community to serve one underserved part of society: women, who were not equally welcome at America’s colleges and universities. Scripps College’s founder could not earn a degree from the college she attended because she was a woman, and only men could graduate from that college. Indeed, rooted as Scripps College is in the work of liberating women’s minds through education, we should be even more committed to the work of diversifying our community than most educational institutions. We should begin to approach a time when the perceived stereotype of a Scripps student will be so complex, so layered, so invigorating, that it dissolves under even cursory inspection. We should look forward to a time when the discussion of stereotypes is more open, more common, and maybe even more fun. This will require that we truly understand and commit to including at our table members of every group, because every single person who shares our goals and passion for women’s education can contribute to it, whatever their other characteristics. The more different voices, the greater the music we can make.

We understand that including new people and new “kinds” of people may strain some of our assumptions and customs. We understand it may be uncomfortable and difficult. We understand that everyone who joins in the endeavor will need to commit absolutely to the Principles of Community, particularly the section that encourages “expression of the broadest range of opinions and beliefs,” while recognizing that “such expressions may offend, provoke, and disturb.” We welcome the necessary discomforts that will ensue, because we believe that part of a great education is discomfort with all that we may think we know, from whatever perspective we come. Students, faculty, and staff will learn to share their insights and ask others for help in new and different ways.

At the same time, we recognize that the young people who come to us for liberal arts training, particularly those from the most challenging backgrounds, should not bear the burden of educating the adults who seek to serve them or the students who seek to learn with them. We must learn to help them question, evaluate, and then assert what they hold most dear, while we attempt to truly understand them and their experiences. All of our students should emerge with a firm and confident “voice” of their own, even if that voice is used more to question than to answer. All of the faculty and staff must educate ourselves, so that we can help our students learn. Our goal is to have students think clearly and independently, acknowledging and using a variety of perspectives. Our goal is to have our graduates live confidently, courageously, and hopefully, not because they are
certain of a particular set of truths but because they have learned to live with uncertainty, to balance their own strongest convictions with the knowledge that others may not share those convictions.

Academic Resources and Services (ARS)
Academic Resources and Services provides academic support to students through a variety of programs and services: Disability Support Services, the Tutoring Program, Math Spot, and Academic Coaching.

Disability Support Services coordinates services and reasonable accommodations to students with documented disabilities. Any student seeking academic accommodations should complete the Academic Accommodation intake form available here: http://www.scrippscollege.edu/academics/students-with-disabilities. Once a student's application and documentation have been received, they will meet with one of the assistant deans for academic resources and services to complete an intake appointment to review the healthcare provider's recommendations and discuss reasonable accommodations. General inquiries can be sent to ARS@scrippscollege.edu.

The Scripps Tutoring Program offers peer based, one-on-one tutoring for Scripps College students enrolled in courses at any of the 5Cs. The Tutoring Program is available to all Scripps College students at no additional charge to them. Students may request tutoring in any course subject, and the Tutoring Program makes every effort to fill all tutoring requests that are received. Tutoring begins no earlier than the
third week of each semester. To request a tutor or apply to be a tutor, visit our website: http://inside.scrippscollge.edu/studentaffairs/tutoring.

The Scripps Tutoring Program also offers Math Spot. Math Spot is a drop-in program for any student enrolled in a Scripps College math course. Math Spot is located in the CP&R Library (Seal Court) Sunday, Tuesday, and Thursday from 7 to 9 pm. Hours and location are subject to change.

Academic Coaching is the newest program within Academic Resources and Services. The Academic Coaching program is an opportunity for Scripps College students to work one-on-one with an Academic Coach (MSW interns from Cal State San Bernardino) on transferable academic skills such as time management, general study skills, financial wellness, stress reduction, and test preparation. To schedule an appointment with an Academic Coach, email ARS@scrippscollge.edu.

Dean of Faculty
At the heart of Scripps’ intellectual community is a faculty of distinguished teachers who are accomplished scholars, researchers, and leaders in their fields, as well as accessible and committed to student success. They produce internationally recognized research, publications, and artwork while winning grants from prestigious organizations such as the National Science Foundation, the Fulbright Program, and the National Endowment for the Arts. Scripps’ curriculum is built on the expectation of close faculty-student interaction, and faculty engage deeply in mentoring, advising, and providing personalized instruction to students. Scripps’ low student/faculty ratio of 10:1, and the collaborative nature of the College, enable this personal experience.

Academic Advisors
There are numerous resources available to assist students in educational planning. At the center of the academic advising program is the student’s faculty advisor, who is available to assist in defining educational interests and goals and in developing the student’s course of study.

A faculty advisor is assigned to each entering student for the first and second years. Students are free to change advisors at any time and are encouraged to do so once a major has been decided upon. A change-of-advisor form is available in the Registrar's Office. Faculty advisors are not always assigned to new students on the basis of expressed academic interests. Because no one person can provide all the information about courses and curriculum that a new student is likely to need, students are encouraged to ask questions of other faculty members and resource persons. (Students interested in medical school and those interested in a major in music or engineering are especially encouraged to see the faculty in these areas, because early planning is particularly important.) A student, in consultation with the student’s advisor, should compile information from many sources in planning a program.
A Scripps student is expected to assume responsibility for initiating all contact with an advisor for information and advice about requirements, classes, low-grade notices, potential graduate programs, and other academic matters.

Specifically, a student accepts the following advising responsibilities:

1. Read the catalog, current portal schedule of courses, and Guide to Student Life before meeting with the advisor.
2. Initiate meeting with advisor during posted office hours at pre-registration/registration time to discuss requirements, classes, and plan of study.
3. Contact advisor for registration clearance, declaration of major and minor forms, any academic petition form, and add/drop slips in a timely fashion.
4. Know the office hours of advisor and adhere to them. If another time is necessary, contact advisor for mutually agreeable appointment time.
5. Initiate and assume responsibility for any contact with advisor for information about requirements, classes, graduate schools, etc.
6. Initiate contact with professor and/or advisor upon receipt of low-grade notice.

Faculty and Department Chairs
Faculty members hold regular office hours during which they are available to students. Additionally, professors are available by appointment if scheduled office hours do not meet a student’s academic schedule. Professors may be contacted for appointments on an individual basis. Students may leave messages for faculty through mailboxes, email, or voicemail, on their office doors, or with faculty administrative assistants. The faculty administrative assistants keep a schedule of the office hours of individual faculty members and can assist students if they are experiencing difficulty in contacting a faculty member.

If a student has a question regarding a specific department, major, or course offering, the student should contact the department chair. More information regarding department chairs is accessible via this link.

Office of the Registrar
The Registrar’s Office supports the academic mission of Scripps College by preserving the integrity, accuracy, and privacy of all academic records; interpreting academic policies and procedures for members of the Scripps community; and distributing these records effectively and efficiently within applicable policies and regulations. Information regarding the current academic calendar can be found here.

Scripps College Catalog
The Scripps College Catalog is the official source of information regarding programs of study, academic courses, academic advising, pre-professional advising, requirements for the Bachelor of Arts degree, academic policies and procedures, enrollment, admission, financial aid, recognition of academic achievement, costs and expenses, and so forth. The online Scripps College Catalog is an annual publication and can be accessed on the Scripps website at this link. Students are subject to the academic requirements of the catalog year of their matriculation. For example, all
students who enter the College in fall 2017 or spring 2018 are subject to the academic requirements of the 2017–2018 Scripps Catalog.

**International Students**
International students must maintain full-time enrollment status to maintain their F-1 visa status. They also must report all changes in address (including residence hall room changes) to the Department of Homeland Security (DHS). Current health insurance (either through the College plan or independently) is also required. The Scripps designated school official for communication with the DHS is the registrar. The registrar signs student I-20 forms for them to leave and re-enter the United States, maintains communication such as address changes with DHS through the SEVIS system, assists students in applying for both curricular and post-completion practical training, maintains copies of health insurance verification, and handles other required services for international students.

**Financial Aid Office**
The Office of Financial Aid administers federal, state, and Scripps financial aid and has information regarding scholarships, work-study awards, and loans. If you have been awarded need-based financial aid, you may access your individual financial aid package in your Financial Aid Portal using this link.

Each fall, both new and continuing students who have been awarded Federal Work-Study funding as a part of their financial aid packages will have the opportunity to apply for employment positions on the Scripps campus and at several off-campus sites in and around the five colleges.

Contact the Office of Financial Aid for information about any of the various aid programs and for application materials necessary to be considered for student financial assistance at Scripps College. For listings of outside of scholarship opportunities, be sure to check out the Office of Financial Aid’s website.

**Student Accounts**
The Student Accounts Office works with students and families to ensure that billing is properly administered and student bills are paid in a timely manner. Please contact Amy Harrell, our student accounts analyst, with any questions at AHarrell@scrippscollege.edu, and visit the office’s website for more information.

**Career Planning & Resources (CP&R)**
Located next to Motley Coffeehouse in Seal Court, the Carlotta Welles ’39 Center for Career Planning & Resources empowers students in creating their own post-graduation success by offering expert career counseling, industry resources, employer interactions, and direct contacts for career exploration and professional development. Scripps was ranked #15 for Best Career Services and #21 for internships in the Princeton Review’s edition of “The Best 382 Colleges.”

CP&R supports students in a number of ways, including:
• Individual and group career counseling
• Choosing a major
• Student employment and on-campus jobs
• Career assessments
• Considering/applying for graduate school
• Applying for research opportunities and fellowships
• Searching for internships and jobs
• Preparing a resume and cover letter
• Interviewing and salary negotiation
• Exploring alternative options for after graduation
• Conducting career development workshops on such topics as identity in the workplace

One of the goals of CP&R is to build networks and develop relationships to help students and graduates transition into and advance in their careers. Because CP&R partners closely with Alumnae and Family Engagement, students benefit from direct connections via the Scripps Community Network for job/internship leads, industry experience, and graduate program insights.

Scripps College participates in the seven-college recruiting program, giving students access to on-campus recruitment activities and job fairs across The Claremont Colleges. Students have direct access to thousands of job and internship listings online through Handshake, Vault, and a number of other paid subscriptions. CP&R also publishes a student-written blog, Beyond the Elms, and an annual Career Services Guide.

Through CP&R, students have access to thousands of internship listings across the country, including several with members of the Scripps community. Eighty-seven percent of students hold at least one internship before graduation; more than one-third will hold three or more. CP&R supports students through the entire application process, from research and exploration to resumes and interviews. Annually, CP&R coordinates grant funding for summer internships and travel stipends for unpaid internships during fall and spring semester.

Popular CP&R programming includes alumnae career panels, coffee chats, recruiter information sessions, the Resume Challenge, and the Emerging Professionals Program, a seminar series that teaches transferable skills for success in post-graduation employment. CP&R also hosts regional treks throughout the year, such as the annual Bay Area Tech Trek.

There are hundreds of work-study and non–work-study jobs available on campus and even more across The Claremont Colleges. Career Planning & Resources provides information related to working on campus as a student employee. Students can search for open positions across the Colleges on Handshake, the 7C online job search platform, or they can email studentemployment@scrippscollege.edu for more information.
Learn more about CP&R resources or schedule an appointment with a counselor online through Handshake. Stop by during drop-in hours, Monday through Friday from 10 am to 5 pm. For information about working on campus, email studentemployment@scrippscollege.edu.

**Modern Languages Resource Center (MLRC)**
The Modern Languages Resource Center (MLRC), located in the Humanities Building (122) at Scripps College, is a space designed for language students and faculty at Scripps, Harvey Mudd, and Claremont McKenna. The center, which previously served primarily as a language lab for individual student use, is now a language institute whose purpose is to provide students and faculty with a comfortable environment in which linguistic diversity is strongly valued and encouraged on a daily basis. Students can use the MLRC to study or complete assignments while sharing coffee or tea and practicing a foreign language; they can read newspapers and magazines in Arabic, French, German, Spanish, and Portuguese; they can count on the assistance of foreign language tutors; and they can select a film to screen from an extensive multimedia library. Moreover, the MLRC has several computers with numerous foreign languages applications and software that can be used by students and faculty with the assistance of consultants on site.

The MLRC is a community that brings together languages and cultures from all corners of the world. For more information regarding the resources available, visit the center’s website at [https://community.scrippscollege.edu/mlrc/](https://community.scrippscollege.edu/mlrc/).

**Writing Center**
Located in Humanities 232, the Writing Center operates under the auspices of the director of the Writing Center, the director of the Writing Program, and the Dean of Faculty Office. The center offers students from all academic disciplines the opportunity to work on their writing through one-on-one discussions with knowledgeable peer tutors. The center welcomes students at any stage of the writing process, from a first-year student working on a first draft to a senior finishing her thesis. While tutors do not proofread papers or revise assignments, they do formulate appropriate questions to prompt writers to interpret writing assignments, to reconsider ideas, to restructure arguments, and to reformulate the presentation and language of a paper. By the end of a session, students should feel more confident about writing and their ability to generate ideas, revise a draft, or edit a paper on their own. The center is not intended for remediation or editing services, but tutors can provide instruction in usage, grammar, and punctuation. The Writing Center also features special seminars on a range of writing subjects. The center offers grammar cafés, casual clinics on students’ most pervasive and troublesome mechanical and syntactical mistakes. A series of workshops in the fall for fellowship applicants is also offered. Further workshops provide students with information on such topics as approaching the first paper, understanding the research process and research documentation, writing essay examinations, and composing resumes and application letters. For more information, visit the center’s [webpage](https://community.scrippscollege.edu/mlrc/).

**Study Abroad and Global Education**
Study Abroad and Global Education (SAGE) is a unique academic opportunity for Scripps College students to extend the critical inquiries begun on campus to a semester of learning in one of more than 40 countries. Studying and living in a new environment helps a student develop the global competence and innovative leadership required of today’s college graduates in our increasingly interdependent world. In order to have the most choice for studying abroad or completing a semester internship program, begin discussions with your Scripps faculty advisor early in your academic career. Your faculty advisor will help you develop a four-year plan to include participation in a semester program. Learn more about Scripps-approved programs here.

**Title IX Policies & Procedures at Scripps College**
(Full policy: [English](#), [Spanish](#), also see Appendix H)

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

**Title IX of the Education Amendments of 1972**
Title IX, landmark federal legislation enacted forty-five years ago, is at its core about removing barriers to education based on sex discrimination. Title IX is well known for creating equity in sports for women and girls, but it has also been applied to break down barriers in other educational programming such as math and science. Sexual harassment too has long been prohibited under Title IX, but in recent years, the focus has been on reducing specific forms of harassment — sexual assault, dating violence, and stalking — on college campuses.

Scripps seeks to maintain an environment in which individuals can live, learn and work free from these forms of discrimination. The College regards such behavior as inimical to its educational purposes and to the respect for individuals that it holds to be essential in all aspects of its institutional life. Members of the Scripps community—individuals permanently or temporarily employed by, studying at or officially connected with the College—should know that the College does not tolerate discrimination and harassment. College policy ([English](#), [Spanish](#)) prohibits such behavior and, in some instances, such behavior may violate civil and criminal laws.

The Scripps [Title IX website](#) is a resource for all members of the Scripps community and is intended to:

- Introduce the community to the College’s [Title IX team](#). The Title IX team is responsible for responding to allegations of sexual assault, dating violence, stalking, and sexual harassment—that is stopping the behavior, preventing its recurrence, and remedying its effects.
- Provide information
  - on support services available to survivors of sexual violence
  - to help empower survivors to make the decisions that are right for them
  - on reporting to the College and [law enforcement](#)
on how cross-campus claims work (since the majority of cases involving Scripps students are cross-campus)

The information available at the 7C Support and Prevention Site complements the information covered here.

Navigating Campus Life

Residential Life
Scripps College is committed to the principle that living and learning are not only compatible—they are inseparable. As an academic residential community, the College desires that students who live in the halls develop academically, socially, and culturally. This developmental process takes place as students initiate the exchange of ideas and work together to maintain the delicate balance of community living and personal needs. The College believes it is important that students learn to deal with situations by relating to others maturely and responsibly. The College provides opportunities for students to develop a sense of community and to participate in the enforcement of rules and guidelines that are appropriate and beneficial for all residents.

Under the System of Responsibility, students and the administration agree to the following principles:

1. Each student has an obligation, as a member of the Scripps residential community, to maintain a cooperative and harmonious environment.
2. Each student has the right and responsibility to determine her own general pattern of living within the guidelines set by the College and with respect for the rights of others.

As a residential college, Scripps takes great care in organizing, maintaining, and supervising residence hall life to ensure optimum enjoyment and safety for the students and community of the College. The residential life staff consists of a director of campus life, an assistant director of residential life, area coordinators, and resident advisors. All of the area coordinators and resident advisors live on campus.

Resident Advisors (RAs) provide on-site management for the residence halls, assist with administrative duties, and provide peer support to students. The RAs are trained in emergency response, mediation, listening skills, and first aid. They coordinate with the hall councils and actively promote community building through programming and relationship development. The RAs provide resources and referrals for students with personal, interpersonal, and academic problems.

Language assistants (German, French, Spanish, and Italian) oversee programming aimed at the development of specific language corridors in the residence halls. The
language assistants also help the foreign language departments with teaching and conversation classes.

For further information on staff and policies, see the online resources at Scripps Residential Life.

**Scripps Browsing Rooms**
Each residence hall at Scripps has a browsing room that is available 24 hours a day for reading, studying, and relaxing.

**Laundry Machines**
Claremont Cash–operated washers and dryers are located in each residence hall. Current costs are $1 to wash and 50 cents to dry. Claremont Cash can be added to your student ID card at the Card Center located in Honnold Library, First Floor South (ext. 18327), or online at [Claremont Cash](http://claremontcash.claremont.edu).

**Vending Machines**
Vending machines offering a variety of snacks and beverages are available in the residence halls and on the second floor of Steele Hall. Should a machine fail to work, refunds are available from the Maintenance Department.

**Maintenance and Housekeeping**
The Maintenance and Housekeeping staffs provide cleaning and repair services to keep the College beautiful, clean, and safe. For a non-emergency situation, work order requests may be submitted by email to a resident advisor (RA). For a daytime emergency, call Campus Maintenance as soon as possible. For after-hours emergencies, contact the RA on duty or the Department of Campus Safety, ext. 72000.

**Student Identification Cards**
Student identification cards are issued to all newly enrolled students during the orientation process. These ID cards serve as card keys for the residence halls and libraries. The ID card is also used for access to the dining halls with your meal plan, purchases on campus with your Board Plus account, purchases on and off campus with your Claremont Cash account (voluntary debit card program), and personal passes into five-college parties and discounts at local attractions. All Scripps College laundry machines accept Claremont Cash only. The ID card is intended to last through your career at the College. Students who lose their ID cards are expected to report the loss to the Campus Maintenance Office, CUC’s Connection, the Dean of Students Office, or a Residential Life staff member immediately. Lost or stolen ID cards can also be suspended online at [cards.cuc.claremont.edu](http://cards.cuc.claremont.edu). Replacement ID cards cost $10 and may be retrieved at CUC’s Connection in the Honnold-Mudd Library, 800 North Dartmouth Avenue (south entrance). For more information, [here](http://www.scrippscollege.edu/student-life/visitor-center/student-life/services/student-life/identification-cards/).

**New Student Orientation**

The New Student Orientation program helps to ensure that incoming students enjoy a smooth transition to academic and student life at Scripps College. Under the direction of the Orientation Advisory Committee (jointly chaired by the dean of faculty and the dean of students), the orientation staff works during the spring semester and summer months to plan orientation. New student coordinators are selected each spring semester, they reside on campus during the summer months in preparation for the fall orientation. They also work part-time for the remainder of the year, planning events and overseeing the program. Spring Orientation is planned at the end of the fall semester and over winter break.

**New Student Program**

The New Student Program is a year-long, paid/volunteer program that is sponsored by Student Affairs. The purpose of the program is to help all new students in their adjustment to Scripps and in their transition to college life. Every new student is assigned a peer mentor who is trained to be a resource, mentor, and friend. Peer mentors are continuing students who are selected for their maturity, experience, and enthusiasm. Peer mentors are hired each spring semester by the Office of Student Engagement and attend an intensive training program prior to New Student Orientation. Each peer mentor serves on a team that is led by a peer mentor team leader.

**Fitness, Health, and Wellness**
Sallie Tiernan Field House
The Sallie Tiernan Field House (TFH) strives to provide high-quality services, equipment, and programming in a safe and enjoyable environment. The student-centered staff promotes a broad variety of fitness, health, and wellness educational activities to meet the needs of the diverse population of the Scripps community. We are committed to fostering a lifetime appreciation of being fit and embracing a healthy lifestyle, which significantly impacts overall student success and well-being.

Completed in 2008, the field house is a state-of-the-art, 24,000-square-foot facility with three multipurpose studios, a cardiovascular workout space, weight room, functional fitness workout spaces, stretching porch, classroom/meeting spaces, and kitchen. The facility also includes a 25-meter swimming pool, a sand volleyball court, and a multi-use recreational field, Alumnae Field. The Tiernan Field House offers space for workshops, fitness, health education, and drop-in users, such as for yoga, martial arts, aerobic workouts, cardio-kickboxing, Pilates, and dance.

Scripps, Harvey Mudd, and Claremont McKenna students have access to the field house, Alumnae Field, and pool with their valid 5C college ID. Please visit the Tiernan Field House website for the current building hours.

In addition, the Tiernan Field House provides many programs and services for Scripps students to address their needs from a holistic wellness perspective, such as FitScripps programs, health and wellness programs, certification courses, and other resources.

The FitScripps programs are non-credit group fitness classes and fitness center orientation sessions. More specifically, these include fitness for beginners, HIITFit, indoor cycling, kickboxing, Bosu® Total Body, FitCore, circuit training, TRX® suspension training, yoga, Pilates, FitWalk/Run, and Zumba®. Classes are open and free to Scripps students. Signup is not required, but classes have limits on the numbers of participants and are available on a first-come, first-served basis.

The health and wellness programs are student-led programs developed and facilitated by Peer Health Educators, who are trained to national standards. They provide workshops, seminars, and interactive events to address health issues on campus, including nutrition, alcohol use, body image, stress, sexual health, and physical activity. We offer individual wellness consultations from a Certified Health Education Specialist. We collaborate with student groups, staff, and faculty on campus to provide accurate and comprehensive health and wellness information to complement the fitness services at Tiernan Field House.

Fostering a learning environment that is supported by national standards and curricula, the Tiernan Field House provides certification courses through the American Red Cross for Lifeguarding, CPR, AED and first aid, Peer Health Educator training following BACCHUS curricula (National Association of Student Personnel Administrators), and preparatory certification through the American Council on Exercise for personal training.
The field house offers many other resources for Scripps students, including personal trainers, who provide individual consultations, assessments, and fitness programs; a Green Bike program, which provides day rental bikes and a semester bike loan program and workshops; and fitness and recreational equipment for check-out.

The women’s teams (the Athenas) and the men’s teams (the Stags) are headquartered at the soon-to-open Roberts Pavilion on the CMC campus. All teams are members of the Southern California Intercollegiate Athletic Conference (SCIAC). The highly successful Athenas athletic program includes softball, water polo, basketball, volleyball, soccer, cross-country, swimming and diving, track and field, tennis, and lacrosse. The CMS Fitness Center (a joint facility for Scripps, HMC, and CMC) is open each day and is available for student use as a temporary location while the Roberts Pavilion is being constructed.

The fitness center houses numerous treadmills, upright and reclining bicycles, stair machines, and a circuit workout. To use Wells Fitness Center, students must complete an orientation session. Upon completion of this session, a student’s ID card will be activated to use the center (which has a card key lock).

Axelrood Pool is located next to Roberts Pavilion and is usually open weekdays for workouts with a lifeguard on duty. Pool hours are posted. This pool is primarily used for team practices and swimming meets/water polo games.

The track is located behind CMC’s Roberts Pavilion. Practice fields are available only on a prearranged basis.

Students may use these facilities only when classes or team practices are not in session. Scripps, CMC, HMC, and CGU students must pay $60 per semester, $100 for two semesters, or $135 for an annual membership (available only at the beginning of the school year) for use of Rains Center. Pomona’s Haldeman Pool is east of the football field on Sixth Street. Hours are posted at the pool.

**Other Fitness Resources**

**Tennis Courts:** CMC has six courts, located north of Roberts Pavilion on the east side of Mills Avenue. During the second semester, there are 12 courts available at the Biszantz Family Tennis Center, located south of Sixth Street. These courts are available to students only during those hours when classes or tennis team practice/matches are not being held. Pomona College has four tennis courts at Sixth Street and Mills Avenue and five courts on the south end of campus that border First Street.

**Track:** A track is located next to the Rains Center at Pomona. It is open at all times, seven days a week. Each school’s respective track teams have first priority. Please use outside lanes for jogging.

**Dining**

**Dining Services at Malott Commons, ext. 72977**

Malott Commons provides a single location for food preparation and dining and unifies student activities and services, as it houses the Motley Coffeehouse, Career Planning & Resources, Mail Services Center, Laspa Center, Scripps Store, and Student Union. Additionally, the Hampton Room provides an expanded campus “living room and dining room” for distinctive programs and events.

Malott Commons offers dining services that include non-vegetarian, vegetarian, and vegan options. Dining Services makes accommodations for special dietary needs, special functions, and pack-outs for events such as camping trips. Pack-outs for personal student groups need prior approval and may not be provided during special weekends, such as Commencement Weekend. Students may also eat in any of the
dining rooms on the five Claremont College campuses.

All students residing in the residence halls are required to subscribe to a meal plan. Scripps offers two meal plan choices: 16 meals with $160 Board Plus dollars per semester or 12 meals with $120 Board Plus dollars per semester. Students and their guests may use their Board Plus dollars at the following retail locations: the Hub at CMC, the Coop at Pomona, Jay’s Place at HMC, the Motley Coffeehouse at Scripps, and the Grove House at Pitzer. Board Plus dollars are allotted at the beginning of each semester but do not carry over from semester to semester.

**Off-campus student and guest meal prices** are available for any dining hall. Board-plan students can use their Claremont Cash or Board Plus dollars to pay for their guest’s meal, or the student can purchase a Claremont Cash Card (declining balance account) from the Connection (Honnold Library, First Floor South) for their guest. A Claremont Cash deposit can be made at the Connection or online at [https://cards.cuc.claremont.edu/](https://cards.cuc.claremont.edu/).

With the Claremont Cash Card, each meal is assigned a dollar value (see below for exact prices). This dollar value will be deducted from the account balance according to what meal is consumed. At the end of the academic year, Claremont Cash is retained for the following year, but any unused Board Plus dollar balance will be forfeited. There are NO REFUNDS OR CARRYOVERS ON BOARD PLUS DOLLARS (also called flex). The meal prices are as follows:

**Meal Cards:** Students receive their permanent identification cards at the beginning of the first semester at Scripps. These ID cards also serve as a meal card. ID cards are required to gain entry into all dining halls, including those on the other campuses. When a student enters a dining room, the student’s card is run through a computer that keeps a record of how many meals the student has eaten that week. Every Sunday morning, the computer is reprogrammed to start the count again. Students are not permitted to eat the same meal twice.

**Dining Hall Hours:** Hours are posted in the dining halls and are subject to change. Shoes and shirts are required in all of the dining halls.

**Food Shops at The Claremont Colleges**

**The Coop Fountain** is a student-run food service located at the Smith Campus Center at Pomona College, offering such favorites as burgers, sandwiches, salads, snack items, and the thickest hand-packed milkshakes in town. The Coop accepts cash, Claremont Cash, and flex.
The **Coop Store** is a student-run store, located in the Smith Campus Center at Pomona College, offering Pomona logo items and Sagehen sportswear. The store offers a wide variety of food and snack items, school supplies, and sundries. Other services at the Coop Store include Claremont Cash deposits and low-cost photocopying. The **Grove House** is a turn-of-the-century farmhouse on the Pitzer campus. It serves healthy, natural, and homemade foods and houses a student gallery and the Women’s Center.

The **Hub** on the Claremont McKenna campus serves snack food and has video games, pool tables, a big-screen TV, and Internet access and entertainment. The Hub accepts cash and flex.

It is a nonprofit, non-partisan organization collectively run by students. The Motley provides quality coffee and food using products that come from sustainable and socially responsible sources. A fun space to study, hang out, and let loose, the Motley offers live music every Sunday and Thursday, as well as many great events. Be sure to check out the [website](#).

The **Sagehen Café**, located in the Smith Campus Center at Pomona College, is a full-service, sit-down café offering homemade soups, fresh salads, sandwiches, and pastas. Sagehen Café also has a full-service coffee bar brewing Peets coffee and espresso drinks. Cash, Visa, MasterCard, Claremont Cash, and flex are gladly accepted. Catering is also available.

**Hagelbarger’s** is located in McManus Hall at Claremont Graduate University and offers a breakfast menu in addition to a short-order grill.

**Honnold Café**, located inside the Honnold Mudd Library’s south entrance, provides students with a warm, relaxing environment in which to enjoy gourmet coffee, lattes, and espresso-based beverages, as well as delicious sandwiches, hot food, pastries, wraps, two daily soups, salads, and a wide assortment of cold beverages. We are open for your morning, afternoon, and late-night study sessions, seven days a week. Honnold Café accepts cash and flex.

**Scripps Mail Center**
The Mail Center is open Monday through Friday, 8 am to 5 pm. The Mail Center receives inter-campus mail, U.S. mail, FedEx, UPS, and any other messenger service. Students may send inter-campus mail to students, faculty, and staff of The Claremont Colleges and stamped U.S. and international mail under 13 oz. through the Mail Center. Inter-campus mail is delivered free of charge and should be addressed with the following information: “Campus Mail” written in the upper-right-hand corner of the envelope and the recipient’s name, box number or department, and the college. Postage is not available to purchase in the Mail Center, but CUC Connection at Honnold Library sells postage and packaging supplies and is able to accept mail or packages over 13 oz. or any prepaid UPS or FedEx Ground packages. If you have an Amazon return, do not schedule a pickup in the Mail Center; print the label and take it to Connection.

All students, faculty, and staff have 24-hour access to the Mail Center during the school year. After hours, students, faculty, and staff may access the Mail Center with their ID card. If your ID card does not open the door after hours, please inform the Facilities department, as it is not controlled by the Mail Center. All enrolled students, including off-campus students, have personal mailboxes in the Mail Center, located in Seal Court. U.S. and campus mail is delivered daily, Monday through Friday, to individual student mailboxes. Student paychecks are also distributed into individual student mailboxes. If a student does not receive a check, the student should check with the immediate supervisor and not with the Mail Center staff. If a student wishes to have a paycheck sent home, the student may leave a self-addressed, stamped envelope with the Mail Center staff.

Students are issued a mailbox and given the combination. It is the student’s responsibility to open the mailbox using the combination, as the Mail Center staff will not open it for you. If you have lost your combination, you can retrieve it from the student portal. If you need assistance, instructions are posted on the wall above the mailboxes, or you can speak to a Mail Center clerk.

When packages arrive, the Mail Center notifies students by email, or by text if they sign up for that service. Students must present photo identification in order to retrieve a package. Packages can be picked up during business hours and should be retrieved within 24 hours of notification, if possible, due to limited storage space. If you are unable to pick up your package personally, reply to the package notification email with the name of a student you authorize to pick up your package and they can come with their own ID to pick up your package. Scripps College is not responsible for forwarding or returning packages to students who have left the College for off-campus study, for vacation, or permanently. When perishables are delivered, students are notified by email or text to retrieve the delivery.

Students must notify the Registrar’s Office immediately if any on- or off-campus address changes occur. During summer break, ONLY first-class mail is forwarded to a student’s home address; this does not include magazines. Magazines and newspapers are too bulky and cannot be held in the Mail Center. You should make arrangements with the company to have subscriptions forwarded to your home. During winter and spring break, only first-class mail is held until the student’s return.
Many packages are unable to be forwarded. During breaks or after you graduate, be certain to double-check your selected shipping address, because we may only be able to refuse the shipment or you may have to contact the company for return labels to be issued to us for return.

The Mail Services Center has a fax machine available to students. The cost of using the fax machine is $1 per page, paid in cash at the time of service. The Mail Center is not able to send international faxes. You may receive a fax up to three pages without charge; more than three pages is $1 per page.

**Scripps Store**

Scripps Store is a nonprofit student-run business that provides collegiate merchandise to the Scripps College community, including students, parents, faculty, staff, trustees, and alumnae. The goal is to enhance the community’s sense of school pride and unity through the sale of merchandise. Merchandise selection occurs through student input and customer feedback, in order to meet the needs of the entire community. Similar to the Motley Coffeehouse, the student managers and employees have the opportunity to experience the challenges and successes of running a small business. The store offers a wide range of merchandise, from T-shirts and sweatshirts to other gift items. Visit the store online at [store.scrippscollege.edu](http://store.scrippscollege.edu).

Several of Denison’s special collections have been digitized. To access these digital resources, to search the Library Catalog for print collections, and to explore the online resources available through the library, visit Denison’s website.

**Information Technology**

Scripps College has a combination of presentation classrooms and student and residential computer labs to facilitate the use of technology on campus. The Local Area Network (LAN) supports a wide variety of software and Internet applications to
be used for educational purposes and to carry out the legitimate business of the College. In addition to online help guides provided on the Scripps website, students also have access to https://www.linkedin.com/learning/ with a vast online library of instructional videos.

Students using the Scripps computing resources or any other Claremont or Internet resource must do so in a manner consistent with the Code of Conduct (found in this Guide to Student Life) and also be aware of the appropriate use guidelines that apply specifically to the computer network. These rules specify what types of access are allowed, priorities on lab systems, inappropriate behavior on the network, and other specific regulations that govern appropriate use of the College resources. Current information on the appropriate use guidelines and other policies for the Scripps network are posted in the student lab and on the Scripps website. Failure to comply with any of the guidelines may be both a criminal and a civil offense.

Asian American Student Union (AASU)
The Asian American Student Union (AASU) is an organization for self-identified Asian American (encompassing East, Southeast, South Asian, Middle Eastern, and Mixed Race populations), Pacific Islander, and Alaskan Native students at Scripps College. AASU seeks to strengthen the Asian Pacific Islander American (APIA) communities on campus and at the other Claremont Colleges by providing a safe space for our members to explore issues of race, class, gender, sexuality, and nationality. Our internal programming encourages our members to develop closer relationships with each other and offers the unique opportunity to learn from their peers. The office works in coalition with Asian American organizations on the other campuses on social and political programs to build a wider, more inclusive Asian American community. It also works in partnership with the Intercollegiate Department of Asian American Studies to better fit the Asian American Studies curriculum to student needs. We hope to love, encourage, support, and politicize our membership. In looking forward, we also hope to develop closer and more productive relationships with other students of color on Scripps' campus. We see this emphasis on collaboration as a manifestation of our
collective political commitment to cross-race, cross-ethnic struggles.

**Café con Leche**

We welcome all members of the Scripps community, regardless of racial and cultural heritage, to join us in our pursuits.

As such, we shall strive to champion the rights of disenfranchised students regardless of race, creed, or color. We shall strive to foster empowerment of students of African descent by encouraging our members to be active, engaged members of the Scripps College, 5C, and greater local, national, and international communities while maintaining academic excellence.

**Online Communities**

Students are encouraged to apply the Scripps Principles of Community to the world of online communities, chat rooms, online journals, blogs, and other postings to the Web. The Internet provides both individual and public access to a wealth of information. It is a powerful resource to be used with creativity as well as caution. The following important information is offered to assist students in making the right choice about whether (or NOT) to post and when to post personal information about themselves or others online.

**I. There Is No Privacy on the Web**

Students sometimes mistakenly believe that they can achieve some level of privacy on the Web. They join online communities and chat rooms or simply post their thoughts on websites that are password protected or have limited membership, or perhaps open membership. Students sometimes think that using a nickname or pseudonym renders them anonymous, but true privacy or anonymity does not exist. Even an assumed name is no protection, especially when accompanied by a photograph or other personal information.

It is not uncommon for an outraged peer, parent, or other member of the community to report what they see on the Web to a College official when it is offensive or presents an inappropriate or inaccurate portrayal of an individual, an organization, or some aspect of Scripps College. In addition, what is on the Web can be used as a means to cause harm or embarrassment to another person.

**II. Employers and Graduate Schools Actively Search Candidates’ Profiles**

Employers and graduate schools are concerned about selecting the right individual for a job or program. They seek mature individuals who will represent them well. In a highly competitive market, employers and graduate schools are looking for ways to distinguish candidates from one another. Most often, they have received a large stack of well-written resumes and applications from candidates with compelling academic records and references.
There has been an increase in the number of employers and graduate schools that search the Internet for information on some or all of their applicants, including having a member of their staff join various online communities. Some employers have even hired current students for the purpose of mining information about applicants from online college communities. Employers and schools are not obligated to tell you they are looking you up online. A student may be a finalist for an internship, scholarship, job, graduate program, or fellowship and may be eliminated before the interview phase because of her online postings and profile.

III. Caching = Catching
Caching is when you post something on the Internet and subsequently take it down, and yet it remains accessible nonetheless. While Google, for example, has a mechanism for removing items, it is not an easy process. Remember, cached material is caught material. Don’t be “caught” by one mistake in judgment. Think twice about what you post about yourself and others.

IV. Make Personal Safety a Priority
As we all know, predators use the Internet to find unsuspecting victims. Unfortunately, this threat continues, and predators come in all ages and from all socioeconomic classes. Some may be enrolled at, or employed by, colleges and universities, and they have access to an “.edu” address.

Standards of Conduct and Judicial Hearing System

Standards of Conduct
1.00 General Policy Statements
1.10 Statement of Rights and Responsibilities
Students, faculty, and administrative officials at Scripps College, as members of the academic community, fulfill a purpose and a responsibility. The purpose is the humane and critical examination of a wide range of issues and ideas that confront society as a whole. The responsibility is to understand the spectrum of viewpoints on an issue, and equally, to be actively involved in the solution of the problems.

The College must, therefore, provide an optimal learning environment, and all members of the College community have a responsibility to provide and maintain an atmosphere of free inquiry and expression. The relationship of the individual to this community involves these principles:

• The fundamental human rights of others;
• The rights of others based upon the nature of the educational process; and;
• The rights of the institution.

Each member of the campus has the right to organize and maintain her own personal life and behavior as long as it does not violate the law or agreements.
voluntarily entered into and does not interfere with the rights of others or the educational process.

Each member has the right to identify herself/himself as a member of the campus but has a concurrent obligation not to speak or act on behalf of the institution without authorization. Every member of the academic community shall enjoy the rights of free speech, peaceful assembly, and the right of petition.

1.20 Statement on Academic Freedom
(Taken from the Scripps College Catalog)
Scripps College affirms the American Association of University Professors “Statement on Academic Freedom,” a portion of which follows:

The purpose of this statement is to promote public understanding and support of academic freedom and tenure and agreement upon procedures to assure them in colleges and universities. Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole. The common good depends upon the free search for truth and its free exposition. Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.

A copy of the complete statement is available for perusal in the Dean of the Faculty’s Office, and any questions may be directed there.

1.30 Statement on Co-curricular Involvement
As members of the academic community, students bring a variety of interests to the campus. They shall be free to organize and join campus associations to promote their common interests.

- Freedom of Inquiry and Expression
- Student Participation in Student Governments
- Student Publications
- Freedom of Association

2.00 General Judicial Principles
Students are expected to make themselves aware of and abide by the Scripps College community standards of behavior as articulated in the Scripps College Code of Conduct and related policy statements. Students accept the rights and responsibilities of membership in the Scripps community when they are admitted to the College; ignorance is not an acceptable justification for violating community standards. Lack of intent or awareness of college standards will normally receive the same consequences as deliberate violations. Because the functions of a college depend upon honesty and integrity among its members, the College expects a higher standard of conduct than the minimum required to avoid disciplinary action. Likewise, while many of the College’s standards of conduct parallel the laws of society in general, The College’s standards also may be set higher and more stringently than those found elsewhere in society.

2.10 The Relationship of Discipline to the Purpose of the College
Scripps College is primarily an academic community. As such, the College seeks to maintain an optimal learning environment. To achieve this objective, the College exercises certain disciplinary and discretionary powers. It protects its
educational environment by establishing and maintaining standards of conduct for its students as individuals and as groups. These standards reflect the very nature of an academic residential community and the need to preserve an effective educational environment.

2.20 Conditions for a Hearing

Definition of a Student is one who:

• is currently enrolled in classes;
• has completed the preceding semester and/or is enrolled for the next scheduled semester;
• is officially representing the College during a period between regular academic semesters; or
• is not officially enrolled for a particular semester but has a continuing relationship with the College.

Definition of Student Organizations

An organization is a group that has satisfied the administrative procedures for organization recognition and/or registration as prescribed, and that functions within the College community in the capacity of a student organization.

Timeliness of Filing a Report

A matter will be reviewed only when a report has been filed within one year of the discovery of the alleged violation unless a specific policy indicates a different time frame in which an incident may be reviewed (e.g. the Scripps Policies and Procedures regarding Sexual Harassment and Sexual Assault).

Jurisdiction of the Hearing System

Generally the College’s jurisdiction and discipline shall be limited to conduct that occurs on college premises or within The Claremont Colleges community, is associated with college sponsored or related activities, or adversely affects the College community and/or the pursuit of its objectives.

Status of a Student Pending a Judicial Hearing

Normally an accused student retains all privileges at the College and disciplinary sanctions are not initiated until completion of an initial hearing or an appeal. However, interim action may be initiated by the Title IX Coordinator, Dean of Students, or her designee, whenever there is evidence that a student or organization poses a substantial threat to the safety or well-being of members, to property of the College community or poses a continuing threat of disruption or interference to normal college life or functions.

3.00 Student Records and the Family Educational Rights and Privacy Act (FERPA)

3.10 Directory Information

Scripps College may release or publish general information about students called “directory information” without prior student consent if, after this notice of the category of such information, students do not notify the College of their objections. To restrict release for publication, a student must submit written notification to the Registrar’s Office by the deadline to add courses specifying the information she does not wish to be released or published. Students should carefully consider restricting directory information as such
restrictions could affect verifications of enrollment, degrees, and majors requested by prospective employers and others. Restriction of the information could become detrimental to the best interests of the student. The following categories of information about students are directory information under the Family Education Rights and Privacy Act and may be released or published in appropriate publications.

Name
**Campus Address:** Scripps mailbox would be released as the mailing address.

**Campus Email Address:** Scripps College email address

**Dates of attendance and enrollment status** (full-time or part-time)

**Classification** (first-year, sophomore, and so forth)

**Majors and/or Minors**

**Degrees, Certificates, Honors and Awards Received (including Dean’s List)**

**Date of Birth**

**Photo**

**Previous academic institutions attended**

**Activities and sports including height and weight of athletic team members**

Permanent address and telephone numbers are not included in “directory information.”

The College, normally through the Dean of Students, reserves the right to disclose non-directory information if it determines that the information is necessary to protect the health or safety of the student or of other individuals.

### 3 Student Rights under the Act

The Family Educational Rights and Privacy Act of 1974 (FERPA) as amended requires education institutions to notify their students each year of their rights afforded by the act. The following is a statement of those rights. The amended act provides for access by former and present Scripps students to their educational records for inspection and review. The term “educational records” is defined by the Act to include those records directly related to a student and maintained by the college or by a party acting for the college. At Scripps, the primary educational record contains the permanent academic record and is maintained by the registrar. It includes each student’s transcripts, application materials (including confidential statements whose access has been waived by the student or made prior to January 1, 1975), petitions, leaves of absence or withdrawal forms, and other documents related to her matriculation. To inspect and review her academic record, a student must make a written request to the registrar. The registrar will inspect the file for any records not open to student inspection (i.e., confidential statements) and arrange a time when the student may see her file. The time between the student’s request and the registrar’s notification will be no longer than 15 business days. The files are to be read in the Registrar’s Office unless a student is not within commuting distance.
of the College, in which case the student may request copies of specific documents she wishes to see. A copy of an education record otherwise subject to review may be refused if a “hold” for non-payment of financial obligations to the College exits. No copies of original documents, or of source documents, which originate from and exist elsewhere, including any high school transcripts or transcripts from other academic institutions, will be made. The College asks the student to bear the cost of such copies, as determined by the registrar.

Educational records not open to student inspection include:

- Parents’ financial statements;
- Confidential letters and recommendations written before January 1, 1975 or access waived by the student;
- “ancillary records” not maintained as the official records of the College such as faculty files;
- Law enforcement records that are confidential and used only for the purpose of law enforcement; and
- Recognized professionals or paraprofessionals records. A student may, however, request that a doctor of choice have access to the student’s medical records. Students may waive any of their rights by submitting a written and signed waiver to the registrar. A waiver may be made concerning:
  - Types of educational records,
  - Types of persons or institutions, or if the person is a student or a prospective student, confidential letters and statements of recommendations concerning admission, application for employment, or receipt of honorary awards that are placed in the person’s education record after January 1, 1975.
  - A student may request notification of the names of all individuals providing a confidential letter or statement of recommendation. If a student decides to revoke a waiver, it must be submitted in writing to the registrar, but revocation of waivers of confidential recommendations may not be retroactive. In addition to the student, certain specific people may have access to a student’s file. These people are:
    - Individuals or organizations that have the written permission of the student concerned;
    - An individual employed at Scripps or at another of The Claremont Colleges in an administrative, supervisory, faculty, or support staff position who has a legitimate educational interest. Students may be assured that such access will be held in strictest confidence by the College and that no one will have access to a student’s medical records;
    - Students serving on some College committees;
    - Individuals or organizations with which Scripps College contracts for specific services related to the legitimate educational interest of students, including the National Student Clearinghouse;
    - Appropriate employees of colleges or universities to which students apply to enroll;
    - Employees of government and educational agencies who have legal rights
of access; and
- In compliance with a legal subpoena.

For release of non-directory information to others, students must submit a written consent for release of specific records to the registrar. Such a written statement must note the date of the release, what records are to be released, to whom the records are to be released, the duration of the release, when the record is to be released, and the reason for release. No copies of original documents, or of source documents, which originate from and exist elsewhere, including any high school transcripts or transcripts from other academic institutions, will be made. The registrar will provide such students with copies of the records released if they are requested and if the student will bear the cost of making those copies.

**Hearing Procedures**

Student inquiries as to the meaning or accuracy of their educational records should be directed to the registrar. If a student believes any portion of her permanent academic record is inaccurate, misleading, or in violation of the student’s rights under the act, the student will discuss it with the registrar, who will consult with the dean of the faculty and the Dean of Students. If the deans and the registrar find the file to be inaccurate, the registrar will amend the file. If not, the deans will ask the registrar to inform the student of the College’s belief in its accuracy and of the student’s right to an academic hearing.

All requests for a hearing shall be made in writing to the dean of the faculty who will notify the chair of the Augmented Committee on Academic Review (CAR). The chair will convene a hearing committee consisting of members of the Augmented CAR and include at least one faculty member, one administrator, and one student. The chair will also inform the student of the date, place, and time of the hearing. At the hearing, the student may present evidence relevant to the issues and may be assisted or represented by persons of choice, including an attorney. The hearing committee will prepare a written report of its decision including a summary of the evidence and the reasons for its decision and present it to the student within a reasonable time after the hearing. If the file is found to be inaccurate, the report will instruct the registrar to amend the file. If the file is found to be accurate, the report will include a notice to the student of the right to submit a statement of objection to the registrar for inclusion in the student’s permanent academic record. Thereafter, such a statement will be released whenever the records in question are released. Copies of the report will be sent to the dean of the faculty, the president, and the registrar.

The decision of the hearing committee is final. The student may appeal to the president should the student feel that any part of the hearing procedure was unfair or that the procedure or the decision are not in keeping with the provisions of the act.

**3.30 Student Records**

Confidential Personal/Conduct Records: The Dean of Students Office is responsible for maintaining files that contain background information and official
documents relating to information about a student gained in confidence or in an advising/counseling capacity by a dean or director. The files also contain information relating to alleged student misconduct, judicial proceedings, and student grievances. Information contained within the files is divulged on a strict “need-to-know” basis. In cases where the welfare of the student may be in jeopardy, such information may be conveyed to faculty or professional people (e.g., Monsour Counseling and Psychological Services or Student Health Services) for whom disclosure of such information is necessary or appropriate. Such information, normally, will not be provided without written consent of the student involved except in response to a legal subpoena. The dean of the faculty, Dean of Students, and their administrative staffs have access to the files for the purpose of conducting necessary investigation of charges, administering disciplinary actions, and maintaining institutional records.

Information regarding a decision from a judicial hearing where the student was found responsible for a violation of college standards by any judicial process will be maintained in the student’s personal/conduct file for two years after the completion of the degree or separation from the College. However, disciplinary sanctions involving probation, suspension, expulsion, or revocation of admission or degree will additionally result in permanent notification to the student’s academic record.

**Educational Records:** The Family Educational Rights and Privacy Act of 1974 gives college students, at their request, the opportunity to inspect their education records in the Registrar’s Office and assures them that information in these records is available only to certain authorized individuals within the College and to no one else without specific prior written student consent. Access to these files is guided by the Act (see Section 3.20).

The permanent academic file of a student, retained in the Registrar’s Office, contains the admission folder and the educational folder. These academic files are accessible only to administrators and faculty at Scripps and the other Claremont Colleges who have a legitimate educational interest, in response to a legal subpoena, or with written consent of the student. Typical uses are for academic advising, reference letters, and the collection of statistics.

**Scripps College Rights to Students Records:** Student personal/conduct and educational records are not considered the property of the individual student but are the working records of the College. Except for academic records, which are kept on microfilm or electronic imaging indefinitely, the College reserves the right to destroy student records.

It is the policy of Scripps College to comply fully with the Family Educational Rights and Privacy Act of 1974, as amended from time to time, and the regulations interpreting it, as well as with applicable state laws. To the extent that this statement or any statement of the College does not accurately reflect such laws, they shall not be deemed to be a statement of College policy.

### 4.1 Scripps College Code of Conduct and Non-Academic Policies and Procedures
4.2 Code of Conduct
In an attempt to maintain a cooperative and harmonious environment, it is important to establish a basic understanding of all the obligations and responsibilities of every member of the Scripps community. Therefore, students must abide by all Scripps and Claremont College policies.

4.3 Advertising, Publicity, and Solicitation Policy
All publicity must be in accordance with the policies of The Claremont Colleges (see respective student handbooks). For any event advertised on the Scripps campus, the following guidelines apply:

- Before it is copied, the original poster must be brought to OSE, Dean of Students Office, or the Humanities Institute Office for approval. Flyers without an approval stamp will be removed (exception: residential life flyers). Flyers must state the name(s) of the sponsoring organizations/people, a contact name, and an email address. Advertising may contain no explicit or implicit reference to alcohol or other drugs, and language should be inclusive to the wide array of interests and backgrounds in the Scripps community.
- Flyers may be placed on bulletin boards only (one poster per event per bulletin board/posting location). Flyers are not permitted on the Elizabeth Monroe Wood Memorial Steps (unless exception is granted through OSE) or public-area windows, doors, and walls on campus. Entry doors to the residence halls are reserved for residential life staff flyers only. Flyers taped to the ground are prohibited.
- Only blue masking tape is permitted.
- Chalk writings are prohibited.
- Flyers other than event publicity (e.g., available housing, services, or goods) or commercial offers and other solicitation from non-Claremont Colleges sources must be approved through the Dean of Students Office prior to posting.

For publicity guidelines pertaining to elections, see the Election Guidelines in the “Campus Governance” section.

4.4 Animal Policy
The keeping of animals, other than fish or birds that can humanely fit in a contained enclosure no larger than 10 gallons within the student’s room, is prohibited. If a student is found to have an animal, the student is charged $100 and must remove the animal immediately. Failure to remove the animal will result in a $25-per-day additional fine. Additionally, the student is charged for any damages caused by the animal or any services required to remove the animal. If the animal is not removed immediately, further and more serious disciplinary action will result. Students who wish to have a bird must submit a petition to the associate dean of students and SAS for approval.

4.5 The Claremont Colleges Policy on AIDS
The Claremont Colleges do not discriminate on the grounds that a student has or is suspected to have AIDS, ARC, HIV, or a positive HTLV-III antibody test. This policy applies to the admission process, academic life, and co-curricular life, including access to dining halls, athletic and recreational facilities, student centers, and living arrangements. Claremont College students can get tested for HIV at Student Health Services and Health Education Outreach. Additionally, The Claremont Colleges offer medical and counseling assistance on HIV/AIDS at Student Health Services and the Monsour Counseling and Psychological Services. Please contact the Dean of Students Office for further information and counsel regarding questions pertaining to HIV/AIDS.

4.6 Alcohol and Drug Policy

General Statement: The College places the responsibility for observing state law upon each individual and expects each student to govern herself with standards of good taste and ethical judgment common to educated persons. The College does not condone violation of the state law concerning the use of alcoholic beverages, nor does it condone the use of alcoholic beverages under any circumstances when such use impairs personal conduct, health, academic achievement, or the interests of the Scripps community. Kegs are not permitted on campus unless pre-approved by OSE (see 4.18).

Scripps’ Program Relating to the Prevention of Illegal Possession, Use, and Distribution of Drugs and Alcohol by Students

I. The Program

A. The program sets standards of conduct prohibiting all students from unlawfully possessing, manufacturing, using, or distributing drugs and alcohol on college property or at any activities of the College. In addition, this program is designed to address and eliminate occurrences of binge drinking (five or more drinks at a sitting for men and four or more drinks at a sitting for women) and its consequences.

B. The program imposes disciplinary penalties or educational interventions on a student in the event of a violation of these standards of conduct. The College is also cognizant of the fact that alcohol or drug use may create health consequences that require immediate medical attention and, in recognition thereof, has adopted a Safety First/Medical Amnesty Policy. This program will be implemented consistent with and in conjunction with the Safety First/Medical Amnesty Policy (see section V). The determination of whether there has been a violation will be made in accordance with the College’s procedures applicable to student discipline. When students visit another Claremont College, they are responsible for observing the regulations of both that college and Scripps.

1. Interventions will be of varying degrees of severity and may include warnings, attendance in a substance abuse program, substance probation, community service, loss of residential privileges (temporary or
permanent), suspension, expulsion, and referral to governmental authorities for prosecution.

2. The appropriate penalty shall be determined by taking into consideration all relevant circumstances, and particular penalties will not be associated with any particular violation.

C. Annually, the College will distribute via email the link to the Guide to Student Life to each student, and details regarding the program and policy will be discussed during hall meetings.

II. Local, State, and Federal Sanctions

Some local, state, and federal laws establish severe penalties for the unlawful possession or distribution of illicit drugs and alcohol. These sanctions, upon conviction, range from a fine and probation to lengthy imprisonment. The following are lists of topics covered by these laws and the websites where more details can be found.

III. Health Risk Associated with the Use of Illicit Drugs and the Abuse of Alcohol
   A. The use of any mind- or mood-altering substance, including alcohol, can lead to psychological dependence, which is defined as a need or craving for the substance and feelings of restlessness, tension, or anxiety when the substance is not used. In addition, with many substances, use can lead to physical tolerance, characterized by the need for increasing amounts of the substance to achieve the same effect and/or physical dependence, characterized by the onset of unpleasant or painful physiological symptoms when the substance is no longer being used. As tolerance and psychological or physical dependence develop, judgment becomes impaired and people often do not realize that they are losing control over the use of the substance and that they need help.
   B. Alcohol acts as a depressant to the central nervous system and can cause serious short- and long-term damage. Short-term effects include nausea, vomiting, and ulcers; more chronic abuse can lead to brain, liver, kidney, and heart damage and even eventual death. Ingesting a large amount of alcohol at one time (five or more drinks at a sitting for men, and four or more drinks at a sitting for women) can lead to alcohol poisoning, coma, and death. Drugs such as LSD, amphetamines, marijuana, cocaine, and alcohol alter emotions, cognition, perception, physiology, and behavior in a variety of ways. In particular, alcohol and/or drug use inhibits motor control, reaction time, and judgment, impairing driving ability. Abuse of alcohol and/or drugs during pregnancy increases the risk of birth defects, spontaneous abortion, and still birth.
Safety First/Medical Amnesty Policy
The health and safety of students is of primary importance. As socially responsible members of the Scripps College community, students share the responsibility for the welfare of fellow students. Students are asked to encourage moderate and responsible behavior and to help seek medical treatment when there is danger of alcohol poisoning, an alcohol-related injury, or another health situation related to the ingestion of a controlled substance (an “Alcohol or Drug-Related Medical Emergency”). An Alcohol or Drug-Related Medical Emergency is first considered a health issue; therefore, the primary College response is a medical one.

Because an Alcohol or Drug-Related Medical Emergency may be life-threatening, and in order to reduce impediments to seeking help in a medical emergency, Scripps College has adopted a policy of Safety First/Medical Amnesty in which no (I) student seeking or receiving medical treatment from a medical professional or (II) student or organization assisting another student in obtaining medical treatment from a medical professional will be subject to a proceeding under Section 6.30 of the Guide to Student Life for (I) the possession, use, or distribution of alcohol or (II) the possession or use of an illegal drug. (This policy does not preclude disciplinary action regarding violations of other Scripps College standards, such as violence, sexual harassment, or the distribution of illegal drugs, nor does it prevent action by local and state authorities for violations of applicable laws.)

Consistent with putting a student’s health first, the College will approach an Alcohol or Drug-Related Medical Emergency as a health risk, and may require
- follow-up such as meeting with a member of the Dean of Students staff, and/or
- referral to and completion of alcohol or drug education/counseling.
If serious injury has occurred or if there are repeated incidents, possible notification of parents or guardians may also result. Failure to comply with required follow-up will normally result in disciplinary action.

In case of an emergency, contact Campus Safety and/or the on-call staff member of the office of the Scripps College Dean of Students at (909) 607-2000 and/or the RA on call at (909) 708-7603/4.

The Safety First/Medical Amnesty Policy was drafted by the 2011–2012 Scripps College Alcohol Task Force and adopted on February 27, 2012, by the Scripps College Senior Staff.

IV. Assistance for Alcohol Abuse and/or Drug Use Problems
A. The Claremont Colleges are committed to education and counseling as the primary focus of their substance abuse programs and will provide confidential professional assistance for any students who want it. Students are urged to seek
information and help regarding substance abuse for themselves or their friends. A variety of services, including counseling, educational materials, campus AA meetings, and referrals, are available at the following offices:

- Dean of Students Office
- Health Education Outreach Office
- Monsour Counseling and Psychological Services
- Student Health Services

B. In particular, Health Education Outreach will provide ongoing, student-centered education and prevention programs, including a peer education and training program, health promotional materials, and activities throughout the academic year.

C. To protect students’ privacy, information regarding a student during participation in any related program is treated as confidential.

D. Drug- and Alcohol-Related Infractions at a Glance:

- **First Incident**: Meet with Primary Contact Dean (PCD) + alcohol or marijuana education with assistant director of student health and wellness
- **Second Incident**: Meet with PCD + assigned educational sessions with a substance abuse professional
- **Third Incident**: Meet with PCD + referral for evaluation by substance abuse counselor
- **Fourth Incident**: Behavioral contract + PCD conference call with family

V. Standard of Conduct Governing Alcoholic Beverages and Drugs

A. The state of California prohibits the use, possession, and purchase of alcohol by individuals under the age of 21 and the use of alcohol in public by all people, regardless of age. The alcoholic beverages rules for Scripps College are required by law to be consistent with the California alcoholic beverage laws. The following standards of conduct will govern the use of alcohol on the Scripps campus and at Scripps-sponsored events off campus. Any student transported or assessed by emergency medical staff for alcohol or other drug-related reasons will be required to meet with the assistant director of student health and wellness. The purpose of the meeting is to help the student gain insight into their experience, become aware of any patterns of behavior, identify risks associated with alcohol and drug abuse, and receive referrals to appropriate services as necessary. Students failing to comply with any policies, sanctions, or verbal instructions from Dean of Students staff members may be subject to judicial action as per section 4.18 (Failure to Comply Policy) of the Scripps College Guide to Student Life.

1. Events involving drinking games and/or promoting binge drinking are specifically forbidden.
2. Alcoholic beverages may not be served on Scripps College property or at any Scripps College event where persons under 21 years of age are present, unless approval has been granted by the Student Activities and Residential Life Office of a plan that assures compliance with the law.
3. Scripps College events are defined as any on-campus event. In addition, those off-campus events that may be identified as being an activity of the college.
College will also be governed by state law and Scripps College standards of conduct.

4. Students under 21 years of age: The laws of the state of California specify that students under the age of 21 may not consume, possess, distribute, or sell alcohol. These regulations apply in all locations and on all occasions.

5. Students over 21 years of age: Students over 21 years of age must obey regulations that apply in the state of California, the city of Claremont, and the College. Possession and/or consumption of alcoholic beverages by those persons 21 years of age or older is permitted in individual student rooms as long as there are 10 or fewer people in the room. Possession and/or consumption of alcoholic beverages is prohibited in the hallways, lavatories, lounges, and other corridors or public areas of the residence hall, including outdoor areas, except when and where expressly authorized in writing by OSE. Events involving alcohol in a space with more than 10 people must be registered with OSE. For more information regarding event registration for events involving alcohol, see 4.18: Event Registration and Facility Use Procedures and Guidelines.

6. Orientation: From the beginning of leadership training for New Student Orientation until 5:00 pm on the Saturday at the end of the first week of classes, no alcoholic beverages may be served or consumed anywhere on campus.

B. Students are responsible for abiding by the California alcohol laws and these Scripps College standards of conduct. Subject to and consistent with the College’s Safety First/Medical Amnesty Policy, failure to abide by the law or standards of conduct will result in educational interventions and/or disciplinary sanctions.

C. Drugs. As to the use of drugs, federal and state laws govern actions by all members of the Scripps College community. As required by law, Scripps College has established policies and rules regarding drugs, including marijuana, that are consistent with the federal and state laws governing possession, use, or distribution of drugs. Marijuana violations at Scripps College are upheld based on the definitions under applicable federal law. Students found with marijuana violations are subject to housing probation and loss of housing privileges.

   1. It is unlawful to manufacture, possess, sell, or use controlled substances. Scripps College prohibits the use, possession, cultivation, sale, transfer, or distribution of illicit drugs on campus. Scripps College recognizes its duty to uphold local, state, and federal laws concerning illicit drugs and is under legal and moral obligations to cooperate with law enforcement officers in the performance of their duties pertaining to prohibited drugs. The College will not provide sanctuary for violators of federal or state drug laws on or off campus. Subject to and consistent with the College’s Safety First/Medical Amnesty Policy, students found to be in violation of the prohibition against illicit drugs are subject to penalties up to and including expulsion.

   2. Education and Prevention: The College will promote educational programs concerning the illegality and dangers of drug use and will
participate actively in the Five-College Alcohol and Drug Education Program. Students are encouraged to use the counseling and medical services provided on a confidential basis at the Monsour Counseling and Psychological Services and Student Health Services when concerned about their own drug use or that of their friends or acquaintances. The Dean of Students and Residential Life staff members serve as advisors and will to refer concerned students to appropriate resources.

4.6 Automobile Registration Policy
Students operating automobiles on campus are expected to observe the vehicle regulations issued by the Department of Campus Safety. Special attention is drawn to the following requirements:

- Every undergraduate student who plans to own or operate an automobile, motorcycle, motor scooter, or motorbike on the campus of The Claremont Colleges shall register at the beginning of the school year or within three days after the vehicle is driven in Claremont. The registration fee is $50.00 per semester for all students.
- Registration and Liability: The student is responsible for displaying the College decal that is to be affixed to the appropriate place on the vehicle as directed by the Department of Campus Safety. At the time of registration, the student must furnish evidence of current liability insurance. The student in whose name a vehicle is registered must be responsible, at all times, for any parking or driving penalties or liability or damage claims arising in connection with the possession or operation of the motor vehicle on campus.
- For temporary use of a vehicle (two weeks or less), the student or guest is obligated to secure a temporary parking permit, free of charge, from the Department of Campus Safety immediately.
- Special Agreement Concerning Motorcycles, Motor Scooters, and Motor Bikes: In addition to vehicle registration, a student desiring to operate and/or park a motorcycle, motor scooter, or motorbike on the campuses of The Claremont Colleges must sign a special agreement indicating that the student will drive only on certain campus streets that are specifically designated by the Department of Campus Safety for access to and exit from the campuses.

4.7 Bicycle Registration and Parking Policy
All bikes that are used, stored, or parked on the Scripps College campus must be registered with the College. Bikes may be registered at the Tiernan Field House. There is no charge for this service, and a sticker will be issued upon completion of the registration form. Please bring your Scripps identification card. Tiernan Field House hours are posted online.

The registration stickers must be visibly placed on the bike at the back of the seat shaft (example: Scripps College Registered Bicycle XXXXXX).
In the event that you wish to transfer your bike to another student or donate your bike to the Tiernan Field House Bike Program, please stop by the field house to make the appropriate arrangements.

Unregistered bikes will have their locks or chains cut, at the owner’s expense, and will be impounded. Impounded bicycles that remain unclaimed for a period of six months or more will be donated to a worthy cause. The College takes no responsibility for damage to or theft of bikes while on campus. Bikes may only be parked in bike sheds and bike racks. It is most important that all handrails and all handicapped access points be kept clear. Any bikes left in locations other than designated areas will be removed at the owner’s expense. Bikes impounded, for any reason, during the six-month grace period maybe recovered by contacting the Maintenance Department.

4.8 Civil Law Enforcement on Campus Policy
Community law enforcement officers have the right and responsibility to react to law violations on the campuses of colleges and universities in the same way and under the same constraints as in other parts of the community. By tradition and present mutual understanding, the Department of Campus Safety will usually be informed first of possible violations of law. They will deal with the immediate situation and, if advisable, notify the appropriate law enforcement officers and cooperate with them to investigate the possible offense. The College itself will hold students responsible for violations of certain laws, for the College has the right to take actions necessary for order and safety on the campus.

4.9 Candles and Flammable Material Policy
Possession or burning of flammable materials including, but not limited to, candles, gasoline, paint, kerosene lamps, and incense is hazardous to the health and safety of residents and is prohibited inside residence halls. No fuel-powered motor vehicle or associated parts are permitted within the residence halls for use, maintenance, repair, or storage. Irresponsible use of permissible flammable materials (e.g., lighters) is prohibited.

4.10 Communicating with Students and Families Policy
Scripps College views its students as adults who are learning to make their own decisions and take responsibility for their educational progress. In support of this philosophy, the College communicates directly with students on all matters affecting their college experience. Students are encouraged to regularly communicate such matters to their families. At the student’s request, the College will communicate directly with the family. In recognition of the concern for a student’s well-being and the soundness of her educational experience, it is the College’s policy to communicate programs and activities held throughout the academic year to families. In the case of a medical emergency, the College reserves the right to contact the person(s) listed on the Emergency Contact Information Form after first attempting to consult with the student.
4.11 Indicating Plans for the Following Semester

Returning to Campus in Continuous Enrollment
It is expected that degree-seeking students will maintain continuous full-time enrollment until they graduate and that, if their plans change, they must formally notify the Registrar’s Office by way of the Intent to Take a Leave of Absence form or Notice of Withdrawal form.

Taking a Leave of Absence from Scripps
Leave of absence for up to two consecutive semesters is permitted for personal, medical, financial, or other reasons. A student must formally notify the College via the Intent to Take a Leave of Absence form (available from the Registrar’s Office) by mid-March for the following fall semester, or by mid-November for the following spring semester. Deadlines are posted by the Registrar each semester. This notification process must include meeting with the academic advisor, the Dean of Students Office, the Registrar, and the Office of Financial Aid. Failure to complete this process by the posted dates may result in forfeiture of fees.

Students who plan to attend and transfer credit from another college are subject to Scripps’ transfer credit policy. Students must confer with the Registrar’s Office on any questions regarding transfer credit policies and procedures. Students will not receive credit from a study abroad program completed outside the purview of Scripps Off-Campus Study.

Students wishing to extend a leave of absence beyond two semesters may do so only under exceptional circumstances and via petition to the Committee on Academic Review. Students on leave beyond four semesters are subject to administrative withdrawal. Campus email address, academic portal access, and the campus mailbox are retained during the leave of absence.

Returning to Scripps from a Leave of Absence or Off-Campus Study Program
A student returning from a leave of absence must formally notify the Registrar’s Office of her intent by March 15 for the following fall semester, or by November 15 for the following spring semester. Returning students who confirm their enrollment plans by the posted deadlines will be eligible for Scripps housing and preregistration. Failure to meet these deadlines may result in forfeiture of fees, preregistration privileges, and housing. Students returning from medical leave of absence may need to supply documentation that supports their return to a full course load.

Financial aid recipients should consult with the Office of Financial Aid to plan for their return to Scripps, as financial aid deadlines may precede admission notification deadlines. Students who attended a college or university while on a leave are subject to Scripps’ transfer credit policies. A student must be in good
academic standing at all institutions attended while on leave to be eligible to return to Scripps.

**Withdrawing from Scripps**
A student may voluntarily withdraw from Scripps by completing the Notice of Withdrawal form available from the Registrar’s Office. Exit interviews with the Dean of Students, the Registrar, and the Office of Financial Aid are required to complete this form. Students who do so by the posted deadlines are eligible for a refund of their security deposit (minus deductions for any relevant charges). Transcripts of students who withdraw from Scripps by the last day to drop from courses without academic penalty will reflect no enrollment for that semester. Transcripts will show non-punitive grades of W in courses for students who withdraw after the deadline to withdraw from classes. Campus email address, academic portal access, and the campus mailbox are inactivated following withdrawal from the College.

**4.12 Cooking and Electrical Appliances Policy**
Standards of health and safety make it necessary to require the use of power strips only (with surge protectors and reset buttons), as the electrical circuits are not designed to carry heavy loads, and to prohibit the use of extension cords, holiday lights, hot plates, coffee percolators, corn poppers, rice cookers, halogen lamps, electrical water coolers, space heaters, and all cooking appliances (including microwaves and appliances with open heat sources and no thermostat control). Only mini-fridges without a microwave and Microfridges are permitted in student rooms.

**4.13 Damages and Missing Property Policy**
Scripps College holds its students fully responsible for any damages or losses of property that occur in their living units by the students themselves or their guest(s). If loss or damage occurs in a public area, and the responsible party cannot be identified, the hall’s vandalism account is billed. Losses and/or damages should be reported to the Campus Maintenance Office. Maintenance personnel will inspect the loss and/or damage and submit to the responsible party an estimate of repair or replacement and a response date after which the responsible party will be billed the entire cost of restoration or replacement as adjusted by the director of maintenance. Any grievances that might arise as a result of this process are to be brought before a dean in the Dean of Students Office.

A student has the opportunity to request that furniture be removed from her room at no charge by completing a Furniture Removal Request Form by the end of the school year for the following academic year. A student may also complete a work order request during that academic year, and the student will be charged $10 for each piece of furniture that the student has removed. The student must keep the furniture in the student’s room until maintenance personnel removes it. If a student does not follow this system and puts the student furniture in a location
other than the student’s room, the student is responsible for returning the furniture to the room upon check-out. If it is missing at that time, the student will be held financially responsible for replacing the furniture. Exception: There is no fee for furniture that is removed as a result of undoubling or untripling an over-occupied room during the academic year.
4.14
Policy on Demonstrations at The Claremont Colleges
(October 29, 2001)
The undergraduate Claremont Colleges, Pomona College, Scripps College, Claremont McKenna
College, Harvey Mudd College, Pitzer College together with Claremont Graduate University, Keck
Graduate Institute and Claremont University Consortium (CUC) are all member institutions of the
“Claremont Colleges”. Each of these member institutions respects the rights of free speech and
peaceable assembly and supports their exercise. However, when the exercise of speech and assembly
becomes disruptive or non-peaceable, and infringes upon the rights of others, threatens property or
public safety, or impedes the business of the member Colleges or CUC, the individual Colleges and
CUC will act according to this policy.

Every institution in the consortium has instituted procedures for presenting and peaceably resolving
disagreements about policies. Officials at the individual Claremont Colleges and CUC are willing to
examine, discuss, and explain institutional policies to any member of the Claremont Colleges
community. However, participation in a demonstration that is materially disruptive and non-peaceful
or involves the substantial disorder or invasion of the rights of others on the property of any of the
Claremont Colleges or of Claremont University Consortium or their affiliated institutions is
prohibited.
Determination of when a demonstration or action is non-peaceful or disruptive may be difficult, but
the Claremont Colleges individually and collectively subscribe to the general guidelines listed
below.

- Non-peaceful actions or demonstrations are those that endanger or injure, or threaten to
  endanger or injure, any person, or that damage or threaten to damage property.
- Disruptive actions or demonstrations are those that restrict free movement on any of the
  campuses, or interfere with, or impede access to, regular activities or facilities of any of
  the Colleges or CUC.

If an officer or designee of an affected College or CUC informs individuals in a given area that their
collective actions are judged non-peaceful or disruptive and that they should disperse, individuals
remaining may be charged, on their home campus, with a violation of this policy.

Any individual acting in a non-peaceful or disruptive manner, whether he or she is acting
individually or within a group, may be charged on the basis of the individual’s or group’s behavior
with a violation of this policy. Ignorance of this policy or lack of intent to violate this policy is not
an acceptable justification for violating it. Lack of intent or lack of awareness of the existence of
College or Consortium policy will not excuse violations. Charges will be brought at the home
college of the accused.

Any President on his or her home campus, or designee, or the Chief Executive Officer of CUC, or
designee, on the property of CUC, is authorized to take action against any individual violating this
policy. Actions may include arrest, or other legal action, or notice of disciplinary charges and
handled through the home College’s disciplinary procedures. The Presidents and the Chief Executive
Officer of CUC may delegate their authority to act.
4.14.1 Enforcement Policy

In the event of a non-peaceful or disruptive action on the property of any of the Claremont Colleges, CUC, or any of their affiliated offices or programs, the affected College or Colleges or Claremont University Consortium will act according to the following procedures:

1. The President(s) of the College(s) where activities are disrupted or the Chief Executive Officer of CUC, in the case of the property of CUC, will determine whether or not negotiation will take place with those involved in the demonstration or disruption. S/he will also determine the actions to be taken including, but not limited to, provisional or summary suspension or arrest. The President of the college may summarily suspend a student of his/her college violating this policy. However, the president of the college or the CEO of CUC will only have the authority to provisionally suspend a student representing one of the other Claremont Colleges – pending referral to the home campus disciplinary body.

2. The Colleges and CUC agree that cases of student disruption or non-peaceful action normally will be treated as a violation of the student’s home campus conduct code and will be adjudicated by the normal disciplinary process at the student’s home college. Appropriate Officials at the affected institution(s) may put disruptive or non-peaceful individuals on notice that they are in violation of this policy and file charges against them. Officials at the home campus agree to acknowledge requests for disciplinary action – including requests for suspension – and take action that is consistent with an/or allowed by disciplinary procedures at the home campus.

3. Officials at the other campuses will promptly provide assistance in identifying disruptive or non-peaceful individuals to the campus where the disruption occurs or to CUC.

4. All individuals who are engaged in disruptive or non-peaceful action will be notified that they are trespassing. Persons who continue to trespass after notification are subject to arrest (by a Peace Officer or by Private Person, California Penal Code Section 834).

5. Individual Claremont Colleges and CUC may bill students or file civil suits to recover damages and costs.

6. While officials at affected colleges or CUC may temporarily revoke any or all student privileges or take steps to end disruptive or non-peaceful protests, the college at which the student is enrolled, and only that college, may adjudicate complaints and make final decisions about alleged violations of conduct, apart from those decisions made by a court of law.

Approved by the Council of the Claremont Colleges, November 7, 2001.
This policy is not to be amended or changed without approval of the Council.
4.15 Escort and Guest Policy
The escort policy was created by and adopted by the Scripps student body. Students may have guests at any time. From the time guests enter the residence halls, they must be escorted by a Scripps student who will take responsibility for the guests; the student will leave only when another Scripps student assumes responsibility for the guests. In the case that guests need to use the restroom, the Scripps escort’s door must remain open until the guests return. For security reasons, students are encouraged to not provide entry to individuals who are other students’ guests. Students may have overnight guests with prior permission from all roommates/suitesmates. Overnight guests are permitted to stay no more than four consecutive nights. In the event that a student hosts a guest in excess of four consecutive nights, the College reserves the right to deny guest privileges to the hosting student or to terminate the hosting student’s occupancy. Any violation of this policy results in a judicial hearing.

Responsibility Clause: The student hosting the guest is responsible and accountable, including financially, for the conduct of the guest. Any infraction of the rules and the cost of repairing any damage by the guest are assumed by the host student.

4.16 Evacuation Policy
All students and their guests must exit the building when a fire alarm sounds. Individuals who remain in the building will be charged $150. See “Responsibility Clause” in the Guest and Escort Policy for further information.

4.17 Event Registration and Facility Use Procedures and Guidelines

Communication and Cancellation:
Anyone involved in registering an event must maintain open communication with the Dean of Students staff members. As problems emerge, they must be discussed and dealt with immediately. Cancellation of an event may result from violation of these guidelines and/or disruption requiring security or police action. Please note that events may not be registered during reading days and final examinations.

Event Registration for Events Not Involving Alcohol:
A person registering a non-alcohol-related event must register their event through the Virtual Event Management System (VEMS) website at https://emsweb.claremont.edu/Scripps/, where it will be approved by the appropriate departments. Instructions are posted on this website; for detailed information, click on the “Links” tab. To check for available space or for facilities information (including capacity), click on the “Browse” tab.

Reservations can be made beginning the first day of classes each semester, and events cannot be booked after the last day of classes each semester. Requests for facilities should be made as far in advance of the event as possible.

Once you enter your facility request via VEMS, you will receive an email confirmation of approval from the reservation scheduler. Your facility request is not approved until you receive this confirmation. Please be sure to give a thorough description of your event/tabling and provide other details, such as whether you will have music, as these items also must be approved.

If your event is canceled, be sure to cancel through VEMS. Additionally, contact any resource services you obtained for the event to cancel directly with each department.

At times, back-to-back events are common; users may not ask the preceding group to vacate the facility prior to the time reserved. Facility users are also responsible for unlocking and relocking all facilities. Arrangements to obtain keys may be made through the Public Events Office or Malott Commons Office, depending on the facility being used.

There must be at least one Campus Safety Officer for an event with more than 75 people. For every additional 75 people or portion thereof, an additional security officer is required. For events drawing over 500, special arrangements should be made with OSE. Payment for security officers will be required at the time the event is registered.

If planning to use the Department of Campus Safety, arrangements must be made through OSE at least two weeks prior to the event.

The person registering the event must develop a plan for their use of security officers and submit it to OSE, including a site layout. The registrant must meet with the security officers 15 minutes prior to the start of the event to discuss the plan, to form a working alliance, and to develop informal security networks to keep order at the party, with backup as necessary from security officers. The primary responsibility to keep the party under control lies with the students and not with the security officers. Security officers should be instructed to patrol the party and to work with the students to ensure a safe and peaceful environment, and they should be instructed to take appropriate action if a disruption occurs.

Event Registration for Events Involving Alcohol:

Events involving alcohol in a space with more than 15 people may not be held in a student room and must be registered. The event must be planned
and registered at least two weeks in advance. Registration is complete when all appropriate forms are submitted with information and have been approved by OSE staff. A person registering an event involving alcohol must register their event through the VEMS website at http://emsweb.claremont.edu/Scripps/.

- The VEMS form requires an estimated maximum number of guests; the number of guests at the event may not exceed this number.
- The person registering the event must develop and provide a satisfactory method to verify that guests who are being served alcohol are 21 years of age or over.

**Guidelines Specific to the Serving of Alcohol:**

- At least one Scripps student who is at least 21 years of age must register the event through VEMS and assume full responsibility for the event, be present for the duration of the event, and not consume any alcohol. Although not required, it is strongly recommended that additional students assume responsibility.
- All servers must be hired from the approved servers list, available through OSE, and may not consume alcoholic beverages for the duration of the event. Alcoholic beverages may not be served to persons who appear intoxicated. The server, and not the individual being served, must consistently measure all drinks.
- Beer and wine are the only alcoholic beverages that may be served at registered events. Beer includes all fermented beverages with an alcohol content of up to 6%. Wine includes champagne and other sparkling wines with an alcohol content of up to 14%.
- The amount of alcohol allowed at an event will be determined by a Dean of Students staff member and will be based on the number of guests over 21 attending the event.
- Students may not use Scripps College funds to purchase alcoholic beverages, nor may any Scripps organization collect money for this purpose, and alcohol may not be sold.
- Supplies of alcoholic beverages may not be replenished after the event has commenced.

**Security:**

- There must be at least one security officer for an event with more than 75 people. For every additional 75 people or portion thereof, an additional security officer is required. For events drawing over 500, special arrangements should be made with OSE. The number of security officers will be based on the estimated maximum number of guests. Payment for security officers will be required at the time the event is registered.
- If planning to use the Department of Campus Safety, arrangements must be made through OSE at least two weeks prior to the event. Party hosts are encouraged to hire staff from the Department of Campus Safety.
• The student registering the event must develop a plan for the student use of security officers and submit it to OSE. The student must meet with the security officers 15 minutes prior to the start of the event to discuss the plan, to form a working alliance, and to develop informal security networks to keep order at the party, with backup as necessary from security officers. The primary responsibility to keep the party under control lies with the students and not with the security officers. Security officers should be instructed to patrol the party and to work with the students to ensure a safe and peaceful environment, and they should be instructed to take appropriate action if a disruption occurs.

• Security officers may not consume any alcoholic beverages while they are on duty.

Barbeque Policy

• Student-hosted barbecues may be held on Jaqua Quadrangle East, specifically the open lawn immediately south of the Rose Garden between Toll Hall and Browning/Dorsey Halls. For the safety of the students and the campus, barbecues are prohibited in all other locations on the Scripps campus.

• Event registration must completed through VEMS (at http://embweb.claremont.edu/Scripps/), where it will be removed by the appropriate departments.

• The Maintenance Department will provide the grill.

• Students must purchase self-lighting charcoal for use. The use of lighter fluid and propane grills is not permitted.

• The Grounds Department will provide the student registering the event with a hose and a means of disposing of the charcoal.

• Barbecues and self-lighting charcoal may not be stored in the residence halls or individual student rooms.

• The students are responsible for cleaning up after the barbecue, including the grill, and leaving the premises as they found it. Should the area not be properly cleaned, the student who registered the event will be responsible for a $250.00 fine.

• All barbecues must conclude by 10:00 pm in order for the Maintenance Department to pick up the clean barbecue.

Compliance:

Please note that strict adherence to these policies and regulations regarding personal conduct and alcoholic beverages is required. Students found to be in violation of these policies will be requested to pour out all alcohol, and the event will be ended immediately. Any person or organization that fails to do so may be subject to additional judicial board charges and/or outside legal action.

Other Event-Related Information: Admittance to Five-College Parties:

• Only individuals who possess a valid five-college ID or official guest
pass and picture ID will be admitted. Students must follow protocol of each host institution on how to obtain a guest pass, which may require processing prior to the event date.

- Once a student’s age has been verified as over 21, he or she must receive a wristband to signal they are of legal drinking age. Students must follow protocol of each host institution on how to obtain a wristband, which may require processing prior to the event date.
- Students hosting the party are responsible for preventing non-students, including college or food service staff, from attending unless the non-students are guests of a Scripps student. Names and/or descriptions of non-students should be written down and reported to OSE.
- A security guard will be on duty at the entrance at all times to check IDs, prevent alcohol from being taken into the party, and turn people away if necessary.

**Guests and Guest Passes:**

- The student hosting the guest is responsible for the guest’s legal and orderly behavior.
- If the band wishes to bring guests, it must provide the sponsoring students with a list of guests (names, addresses, telephone numbers, and ages) at the time the agreement or contract for services is signed (10 guests maximum), and arrangements must be made with OSE and Campus Safety.
- If the party involves a large group of students from a non-Claremont College, the College SAS guidelines apply.
- Scripps students are limited to two guest passes per event, which may be obtained from OSE.
- The student will be required to show proof of their Scripps affiliation.

### 4.18 Firearms, Explosives, and Weapons Policies

Possession, use, or transportation of firearms or “deadly weapons” is prohibited on the campuses of The Claremont Colleges. The storage or transportation of such weapons by students or staff on campus or in automobiles parked on or frequenting the campus is prohibited. Violation of this policy will result in confiscation of the weapon and may result in judicial action by the College. The term “deadly weapon” includes, but is not limited to, a blackjack, slingshot, billy club, sand club, metal knuckles, dagger, switch blade knife, pistol, bee-bee gun, revolver or other firearm, any knife with a blade longer than five inches, any razor with an unguarded blade, any metal pipe or bar, or other object used or intended to be used as a weapon.

### 4.19 Flowers on Campus Policy

The flowers on campus may be cut in the following areas: the rose garden between Browning and Toll, all pansy and daisy beds, camellias at the north end of the Music and Dance Buildings, and the roses at the north end of the Old Lang
Art Building. Flowers in Margaret Fowler Garden and the camellias near Denison Library may not be cut or picked.

4.2 **Graffiti Wall Policy**
Only the senior class may sign the Graffiti Wall (between Toll and Browning). Signing must take place according to the guidelines available in the Dean of Students Office. The senior class co-representatives coordinate the signing of the Graffiti Wall.

4.21 **Hall Obstruction Policy**
Hall obstructions are considered a safety hazard by the Claremont Fire Marshal. Therefore, personal belongings may not be left in the hallways. Obstructers will receive two verbal warnings by a hall council or residential life staff member for the first offense. Each subsequent offense will result in immediate judicial action.

4.22 **Hall Constitutions**
Students must adhere to all additional rules stated in each hall’s constitution.

4.23 **Hazing Policy**
Hazing, as defined by California Education Code sections 32050 and 32051, is not permitted at Scripps College. No individual, recognized student organization, club, team, or any other Scripps-affiliated student group shall plan, engage in, or condone hazing activities, on or off the Scripps campus.

**DEFINITION OF HAZING**
Education Code section 32050 states:
“... ‘hazing’ includes any method of initiation or pre-initiation into a student organization or any pastime or amusement engaged in with respect to such an organization which causes, or is likely to cause, bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm, to any student or other person attending any . . . college, University, or other education institution in this state; but the term ‘hazing’ does not include customary athletic events or other similar contests or competitions.”

Education Code section 32051 states:
“No student, or other person in attendance at any . . . private . . . educational institution, shall conspire to engage in hazing, participate in hazing, or commit any act that causes or is likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to any fellow student or person attending the institution. The violation of this section is a misdemeanor, punishable by a fine of not less than one hundred dollars ($100), nor more than five thousand dollars ($5,000), or imprisonment in the county jail for not more than one year, or both.”

**CONSEQUENCES OF A VIOLATION**
Scripps College expects its students to conduct themselves in socially responsible and respectful ways. Thus, participation in hazing, either as an individual or as part of any student organization, may result in disciplinary action up to and including expulsion, permanent loss of organizational recognition, or loss of eligibility to remain a member of any club, team, or other Scripps-affiliated student group. Consent, implied or expressed, is not a defense for any complaint or charge alleging a hazing violation.

Regular college disciplinary procedures will be applied to individual students and clubs or organizations for their participation in hazing activities. The athletic department shall handle consequences pertaining to teams. Institutional action may proceed whether or not a police investigation is undertaken or a criminal charge for hazing is filed by the District Attorney’s Office.

APPLICATIONS
Scripps hazing policy is not intended to prohibit student recruitment or new (or continuing) member activities that are positive and educational in nature, designed to instill a group ethos or unit. Its intent is to deter those behaviors that cause or are likely to cause harm to another student.

Some examples of hazing activities or events include:
- Activities which require individuals to violate federal, state, or local laws; contradict a person’s moral or religious beliefs; or violate the rules and regulations of Scripps College.
- Any form of coerced physical activity or exercise.
- Ingesting any liquid or solid matter, edible or non-edible.
- Kidnapping new members.
- Marking or branding or tattooing or piercing of a new member.
- Scavenger hunts and pranks that promote theft, vandalism, or destruction of property.
- All-night work or study sessions that interfere with academics.
- Embarrassing clothing and/or doing embarrassing actions.
- Sleep deprivation.
- Grilling of individuals/groups with questions of any kind.
- Personal errands and chores run by new members for initiated members.
- Requiring new members to live together.

Questions should be directed to OSE at (909) 607-4703 or DOS at (909) 621-8277.

*Appreciation is given to Stanford University for permission to borrow liberally from its hazing policy.

4.24 Health Policy
Upon recommendation of Student Health Services or a physician, a student who contracts a contagious disease may be expected to relocate to a contained location until her disease is no longer a threat to others in the community. If a room is not available at the time, the student is expected to make arrangements to stay off.
campus until she is given permission to return to campus. The Dean of Students Office will work with the student to make the transition as smooth as possible.

4.25 Information Technology Policy

The Claremont Colleges Policy Regarding Appropriate Use of Campus Computing and Network Resources

An overall guiding mission of The Claremont Colleges is education in an environment where the free exchange of ideas is encouraged and protected. The Claremont Colleges make available computing and network facilities (CNF) resources for use by the colleges’ students, faculty, and staff. These services are provided for educational purposes and to carry out the legitimate business of the colleges.

The Claremont Colleges and members of the college communities are expected to observe federal, state, and local laws that govern computer and telecommunications use, as well as the colleges’ regulations and policies. You must not use campus computing or networking resources or personal computing resources accessed through campus network facilities to collect, store, or distribute information or materials or to participate in activities that are in violation of federal, state, or local laws or other college policies or guidelines. These include, but are not limited to, policies and guidelines regarding intellectual property and sexual or other forms of harassment.

Computing and network facilities resources users are required to use these resources within the colleges’ standards of conduct. Individuals with expert knowledge of information systems or who make extensive use of these facilities, or with a position of trust regarding these facilities, will be held accountable to a higher standard.

Responsible, considerate, and ethical behavior expected by the colleges extends to use of computing and network facilities resources and networks throughout the world to which electronic access has been provided. These CNF resources include but are not limited to:

- Computers and associated peripheral devices
- Campus video cable
- Classroom presentation systems
- Voice messaging equipment
- Data networking equipment systems, including remote and wireless access
- Computer software
- Electronically stored institutional data and messages
- All other similar resources owned, controlled, and/or operated by the colleges
- Services to maintain these resources
Ownership
The Claremont Colleges retain absolute ownership rights of the CNF resources. Such resources are not owned by a department or by any individual. CNF resources leased, licensed, or purchased under research contracts or grants are administered under the terms of this policy for as long as they remain within the lawful possession or control of the colleges. CNF resources provided to on-campus residences are also owned, operated, and provided by the colleges.

Privacy and Security

File Confidentiality
Your documents, files, and electronic mail stored on a College-owned networked computer or server are normally accessible only by you. However, any file or document placed on a College-owned computer or network is subject to access pursuant to this policy and thus should not be regarded as private or confidential. The system managers at both CINE (Claremont Intercollegiate Network Effort) and within the individual campus IT organizations have the ability to monitor traffic and directly view any file as it moves across the network, and they must occasionally do so to manage campus network resources. In short, files may be monitored without notice in the ordinary course of business to ensure the smooth operation of the network. All staff members working in information technology have clear guidelines that prohibit violations of privacy and confidentiality and, in the normal course of their work, they do not view the contents of user files or email. However, you should be aware that authorized College personnel will take appropriate steps to investigate when there is a suspicion of inappropriate use of campus computing or networking resources. This may include monitoring network traffic and its contents and examining files on any computer system connected to the network.

You should also know that all files on shared (i.e., networked) systems, including email servers, are backed up periodically on schedules determined by each college. Backup tapes are preserved for lengths of time also determined by individual college operating procedures. These tapes can be used to restore files that you have deleted accidentally. This means that the files on the tapes are also available to someone else with reason and authority to retrieve them.

Network Monitoring
Troubleshooting on the campus network, as well as planning for enhancements, requires the collection of detailed data on network traffic. CINE regularly runs monitoring software that records and reports on the data that is transported across the campus networks. The reports include the origin and destination addresses and other characteristics of files, including the URLs of the websites that are contacted. This data is accessed and used only by authorized IT staff members responsible for network performance, operations, and planning. You should also be aware that many Web host machines on the Internet collect and log
information about you and your identity when you visit their sites. This information may include, but is not limited to, information about the computer you are using, its address, and your email address.

Many educational and business activities at the colleges require network access to resources on the Internet. To ensure adequate bandwidth to these sites for the colleges’ primary educational and business purposes, CINE and campus IT staff may restrict the amount of traffic to particular sites and the amount of traffic of specific types.

From time to time, these network monitoring activities may allow systems managers to identify individuals whose activities downgrade the performance of the campus network or a segment of the network, or which appear to violate the general guidelines for appropriate use of campus computing and network resources. In such instances, a CINE staff member or a member of your own college’s IT staff may ask you to cease these activities. If you continue such activities, or if they include illegal activities, appropriate college authorities may be notified. In extreme cases, network privileges may be revoked on an interim basis pending resolution of the issue. The individual campuses determine specific corrective or disciplinary actions.

**Passwords and Codes**

Individuals who are entrusted with or who inadvertently discover logins and passwords are expected to guard them responsibly. These passwords are not to be shared with others. The same policy applies to door codes for restricted-access rooms/areas. Those who need logins or door codes can make a formal request to the administrator of those codes/passwords. Passwords may be used for the purpose of security, but the use of the password does not affect The Claremont Colleges’ ownership of electronic information.

**Access to Resources**

Access to CNF resources is a privilege, which is allowed only to The Claremont Colleges’ authorized personnel and students. All users must understand and abide by the responsibilities that come with the privilege of use. Such responsibilities include, but are not limited to, the following:

- You must understand and comply with all applicable federal, state, and local laws.
- You must not intentionally seek information about, browse, copy, or modify non-public files belonging to other people, whether at a Claremont College or elsewhere. You must not attempt to “sniff” or eavesdrop on data on the network that are not intended for you.
- You are authorized to use only computer resources and information to which you have legitimately been granted access. Sharing your passwords with others is expressly forbidden. Any attempt to gain unauthorized access to any computer system, resource, or information is expressly
forbidden. If you encounter or observe a gap in system or network security, immediately report the gap to the manager of that system.

- Each college’s policy on harassment applies as equally to electronic displays and communications as to the more traditional (e.g., oral and written) means of display and communication.
- Messages, sentiments, and declarations sent as electronic mail or postings must meet the same standards for distribution or display as physical (paper) documents would on college property.
- Unsolicited mailings and unauthorized mass mailings from campus networks or computing resources (i.e., “spam”) are prohibited. Each campus may have specific policies regarding the use of existing group mailing lists (e.g., all-students or all-faculty). Contact your campus IT organization for details regarding these policies.
- Spoofing or attempts to spoof or falsify email, network, or other information used to identify the source, destination, or other information about a communication, data, or information is prohibited.
- You must not degrade computing or network performance in any way that could prevent others from meeting their educational or college business goals. You must not prevent others from using shared resources by running unattended processes, by playing games, or by “locking” systems without permission from the appropriate system manager.
- You must conform to laws and college policies regarding protection of intellectual property, including laws and policies regarding copyright, patents, and trademarks. When the content and distribution of an electronic communication would exceed fair use as defined by the federal Copyright Act of 1976, users of campus computing or networking resources shall secure appropriate permission to distribute protected material in any form, including text, photographic images, audio, video, graphic illustrations, and computer software.
- You must not use campus computing or networking resources or personal computing resources accessed through campus network facilities to collect, store, or distribute information or materials, or to participate in activities that are in violation of federal, state, or local laws.
- You must not use campus computing or networking resources or personal computing resources accessed through campus network facilities to collect, store, or distribute information or materials in violation of other college policies or guidelines. These include, but are not limited to, policies and guidelines regarding intellectual property and sexual or other forms of harassment.
- You must not create or willfully disseminate computer viruses, worms, or other software intended to degrade system or network security. You must take reasonable steps to prevent your system from being used as a vehicle for such actions. This includes installing system and software patches as well as anti-virus signatures files.
- Use of CNF resources for advertising, selling, and soliciting for commercial purposes or for personal gain is prohibited without the prior
written consent of the colleges. Faculty, students, or staff who have questions about the legitimacy of a particular use should discuss it with the appropriate members of the IT staff on their home campus.

- The disclosure of individually identifiable non-directory information to non-university personnel is protected by the Family Educational Rights and Privacy Act of 1974 (FERPA). The disclosure of financial or personnel records that are owned by The Claremont Colleges without permission or to unauthorized persons is not permitted and may be prosecuted under California Penal Code 502.

- Willful or unauthorized misuse or disclosure of information owned by the colleges will also constitute just cause for disciplinary action, including dismissal from school and/or termination of employment, regardless of whether criminal or civil penalties are imposed. It is also expected that any user will report suspected abuses of CNF resources. Failure to do so may subject the individual to loss of CNF access and/or the disciplinary action referred to above.

The respective information technology organization of one of The Claremont Colleges may immediately suspend service to an individual or computer found to be significantly degrading the usability of the network or other computer systems. Inappropriate use will be referred to the appropriate college authority to take action, which may result in dismissal from school and/or termination of employment.

Electronic Recording Policy
Recording of classroom activities by any electronic means, by students, other faculty, university administrators, or others, requires written permission of the instructor. All students in a class must be informed if permission has been given for a class to be recorded. Accessibility to lectures or other materials by persons with disabilities will be accommodated as required by applicable policies and laws.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws
Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than $750 and not more than $30,000 per work infringed. For "willful" infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright
infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information, please see the website of the U.S. Copyright Office, especially their frequently asked questions.

Copyright Infringement Notifications
Scripps College does not routinely monitor its computer network to detect the infringement of copyright-protected material such as music, movies, television programs, games, software, and books. The College receives copyright infringement notifications of various kinds from the owners of the copyright-protected material that has allegedly been infringed. The Digital Millennium Copyright Act (DMCA), 17 U.S.C. § 512, provides copyright owners or their representatives with a statutory procedure for notifying entities that provide online services or network access, or facilities for that purpose (known as service providers), of infringing activities by their subscribers or account holders. Scripps College is a service provider within the definition provided by § 512 (k) of the DMCA.

Response to DMCA Notices
Receipt of a DMCA notice indicates that The Claremont Colleges policy on “Appropriate Use of Campus Computing and Network Resources” may have been violated by the user at the IP address identified in the DMCA notice. The College respects the rights of ownership for all intellectual or entertainment property protected by copyright and explicitly prohibits the illegal sharing of copyright-protected material. Be forewarned that while Scripps College generally addresses copyright violations with a “three strikes” procedure, a copyright owner is under no obligation to do the same. In addition to sending complaints to Scripps College, copyright owners may take direct and immediate legal action against alleged infringers and subpoena the College for the identity of the individual associated with the IP address.

Procedures

First Notification
The first time a DMCA notification is received that a computer on the Scripps College network is associated with the downloading or distribution of copyrighted materials, an email is sent to the user associated with that computer. The email will include the Scripps College Copyright Violation Notice along with a copy of the received DMCA notice. The Dean of Students Office is also copied on the notification. The user has 48 hours to respond and either demonstrate that the notification was not warranted (by showing, for instance, that the materials were not copyrighted, or that the use qualified for a legal exception) or indicate that the material in question has been removed and no more unauthorized downloading or distribution will take place. If any notification is shown to be unwarranted, no record of it is kept. If the user does not respond within 48 hours and/or if unauthorized use of copyrighted materials continues, network access is suspended.
(the user’s network connection is disabled) until the situation is resolved. Email and other accounts will continue to be accessible from the Scripps Computer Lab and residential hall computer room systems only.

Second Notification
On the second notification, the user’s network access will be suspended immediately, and an email is again sent to the user associated with the IP address in the DMCA notice. The email will include the Scripps College Copyright Violation Notice along with a copy of the received DMCA notice. The Dean of Students Office is also copied on the notification. The user is required to submit a signed certification page that states that the user understands copyright issues and the ramifications of a subsequent offense, or to demonstrate that the notification was unwarranted. Network access will be restored no sooner than four business days and is contingent upon receipt of both the certification page and a $500 service reconnection fee.

Third Notification
If a third notification is received, network access shall be suspended immediately. The user is again informed by email, including a copy of the DMCA notice. The Dean of Students Office is also copied on the notification. Network access is not restored until the case is adjudicated by the College Judicial Board. The College Judicial Board can impose whatever sanctions—including termination of network access, probation, suspension, and expulsion— are deemed appropriate. If network privileges are to be restored, you can be charged a service reconnection fee of up to $1,000. The existence and imposition of university sanctions do not protect members of the campus community from any legal action by external entities or the university itself.

Response to Preservation Notices
In April 2008, The Claremont Colleges, including Scripps, began to receive a new form of email from RIAA commonly referred to as a “preservation letter.” A preservation letter is a notice to the College asking us to preserve specific records that could be useful in a subsequent court case by an RIAA member against a person accused of copyright infringement who has used an IP address on the College’s network. If Scripps College receives a “preservation letter” that requests the holding of basic contact information for the individual, we will act to preserve the information and notify the user of our doing so. The College will not, however, release any information unless served with a proper subpoena.

Response to Settlement Letters
In February 2007, the Recording Industry Association of America (RIAA) introduced a new strategy for dealing with copyright infringement. The new RIAA strategy includes sending a “settlement letter” to colleges. RIAA sends an email to the College claiming that one of our users is violating the record companies’ copyrights by uploading and downloading copyrighted recordings. The email to the College also states that if a settlement is not reached with the
person at the IP address, a lawsuit will be filed and a subpoena will be served on the College requesting information to identify the person at the IP address associated with the alleged copyright infringement. The College preserves records associated with the IP address in anticipation that a John Doe complaint may be filed and subpoena issued. The email to the College comes with a PDF file attached that contains a pre-lawsuit settlement letter that RIAA requests the College to forward to the user at the IP address associated with the alleged infringement. The RIAA settlement letter offers the person at the IP address the opportunity to settle out of court. Settlements under this program have been reported to be in the range of $3,000 to $7,500.

If a user receives a settlement letter, it is the user’s responsibility to decide how to respond to the RIAA. The user may want to seek legal counsel before making a decision. When Scripps College receives an RIAA settlement letter, it will forward that letter to the user at the IP address the RIAA has identified in the accompanying email to the College. The College’s procedures for addressing violations of the Appropriate Use of Campus Computing and Network Resources are followed as a result of receipt of a settlement letter email. The College does NOT release the name of a user upon receipt of a settlement letter email. The College only provides identifying information about an IP address to a copyright owner in response to a valid subpoena.

4.26 Key Policy
Duplicating and Lending: All keys and card keys remain the property of the College and may not be duplicated by residents. Residents are not permitted to loan, sell, or transfer a College key or key card to any person for the purpose of allowing that person to access College facilities. Any student who abuses this policy may have universal access revoked.

Loss of Key/Card Key: A lost key and/or card key must be reported to the Campus Maintenance Office or a Dean of Students staff member immediately. A re-key costs $100 plus the cost of replacing other keys assigned to that lock; however, the final charge of re-keying a room or office key is determined by the locksmith. The lost card key fee is $25.00 and is assessed even if the student finds the card. Any student who fails to return keys checked out in the student’s name by the end of the academic year will be charged the lock replacement fee.

4.27 Library Fine Policy
Procedures to be followed to transfer unpaid library fines to the student account:
1. The Libraries will mail an Over Due Book Notice within two days of the due date for return of the book. The Over Due Book Notice will be modified to read:
   These books must be renewed or returned within 10 days or your student account will be charged $100 per book. You may renew them yourself through the Library Catalog, or phone a Circulation Dept. If you self-
renew it is important to CHECK EACH BOOK’S NEW DUE DATE!
(909) 621-8372 Honnold/Mudd Circulation
NOTE: Blais software enhancements are scheduled for implementation this summer that will enable the Libraries to forward a reminder notice in advance of the due date.

2. At the close of 10 days, the student will receive a follow-up Bill Notice that will be modified to read:
   Bill Notice: The items listed have reached the billing date without being returned or renewed. CHARGES ARE NOW DUE on these items. This bill may be paid at the Library until the 25th of the month. After that date, Library fines totaling $100 or more will be forwarded to your student account. Library check-out privileges have been suspended until the library fine has been paid. Please contact Honnold/Mudd Circulation concerning renewals or payments. Thank you. (909) 621-8372

3. On the 25th of each month, the Libraries will prepare a detailed billing of all accounts that total $100 or more in the aggregate and will forward the report to the appropriate College Student Accounts Office. The Student Accounts Office will record the library fines on the student account and make payment directly to the Libraries. The Libraries agree to withhold check-out privileges until the Student Accounts Office notifies the Libraries in writing by email that the fine has been paid. If the book is returned instead after the fine has been placed on the student account, the Libraries will notify the Student Accounts Office in writing by email that the book has been returned. The Libraries will refund to the College $90 of the $100 fine, which will be credited directly to the student’s account.

4. For the convenience of students, the Libraries will collect fines on weekends (Friday after 6:00 pm and Saturday) on behalf of the Student Accounts Office. Payments will be forwarded on the first business day directly to Student Accounts Office for credit directly to the student’s account.

5. By May 1 of each year, the Libraries will forward to the Dean of Students Office and the Student Accounts Office a list of those senior students who have outstanding library fines. Students with delinquent accounts will be subject to those policies of the College regarding participation in graduation, transcript release, etc.

4.28 **Lockout Policy**

Students are allowed two free lockouts per year; after that, all key services will cost $25 and will be billed to the respective student account at the end of each semester. In the instance that a Department of Campus Safety officer provides the key service, the student may choose to pay the officer by check upon services rendered. The following is a breakdown of whom to call for lockouts based on day and time.

4.29 Missing Student Notification Policy
Students who reside in on-campus housing are encouraged to identify a person to be contacted if it is determined that the student has been missing for more than 24 hours, and to register that person’s emergency contact information, confidentially, with the Dean of Students Office and the Department of Campus Safety. If a student is determined to have been missing for 24 hours, the College and/or Department of Campus Safety will, within 24 hours, notify the appropriate law enforcement agency, and if the missing student is under 18 years of age and not an emancipated individual, the College and/or department will also notify a custodial parent or guardian. If a member of the College community believes that a student who resides in on-campus housing is missing, this should be reported to the on-call dean and/or the Department of Campus Safety so that appropriate action can be taken.

4.30 Persons and Property Policy
Persons: Students shall not threaten or endanger the safety and/or well-being of others. Students shall not attack or physically injure any member of any College-owned or jointly owned facility or member of an affiliated institution or their authorized guests when such guests are on College-owned property.

Individual Property: Students may not possess, deface, or destroy any objects/property not belonging to them without consent of the owner.

College Property: Propping doors, using windows, fire escapes, and French doors or balconies as entrances or exits, and standing on roofs and ledges is prohibited except in the case of an emergency. Outdoor antennas, painting individual rooms or common areas, and waterbeds are not permitted. Skating on campus is only permitted on concrete walkways.

4.31 Quiet Hours Policy
Noise will be kept to a minimum at all times. Disorderly conduct, unreasonable noise, or behavior that results in unreasonable annoyance is prohibited. Quiet hours will be in effect from 11:00 pm to 9:00 am Sunday through Thursday and 1:00 am to 10:00 am Friday and Saturday. At 8:00 am on the Sunday before finals begin (not referring to spring semester, seniors finals week), quiet hours will extend to 22 hours and continue through the end of the semester.

4.32 Smoking Policy
No smoking is allowed within 25 feet of any campus building, student bedrooms, or in public areas in the residence halls, which includes, but is not limited to, browsing rooms, living rooms, hallways, stairwells, lounges, kitchenettes, interior courtyards, and balconies.

4.33 Storage Policy
Student storage is available in the basement of each residence hall (Frankel and Routt share storage in the basement of Routt) during the academic year and may be used at a student’s own risk. At the end of each academic year, students are responsible for removing all their items from storage. The College empties and cleans the storage areas over the summer and takes no responsibility for any items left behind from the academic year.

4.34 Student Identification Card Policy
Every student is issued an official photo ID card upon entrance to the College. This card is evidence of the student’s enrollment at the College. An ID card may be required for admission to certain facilities or events that are limited to Scripps College or students of The Claremont Colleges. Students are required to show a valid ID card or other appropriate identification if requested to do so by a Department of Campus Safety Officer or other College official acting in his or her official capacity. The ID card also acts as a card key to the residence halls, a meal card, and a library card for Denison and Honnold/Mudd Libraries.

4.35 Student Organization and Student Employment Offices Guidelines

General Expectations
Security and wellness for our students is important to Scripps College. Please help us maintain a safe environment by following some simple but important guidelines when utilizing department public spaces and student organization and student employment offices:

- Keep your office door locked and valuables secured when unattended. Do not loan office keys to anyone, and immediately report any lost or stolen keys to the department director.
- While general upkeep, maintenance, and custodial service is provided, student organizations and employees are expected to maintain clean working spaces at all times and do their part to support the general upkeep and organization of public/common areas. If you notice cleaning supplies are low or need to be replaced, please notify department staff.
- The kitchen space and refrigerator are a common space for use. Students are to be respectful of cleaning sinks, stoves, and counter tops after use, and items stored in the refrigerator are the property of its owner. Courtesy, respect, and a commitment to safe space is expected at all times in common areas. Please be respectful of and responsive to others in the space, particularly in shared spaces.
- Scripps does not assume any liability for loss, theft, or damage to personal property, or for personal injury incurred while using its facilities.
If you notice someone or something suspicious happening in the space, contact Campus Safety at (909) 607-2000.

Alcohol, Drugs, and Smoking
- Smoking, illegal drugs, and alcoholic beverages are NOT allowed in public/common areas, student organization offices, or student employment offices (see Alcohol Policy 4.05, specifically section V: Standard of Conduct Governing Alcoholic Beverages and Drugs).

Office/Shared Space
- Space around campus is limited; the use of organizational space and offices is a privilege. Damage to organization or employment spaces or furniture is unacceptable. This includes non-malicious damage such as that done to walls by putting up posters or through the use of nails, adhesives, or tape. Blue painter’s tape may be used. Any damage should be reported to the department director.
- Painting of office spaces is prohibited without formal permission from the department and Scripps Maintenance.
- Organizations will be held responsible for any damage to their office unless:
  - The damage has been noted at the beginning of the semester and confirmed by Scripps Maintenance
  - The damage is normal wear and tear as determined by Scripps Maintenance
  - The damage is the result of a maintenance problem that has been properly reported
- Student organizations or individuals may be held responsible for damage. These charges will be based on the Residential Life charges and pay structure.

Key Use and Access
- Key access is a privilege and can be revoked at any time at the discretion of the College, Student Affairs, and/or the department director.

Office Supplies
- All office space supplies and equipment (printer, copier, computer) are provided for organizational or work-related projects only. Please ask for permission from office staff to use materials for other matters.
- All supplies and materials are intended for use in the space and should not be removed, “checked out,” or borrowed.

Accountability
The guidelines and policies above are in place to maintain a sense of community for student organizations and student employees. It is important that students with access to these spaces maintain these guidelines and policies as a part of their appointment as a student organization leader and/or student employee.
- Violations of the guidelines and policies listed above and included in the code of conduct while using student organization and/or student employee offices
and/or public/common areas can lead to the organization, employee, and/or an individual student being held responsible for financial restitution or damage charges, organization probation, loss of after-business-hour access, and/or loss of office space and privileges.

- Organizations and students found in violation of Student Life policies within student organization and/or student employment offices or departmental public/common areas are potentially subject to the campus judicial process.

4.36 Whistle Procedures and Policy

All students are encouraged to carry a whistle at all times; new students are issued whistles upon arrival at Scripps. Whistles should only be blown to indicate danger. A $50.00 fine may be levied for blowing a whistle inappropriately. Whistle drills will be held on a periodic basis to enable the community to practice the use of whistles in emergency situations.

Anyone who hears a whistle should call the Department of Campus Safety (ext. 72000) immediately. The dispatcher should be given both the location of the caller and the location where the whistle was blown. After calling the Department of Campus Safety, if the area appears safe, students are encouraged to proceed, in a group, to the location where the whistle was blown. If the individual in danger is unable to continue blowing her whistle, students are encouraged to blow their whistles to attract security personnel to the scene; however, whistles should only be blown if the victim is in view.

4.37 Discrimination and Harassment Policies and Grievance Procedures

As a community dedicated to the education of women and the advancement of learning, Scripps College (the “College”) seeks to maintain an environment in which individuals can live, learn, and work free from discrimination and harassment. The College regards such behavior as inimical to its educational purposes and to the respect for individuals that it holds to be essential in all aspects of its institutional life.

The Guide to Scripps College's Discrimination and Harassment Policies and Grievance Procedures (“Guide” or “Policy”) prohibits all forms of harassment and discrimination, including on the basis of sex, gender identity and expression, religion, creed, color, race, national or ethnic origin, ancestry, immigration status, sexual orientation, medical condition, physical or mental disability, and age. Included in the Guide is the "Sexual Misconduct Policy" (sometimes referred to as the “Title IX Policy”), which prohibits such conduct as non-consensual sexual touching, non-consensual sexual intercourse, dating/domestic violence, and stalking. Click here to review the Guide. More information on the College’s response to sexual harassment, sexual assault, dating violence, and stalking can be found here.

When a member of the Scripps community is alleged to have engaged in discriminatory or harassing conduct as defined in the Policy, the claims are
resolved in accordance with the procedures laid out in the *Guide*. The Title IX team oversees and coordinates these misconduct matters.

4.42 The Claremont Colleges Banning Policy

Policy on Banning Disruptive Persons from the Campuses of the Claremont Colleges

Background
The Claremont Colleges are composed of seven institutions of higher education, including The Claremont Graduate University, Claremont McKenna College, Harvey Mudd College, the Keck Graduate Institute, Pitzer College, Pomona College, and Scripps College. For the purpose of this policy, the Claremont University Consortium shall also be considered part of The Claremont Colleges, as well as any property owned or rented by The Claremont Colleges that is located away from the home campuses.

As institutions of higher education, The Claremont Colleges share a common purpose of providing an educational experience that is, among other things, safe from harm, fosters personal growth, and is intellectually enlightening. The need to protect individual institutions and The Claremont Colleges from harm to its community members and assets is therefore a very high priority. Balanced against this priority is the need to protect free speech and academic freedom. The Claremont Colleges must comply with all legal requirements of the United States and the state of California when taking steps to protect community members and assets.

Policy
In the event of a threat to the safety or well-being of an individual, group, or member institution of The Claremont Colleges, each institution reserves the right to prohibit disruptive or potentially dangerous persons from their campuses. The Claremont Colleges further agree to consult with each other about such individuals and, with permission, extend the ban to cover any or all of the member institutions and their functions.

The authority for this policy emanates from each institution’s right to control its own property, and authority for coordination between The Claremont Colleges occurs through agreement among the presidents of the colleges. Under normal circumstances, the deans of students, the director of campus safety, or the vice president for student affairs of The Claremont University Consortium shall be the designated officials who are responsible for the banning of disruptive or potentially dangerous persons from campus. Other designated officials may be expected to carry out these duties, as determined by the president(s) of the institution(s).

The designated official who is assigned to review any potentially disruptive or dangerous situation may exercise emergency power, including issuing an immediate ban, to respond to a threat. These actions shall be reasonable and narrowly tailored to the fit the event.

The designated official may also issue a ban as the result of an investigation, with the opportunity for all parties to be heard, which leads the official to conclude that illegal activity, disruption, or the threat of harm to others or property has or may have occurred. The official may also ban an individual if there is reason to suspect
that illegal activity, disruption, or the threat of harm to others or property is increasingly likely to occur in the future.

Bans from one or more of The Claremont Colleges may be temporary or permanent and shall clearly indicate their length and scope to the person who has been banned. This policy does not preclude The Claremont Colleges from taking criminal, civil, or restraining action against individuals.

The following procedures provide guidelines to be used by the designated official to ban an individual from the campus, property, or function of the college or colleges. These procedures do not apply to faculty or staff.

Procedures Governing Individuals with or without a Relationship to The Claremont Colleges
(1) Regarding Individuals with No Direct Connection to The Claremont Colleges:
This set of procedures applies to individuals who have never been a student of The Claremont Colleges; do not have a spouse or partner who is an employee or volunteer at The Claremont Colleges; and are not parents or guardians of a current or former student of The Claremont Colleges.
Each designated official has the authority to issue a ban on behalf of one or more of The Claremont Colleges. A ban of this type is communicated to all other student deans, and a copy of the ban letter shall be sent to the director of campus safety.

(2) Regarding Individuals with a Connection to One of The Claremont Colleges or The Claremont University Consortium:
This set of procedures applies to alumni; former students who are not currently enrolled; spouses or partners of an employee, part-time employee, or volunteer; those performing volunteer work; and parents or guardians of current or former students.
The designated official initiating the ban shall send a message to all other deans of students to determine if there is any objection to banning the individual in question. Any dean raising an objection may choose not to have his/her campus covered by the ban. If no concerns are raised within 48 hours, the initiating official may apply the ban to cover all The Claremont Colleges’ properties.

(3) Regarding Current Students:
This set of procedures applies to any student who is currently enrolled at one of The Claremont Colleges, including when the colleges are in or out of session.
It is within the authority of the banning campuses and CUC to make this decision without regard to judicial proceedings at the home campus.
(a) How the Ban of a Current Student Applies to Colleges:
Unless otherwise specified, the banned student shall be permitted to attend classes and use relevant academic resources on campus but suspended from all other activities.
(b) How the Ban of a Current Student Applies to the Claremont University Consortium:
Depending upon the circumstances of the individual student, the vice president for student affairs shall determine, in consultation with individual CUC services and the dean of students at the college at which the student is enrolled, the scope and extent of the ban from CUC services and property. The student shall normally be permitted to make appointments at CUC offices and services as needed. For drop-in services that a student might utilize (i.e., OBSA, CLSA, chaplains), the vice president for student affairs shall decide, based on the circumstances giving rise to the ban, whether drop-in privileges shall continue or if the banned student shall be required to schedule appointments.
Generally, banned students shall be permitted to use Honnold Library and the Huntley Bookstore, although CUC reserves the right to limit and/or suspend privileges where circumstances warrant such action. Circumstances under which a student might be restricted from bookstore and/or library usage include, but are not limited to, students who appear to pose a threat to the health, safety, or welfare of other patrons and/or theft from the facility.

Requests for Review, Modification, or Removal of a Ban
A person banned from one or more of The Claremont Colleges may request that the banning party discuss the nature of the ban, modify the ban, or withdraw the ban. It is the responsibility of the banned person to contact the official who first initiated the ban to request a conversation about the ban within five business days. It is also the responsibility of the banned person to bring any substantive changes to the attention of the banning official in order to request reconsideration. For current students who have been banned, the home campus dean of students should review the ban policy and appeals process with the student. Changes to any ban will be communicated to the other designated officials for their consideration relevant to the person’s status on their respective campuses.

Effective Date and Application of This Policy to New Institutions
Should additional institutions formally join The Claremont Colleges, this policy shall automatically apply to those institutions upon incorporation, including their property in Claremont and elsewhere.

Date of Approval by the Council of The Claremont Colleges: April 2011

4.44 Local, State, and Federal Law Adherence Policy
All students must adhere to local, state, and federal laws.

5.0 Academic Policies and Hearing Procedures
Academic regulations, including those related to class attendance, academic probation, dismissal and suspension, may be found in the “Academic Policies and Procedures” section of the Scripps College Catalog.
5.10 Policy on Grade Disputes

The presumption in the administration of grades at Scripps is that the professor alone is qualified to evaluate the quality of the academic work of the student in her or his course.

When a student has grounds for believing that, apart from questions of the academic quality of an individual piece of work, a particular final grade was assigned by the professor in an arbitrary or discriminatory manner or that crucial evidence was not taken into account, the following procedure is available:

1. The student must first discuss the matter with the professor.
2. If the outcome of that discussion is not satisfactory, the student should consult with the dean of students.
3. If there appear to be grounds for further investigation of the situation, the dean of students will consult with the dean of faculty. The academic dean will then contact the professor involved in an effort to bring the issue to a satisfactory solution.
4. If, following these discussions, the claims of the student and professor are still not reconciled, the dean of faculty will arrange for and participate in a group meeting that includes the dean of students, the professor, and the student.
5. If no satisfactory solution results from this informal meeting, the student will be advised to petition the Committee on Academic Review, which will meet with the student and the professor individually.
6. Should the Committee on Academic Review wish to consider the case further, it determines its own procedures according to each case. If the committee decides that a grade change is warranted, it will establish procedures for determining the new grade. Procedures could include working with the faculty member on an appropriate change or reassessing the student’s work overall through the semester. In no case will the committee be involved in reevaluating individual papers or examinations. Any issue on disputed grades will usually be settled during the following semester, but in no case later than one year from the time the disputed grade was assigned. The committee decision is final, and the student and professor will be notified by mail. The committee, at its own discretion, may accede to a faculty member’s wish that the committee consult colleagues in the discipline.

5.20 Policies on Academic Dishonesty

By action of the Academic Dean’s Committee, the policies governing academic dishonesty and grade disputes in cross-registration situations are as follows:

1. A student charged with academic dishonesty in a course taken outside the home college shall be tried according to the procedures for handling such cases in the home institution. Faculty members are obliged to accept the decision of the student’s college and may not impose a penalty should the appropriate hearing panel fail to find guilt. Any student grievance concerning
a grade given by an instructor as a result of such a hearing decision will also be handled according to the rules of the student’s home college.

2. All other grievances concerning grades are handled by the procedures of the college sponsoring the course.

5.21 Expectation of Academic Integrity
Scripps College is a community of scholars: faculty, students, and staff dedicated to the education of students and the advancement of learning. Scripps believes that learning and teaching thrive in an environment conducive to freedom of belief, inquiry, and speech. By continued participation in College life, each member of the Scripps community affirms acceptance of personal responsibility and obligation to the community in assuring that these principles are upheld in all aspects of our lives.

Therefore, in keeping with the System of Responsibility (refer to Section 6.05 of the Guide to Student Life), Scripps College expects each student to uphold the highest principles of academic honesty and integrity. Academic dishonesty of any kind destroys our trust in one another, devalues the Scripps community, and damages intellectual and personal development. It is not tolerated at Scripps and may result in one or more penalties, including suspension or expulsion; a full discussion of such penalties as well as related academic policies and procedures can be found in the Catalog and the Guide to Student Life. Questions about this information may be referred to a faculty advisor, the Registrar’s Office, or the Dean of Students staff.

Plagiarism
Plagiarism is the academic use of “someone else’s language, ideas, or other original (not common-knowledge) material without acknowledging its source. This definition applies to texts published in print or online, to manuscripts, and to the work of other student writers” (CWPA website). Unintentional plagiarism can be avoided by consulting with one’s instructor about proper methods for acknowledging sources in advance of submitting an assignment.

Plagiarism includes:
1. Quoting the exact words of one’s source without putting them in quotation marks and naming the source in the text or in an endnote or footnote, or, when paraphrasing a source, failing to acknowledge one’s source. The exception is for ordinary factual information that is regarded as common property.
2. Acquisition of a term paper or other assignments from any source and the subsequent presentation of those materials as the student’s own work, or submitting another student’s papers, assignments, or exams as one’s own.

5.22 Other Examples of Academic Dishonesty
Academic dishonesty is the deliberate misrepresentation of one’s own work or the work of others. It includes but is not limited to the following:
1. Any use of external assistance during an examination unless expressly permitted by the faculty member.
2. Changing answers after an exam or other classwork has been returned with the intent to deceive the instructor.
3. Taking a course, portion of a course, or exam for another student or allowing another individual to take a course, a portion of a course, or exam in one’s stead.
4. Obtaining for oneself or providing for another person a solution to homework, a project or other assignments, or a copy of an exam or exam key without the knowledge and express consent of the instructor.
5. Using an essay, term paper, or other project in more than one course without permission of each instructor or handing in similar work in more than one course unless the faculty members are fully informed and give their approval.
6. Collaboration on a project, homework, or other assignments when such collaboration is expressly forbidden.
7. Attempting to benefit from the work of another student or attempting to hinder the work of another student.
8. Falsification, alteration, or misrepresentation of official or unofficial records or documents, including but not limited to academic transcripts, academic documentation, letters of recommendation, and admissions application issues.
9. Submitting lab assignments, class projects, or other assignments that are wholly or partially falsified or otherwise do not represent work accomplished or undertaken by the student.

5.30 Procedures for Resolving Allegations of Academic Dishonesty

Faculty members suspecting that a student may have committed an act of academic dishonesty may wish to discuss the matter with the student informally in order to gain further insights into the matter. Such informal discussions are not required but may prove helpful in assessing the situation.

Whether or not such an informal discussion takes place, as soon as a faculty member suspects that a student has committed an act of academic dishonesty, the faculty member has an obligation to so inform the dean of students of the suspected infraction by phone call or in person; no written record of the initial conversation will be kept.

The dean of students will then determine if any previous reports of proven or admitted academic dishonesty are on file. Subsequent procedures will depend on whether there are such previous reports on file, as explained below.

5.31 Procedures for a Charge of Academic Dishonesty with No Prior Reports on File

If the student has not previously been found guilty of, or admitted to, academic dishonesty, the charge of academic dishonesty shall be resolved as follows:

1. After informing the dean of students of the suspected infraction, the faculty member has five (5) working days to request a meeting with the student to
discuss the matter. Normally the faculty member shall offer to meet with the student within five (5) working days of this contact. If the matter occurs at the end of the semester, the faculty member should send an email to the student at the student’s Scripps College email account and schedule a meeting as soon as practicable when both the faculty member and the student can participate in person or via telephone.

2. If the student admits to academic dishonesty, the faculty member can pursue one or more of the following options:
   a. Ask the student to retake the assignment. In this case, the faculty member retains the right to grade the assignment with a penalty.
   b. Give an “F” on the assignment.
   c. Give an “F” in the course.
   d. Refer the case to the Augmented Committee on Academic Review (Augmented CAR). This should be done in the case of a first offense only when the faculty member believes the violation to be serious enough that suspension or expulsion may be indicated.

The faculty member shall promptly notify the dean of students once this meeting with the student has taken place. In addition, the faculty member shall notify the dean of students within five (5) working days of this meeting which of the options listed above will be pursued. A copy of this notification must be sent to the student (for example, by including the student in the cc line of an email message sent to the dean of students).

3. If the student denies academic dishonesty, the faculty member shall promptly so notify the dean of students. The dean of students shall then promptly refer the charges to the Augmented CAR, which will hear the case according to the procedures set forth below (“Procedures of the Augmented Committee on Academic Review”).

5.32 Procedures for a Charge of Academic Dishonesty with Prior Reports on File
If the student has previously been found guilty of, or admitted to, academic dishonesty, a new charge of academic dishonesty shall be resolved as follows:

1. Within five (5) days of notifying the dean of students of the new charge, the faculty member shall notify the student of the charges by email at the student’s Scripps College email account. A copy of the notification must be sent to the dean of students.

2. Within five (5) working days of the student’s notification of the new charge by the faculty member, the dean of students will refer the student’s case in writing to the Augmented CAR.

3. A notation of No Grade (“NG”) for the course shall be recorded on the student’s transcript until the matter is resolved by the Augmented CAR and referred back to the faculty member to assign a grade for the assignment and for the course.

4. The dean of students will bring the charges before the Augmented Committee on Academic Review, which follows the procedures outlined below.

5.40 Procedures of the Augmented Committee on Academic Review
1. Voting members of the Augmented Committee on Academic Review will include the regular faculty and student members of the Committee on Academic Review (CAR) plus the chair of the Academic Policies Subcommittee of the Faculty Executive Committee, who will chair this committee, and the Judicial and Academic Review Chair of Scripps Associated Students. Non-voting, ex-officio members include the dean of students and registrar.

2. If the faculty member bringing the charges of academic dishonesty is normally a member of the Augmented CAR, that faculty member is ineligible to serve and the dean of faculty will appoint a faculty replacement. In the event that any other faculty member of the Augmented CAR is unable to serve, the dean of faculty will likewise appoint a faculty replacement.

3. In the event that one of the student members of the Augmented CAR is charged in a case of academic dishonesty, that student is ineligible to serve, and the dean of students will appoint a student replacement. In the event that any other student member of the Augmented CAR is unable to serve, the dean of students will likewise appoint a student replacement.

4. The Augmented CAR must meet on any case within ten (10) working days of the time the case was referred to it by the dean of students or, if the case was referred at the end of a semester, within ten (10) working days of the commencement of the next semester. The student charged may request a delay for appropriate reasons; the appropriateness of any such request shall be determined by the dean of students. The faculty member will be invited to appear and to present evidence in support of the charge. The student will be invited to appear and present evidence in defense.

5. The Augmented CAR, after consideration of evidence submitted by the faculty member and the charged student, will determine whether or not the student has committed the offense and, in the event of a guilty verdict, whether a College penalty shall be assessed. The Augmented CAR will provide written notification of its finding (and, if applicable, any College penalty) to the faculty member involved and to the student. In the event that the Augmented CAR reaches a guilty verdict, one or more of the following penalties may be imposed, depending on the severity of the violation:
   a. Suspension.
   b. Expulsion.
   c. Revocation of degree or admission.
   d. Any other sanctions the committee develops to address the violation.

Penalties “a–c” above will be recorded on the student’s permanent academic record (transcript). The Augmented CAR may also recommend to the faculty member that the student receive a grade of “F” for the assignment or for the course. The faculty member is not obligated to accept this recommendation, however, as explained in #8 below.

6. The decision of the Augmented CAR with respect to the charge and, if applicable, any College penalty shall be final.
7. The registrar shall maintain a record of any Augmented CAR proceeding. This record, as well as the proceeding itself, shall be confidential.
8. After being informed of the decision of the Augmented CAR and of the College penalty, if any, imposed upon the student, the faculty member will then determine the student’s grades for the assignment(s) in question and for the course.

5.50 After Resolution of a Charge of Academic Dishonesty
1. A student found guilty of, or admitting to, a charge of academic dishonesty will have written notification of such charge placed in the student’s record. If the Augmented CAR, no notation regarding such charge or the Augmented CAR finds a student not guilty of a charge of academic dishonesty, proceeding will be placed in the student’s file.
2. A student found guilty of or admitting to academic dishonesty may not dispute the grades assigned by the faculty member for the assignment or the course. Note: A student’s withdrawal from the College will not terminate or suspend any of the proceedings set forth above. The student will be invited to participate in such proceedings on the same basis as if the student were still enrolled at the College. The faculty member and the Augmented CAR, if necessary, shall continue to fulfill their designated obligations as outlined above.

6.01 System of Responsibility
The Scripps System of Responsibility assumes that each student is a responsible member of the community in academic and social matters. The System of Responsibility is based on the implicit trust that each individual will uphold the Code of Conduct.
Because the functions of the College depend on honesty and integrity among its members, the College expects from its students a higher standard of conduct than the minimum required to avoid disciplinary action. While many of the College’s standards and policies parallel the laws of society in general, the College’s policies set a higher standard than those found elsewhere in society.
The conduct resolution system is composed of various procedures and bodies to review cases involving alleged conduct policy violations. Students are expected to make themselves aware of and abide by the Scripps College policies and community standards of behavior as stated in the Guide to Student Life, the Scripps College Catalog and in related policy statements. Students accept rights and responsibilities of membership in the Scripps community when they are admitted to the College. Ignorance is not an acceptable justification for violating community standards. Lack of intent or awareness of college policy will not be accepted as excuses for violations and will normally receive the same consequences as deliberate violations.

6.02 Student Conduct on other Claremont Colleges and College-related Activities or Events
When students are on the campus of another Claremont College, they are expected to respect the regulations of that College, as well as those of their own College. If a student of another College violates the regulations of the host College, judicial action may be brought against that student at the student’s home College. The names of any students concerned, along with all pertinent information, will be sent to the Dean of Students of the College involved. A representative from the host College will be invited to attend the judicial proceedings as a non-voting participant/observer.
As a temporary protective measure, the administration of the host College may, at its own discretion, prohibit a student from coming onto its campus until judicial action at the student’s home College is complete. Such a prohibition shall be communicated to the student through the home College at the request of the host College.
Each student shall be accountable for knowing what the regulations applicable to the student while present at other Claremont Colleges campuses.
Students are expected to abide by the College’s conduct guidelines when participating in any College-related activity or event, whether or not the activity or event is occurring on campus.

6.03 Resolution Procedures
The College has three types of conduct/policy violations. The type of alleged conduct/policy violation alleged determines the procedures used to resolve those allegations:
1. Academic Violations – “Academic Violations” include allegations against a student for violation of any of the College’s academic policies, including but not limited to allegations of academic dishonesty. Alleged Academic Violations are resolved under the Procedures for Alleged Academic Violations set forth in Section 5 of the Guide to Student Life.
3. General Conduct or Policy Violations - “General Conduct or Policy Violations” include allegations against a student for a conduct or policy violation that (i) is not an Academic Violation or a Discrimination and Harassment Violation and (ii) is set forth in Section 4 of the Guide to Student Life. General Conduct or Policy Violations are resolved using the procedures set forth below. The Associate Dean of Students (“ADOS”) is the administrator primarily responsible for the resolution of General Conduct or Policy Violations. If the ADOS is a witness with respect to the charge or there is some other conflict of interest, the Vice President for Student Affairs shall appoint another member of the Student Affairs staff to assume the responsibilities of the ADOS. All references in this policy to the ADOS shall refer the then-current Associate Dean of Students or the specially appointed Student Affairs staff member, as the case may be.

6.04 Alleging a Conduct or Policy Violation
1. Allegations of Academic Violations or Discrimination and Harassment Violations should be reported pursuant to the terms of the College’s Academic Regulations or Discrimination and Harassment Policy, as the case may be.
2. If a student has a complaint regarding another Scripps student involving an alleged General Conduct or Policy Violation, the student has the right to pursue the issue through the judicial system. The student should discuss the situation with a Residential Life Area Coordinator or Primary Care Dean to determine options and a course of action. Depending on the severity and type of the alleged violation, the student may proceed by filing a written charge with the SAS Judicial and Academic Review Chair (“JARC”) or a Dean of Students staff member in order to begin the judicial process.

If a staff or faculty member has a complaint against a student involving an alleged General Conduct or Policy violation, the staff or faculty member should discuss the situation with the ADOS to determine the appropriate course of action.
3. A matter will be reviewed only when a written charge has been filed within one year of discovery of the alleged violation.
4. In order to file a charge against a non-Scripps, Claremont Colleges student, the student should meet with the ADOS.

6.05 Definitions of Student, Student Organization, Accused, and Complainant
1. “Student” means one who:
   (a) is currently enrolled in classes;
   (b) has completed the preceding semester and/or is enrolled for the next scheduled semester;
   (c) is officially representing the College during a period between regular academic semesters; or
   (d) is not officially enrolled for a particular semester but has a continuing relationship with the College.
2. “Student Organization” means a group that has satisfied the administrative procedures for organization recognition and/or registration as prescribed, and that functions within the College community in the capacity of a student organization.
3. “The Accused” is the person or designated representative of a student organization or group who has allegedly violated a policy or policies.
4. “The Complainant” is the person or the designated representative of a student organization or group or of the College bringing charges against the Accused. This person must be a current student, faculty, or staff member and may include the College.

6.06 Status of Student Pending Disciplinary Proceedings
As a general matter, the Accused retains all privileges at the College and disciplinary sanctions are not initiated until completion of the disciplinary process. However, The College may take whatever measures deemed necessary in response to an allegation in order to protect an individual’s rights.
and personal safety and the safety of the College community. Such measures include, but are not limited to, an interim suspension (immediate, temporary suspension pending the outcome of the disciplinary process), a no contact order (an order that an individual refrain from direct or indirect contact with another person or persons), restrictions on access to campus or areas of campus, and/or appropriate changes in academic schedule. Interim measures also may include reporting the matter to the local police. Failure of a student to adhere to the parameters of any interim measure may lead to additional disciplinary action.

6.07 Potential Sanctions for General Conduct and Policy Violations

1. General Statement Regarding Sanctions
Sanctions for General Conduct or Policy Violations are assessed appropriately for the cited violation. Sanctions will be considered in light of students’ entire conduct record at the College and will be designed to hold students accountable for their actions and the resulting or potential consequences of such actions, to restore or make whole community, to promote the educational well-being of students, and to protect the educational environment of the College and the safety of the community. Failure to comply with the terms of any imposed sanctions may be considered an additional violation. All emergencies or other sudden conflicts preventing the student from completing the sanction(s) must be cleared by the ADOS and are subject to approval.

2. Sanctions for General Conduct or Policy Violations
(a) Expulsion from the College - Expulsion from the College is permanent termination of student status. A permanent notation will appear on the student’s transcripts. The student will be excluded from all classes, seminars, and programs; will not be allowed to participate in any college-sponsored activity; and will not be allowed on college premises.
(b) Suspension from the College - Suspension from the College is termination of student status for a specified but limited period of time. A permanent notation will be made on the student’s transcript indicating the period of suspension. During the period of suspension, the student will be excluded from all classes, seminars, and programs; will not be allowed to participate in college-sponsored activity; and will not be allowed on college premises. Violation of the conditions of suspension, college policies, or regulations during the period of suspension may be cause for further disciplinary action, usually in the form of expulsion from the College. After the suspension, the student usually will be on disciplinary probation for a specified length of time.
(c) Summary Suspension - The ADOS or their designee has the power to impose summary suspension for any action that the ADOS considers severe enough to warrant such emergency action. The ADOS may impose summary suspension after a charge has been filed.
   (i) After summary suspension has been imposed, a hearing on the charge will be heard by the Judicial Board (“JB”) within 5 business days of the summary suspension being imposed, unless otherwise requested by the Accused.
   (ii) The JB will notify the accused and the President of the College immediately upon reaching a decision on the charge.
(d) Suspended Suspension - Under suspended suspension, the student is not suspended but will be suspended automatically if the student commits an offense of a policy referenced in Section 6.09(2) below.
(e) Revocation of Admission - Revocation of admission involves the student’s loss of admitted status to the College. The student may not continue enrollment or enroll for future semesters. Revocation of admission in most cases precludes the student from the opportunity to apply to or be admitted to the College in the future.
(f) Revocation of Degree - Revocation of Degree involves the student’s loss of the right to claim the degree as earned. Posting of the degree will be removed from the student’s transcript, and a permanent notation will be made on the transcript indicating the revocation, the degree involved, and the date of the action.
(g) Disciplinary Probation - Disciplinary probation consists of a formal notice that further violations during a specific period will not be considered individually, but in light of the
student’s past action.

(h) Warning - Warning is a written reprimand for violations of specified College policies or regulations including notice to the student that continued or repeated violations may be cause for further disciplinary action, usually in the form of disciplinary probation.

(i) Restitution - Restitution is reimbursement for a) damage to College property, b) misappropriation of College property, funds or services, or c) minor damage to the property of individuals or groups within the College community. Such reimbursement may take the form of monetary payment or appropriate service to repair or otherwise compensate for damages. Restitution may be assigned for major damage but may be deferred to other appropriate processes.

(j) Organizational Sanctions - Organizational sanctions are applicable to all residential and non-residential organizations, clubs, and similarly organized groups that are responsible for compliance with all College policies. Upon determination that the group has encouraged violations or did not take reasonable steps to prevent violations of College policies, the group may be subjected to permanent or temporary removal of recognition or the group may be subjected to social probation, denial or limited use of College resources and facilities, or other appropriate sanctions.

(k) Other Sanctions - Other sanctions may be imposed instead of or in addition to those specified in the preceding list. Examples include, but are not limited to, housing reassignment or removal, on-campus driving restrictions, prohibition of leadership opportunities, fines, community service, research projects, seminar or class attendance, or other educational experiences as deemed appropriate. If the Accused is assigned a community service or a work project as a sanction, the Accused must complete the assigned work project, i.e. it may not be delegated. Outstanding fines may be charged to a student account at the end of the academic year as determined by the Dean of Students Office.

6.08 Resolution Procedures for General Conduct or Policy Violations
The College’s resolution system for General Conduct or Policy Violations includes three components:
1. Administrative Review
2. Judicial Board Review
3. Appeal

6.09 Administrative Review
Administrative Review involves review of the facts and circumstances of the alleged violation by the ADOS. The Accused student will meet with ADOS to discuss the alleged incident and violation(s). The ADOS may, in their discretion, speak with the Complainant or others who may have knowledge of the facts and circumstances of the alleged policy violation and/or gather and review documents or other evidence relevant to the alleged violation. The ADOS, using a preponderance of the evidence standard, shall issue findings on whether the student is responsible for each alleged violation and, if found responsible, impose a sanction. All students found responsible through Administrative Review retain the right to appeal the appropriateness of the sanction.

Administrative Review is the required form of resolution for certain alleged violations and an optional form of resolution for certain alleged violations. In the event the ADOS imposes a sanction more severe than disciplinary probation (Section 6.07(2)(a)-(f) above) upon a finding of responsibility with respect to a charge that is required to resolved through Administrative Review, the Accused may elect a de novo review by the Judicial Board, including appeal rights from a Judicial Board decision.

1. **Required Administrative Review**. Administrative Review is the required form of resolution for alleged violations of the following policies:

   (a) Demonstration Policy (no allegation of threat or injury to persons or property)
(b) Alcohol and Drug Policy
(c) Advertising, Publicity, and Solicitation
(d) Automobile Registration
(e) Bicycle Policy
(f) Event Registration and Facility Use Procedures and Guidelines
(g) Flowers on Campus Policy
(h) Graffiti Wall Policy
(i) Library Fine Policy
(j) Smoking Policy
(k) Student Identification Card Policy
(l) Student Organization And Student Employment Offices Guidelines
(m) Whistle Policies and Procedures
(n) Animal Policy
(o) Candles and Flammable Materials Policy
(p) Cooking and Electrical Appliances Policy
(q) Damages and Missing Property Policy
(r) Escort and Guest Policy
(s) Evacuation Policy
t) Hall Obstruction Policy
(u) Hall Constitution Violations
(v) Health Policy
(w) Information Technology Policy (no allegation of damage to property or privacy breach)
(x) Key Policy
(y) Lockout Policy
(z) Quiet Hours Policy
(aa) Storage Policy

2. Optional Administrative Review
Students accused of a violation of the policies set forth below may voluntarily request to submit to Administrative Review rather than have the alleged violation(s) resolved by a JB procedure. If the student requests to have the alleged violation(s) resolved through Administrative Review, the Complainant and the College must consent to such submission, in which case the Accused shall sign the Judicial Board Waiver form waving the students right to have the alleged violation(s) resolved through a JB procedure.
(a) Any General Conduct or Policy Violation if, in the same academic year, the student has been found responsible for a General Conduct or Policy Violation
(b) Demonstration Policy (allegation of threat or injury to persons or property)
(c) Firearms, Explosives, and Weapons Policy
(d) Hazing Policy
(e) Information Technology Policy (allegation of damage to property or privacy breach)
(f) Persons and Property Policy
(g) Local, State, and Federal Law Adherence Policy

6.10 Judicial Board Review
The JB is comprised of seven voting members, three students, including the JARC, two faculty members, and two staff members in a position of Director or higher. The additional student members shall be appointed by the JARC. The faculty members shall be appointed by the Vice President for Academic Affairs. The staff members shall be appointed by the Vice President and Secretary of the Board. The JB is chaired by the ADOS who is a non-voting member of the JB. The JB shall conduct a hearing pursuant to the guidelines set forth in Section 6.14 below. A majority
vote is required to find the accused student responsible for an alleged violation. If responsibility is
found, the JB may assess any of the sanctions set forth in Section 6.07 above except suspended
suspension, suspension, revocation of admission or degree, or expulsion, but may recommend such
sanction(s) to the Senior Staff Panel of the College, which shall consist of the Vice President for
Academic Affairs, the Vice President for Business Affairs, and the Vice President for Enrollment.
In such circumstances, the Senior Staff Panel, by majority decision, shall impose the sanction
recommended by the JB or, in its discretion, another sanction.

6.11 Student Procedural Protections for Administrative Review and JB Hearings
1. A policy violation is alleged until the Accused’s case has been heard and due
process is served. The Accused is not responsible for violation of policies until the Accused has
been found responsible for the alleged policy violation using a preponderance of the evidence
standard. A fair and impartial JB hearing of the incident(s) will be held, and each case will be
considered individually in order to render a decision for the education of the student, the
maintenance of individual responsibility, and the preservation of the community. Nothing in this
section shall preclude the ADOS from summarily suspending a student or taking other necessary
measures, pursuant to sections 6.07(2) and 6.13.
2. The Complainant, which may include the College, carries the responsibility for
proving that the Accused did violate policy as charged and for identifying and presenting all
witnesses and information that support the Complainant’s case against the Accused.

6.12 Procedural Protections in the JB Process
Both the Accused and the Complainant receive the following procedural protections for any case
adjudicated by the JB.
1. The Accused will receive written notification of the charges that specifies the
nature of the alleged violation(s), the name(s) of the person(s) bringing forth the charge and the
basis for the charge, including the date and place where the incident(s) allegedly occurred.
2. Either party may review information and/or evidence on file prior to the hearing. A
request for such a review should be directed to the ADOS.
3. Either party may request the dismissal, for stated reasons, of any member of the JB
on grounds of bias. Such request will be heard and determined by the ADOS.
4. Either party may have any number of witnesses whose testimony may be presented
at the hearing on their behalf. If the witness(es) cannot appear in person, a written and signed
documentation of their testimony may be presented during the hearing. Names of witnesses or
documentation from witnesses must be submitted to the ADOS no later than 48 hours prior to the
hearing. During the hearing, both the Accused and Complainant have the right to review a witness’
oral and written testimony.
5. The ADOS will inform the Accused, in writing, of all witnesses that will appear
against the Accused at least 24 hours prior to the hearing.
6. Either party may have one adviser at the hearing who is a member of The
Claremont Colleges community. The adviser may support the parties involved but may not speak on
behalf of the Accused or the Complainant. Advisers are expected to review all hearing procedures
as stated in the Guide to Student Life prior to the hearing.
7. All hearings will be closed unless otherwise requested by the Accused. The chair
will notify via email all parties of the status of the hearing at least 24 hours prior to the hearing. The
number of persons attending the hearing may be limited and is determined by the JB.
8. The College treats judicial proceedings, hearings, and records as confidential and
subject to FERPA.
9. The Accused will be given the opportunity to be present at the hearing, to confront
and question witnesses, to inspect all evidence presented, to present witnesses and evidence, and to
include in closing statements any recommendations of outcomes for the case should the Accused be
found responsible for violation of any of the Scripps College policies. If the Accused declines to
give testimony, this will not be construed as an admission of guilt. However, the Accused retains
the right to question witnesses, present witnesses on the Accused’s behalf, and submit documentary
evidence. If the Accused provides testimony, the Accused is subject to examination on credibility
and on all matters relevant to the charges and to other testimony provided.

10. The Accused may not be subjected to a hearing of an incident(s) where an alleged
policy violation occurred if the Accused has already been charged and reviewed for that same
incident and violation (e.g., double jeopardy).

11. A student’s conduct record is maintained in the Dean of Students Office as a
confidential student file. As a primary document in such files, distribution of any written decision is
limited to the Accused, the personnel associated with the board who heard the case and the
personnel responsible for implementation of sanctions. The Complainant will receive a copy of the
written decision.

12. Either party may submit a written request to the ADOS for exceptions to any of the
established hearing procedures at least 48 hours prior to the hearing. The exceptions must be
approved by a majority vote of the JB.

6.13 Pre-Hearing Process and Timeline
All of the student procedural protections listed in Section 6.11 and 6.12 above must be followed. In
addition, the following procedural guidelines apply to JB hearings.

1. The ADOS will review the written charges to determine if there is sufficient
information to proceed with the hearing process.

2. The ADOS will decide if immediate action is required. Pending a hearing, such
remedies may be imposed by the ADOS or their designee. The College may choose to:
   (a) Remove a student from on-campus housing
   (b) Temporarily relocate a student to another residence hall space
   (c) Not allow a student to attend classes
   (d) Deny a student access to campus
   (e) Condition a student’s residence, attendance in classes, or access to campus
      in appropriate ways.

The College may impose a summary suspension or may impose other remedies as deemed
appropriate. Such remedies will be in effect until the hearing and/or appeals process is completed
and the case closed.

3. The Accused will receive written notice of the misconduct charges that specifies
the nature of the alleged violation(s), the name(s) of the person(s) bringing forth the charge, and the
basis for the charge including the date and place where the incident(s) allegedly occurred. The
ADOS must deliver written notification of the charges (either by hand or through the Accused’s
Scripps College email account) within 48 hours upon the ADOS’s determination that a JB hearing
is warranted. If the Accused is away from campus and notified by email, a signed, dated, and
witnessed notice must also be delivered to the student’s room or campus mailbox.

4. After submission of the charge to the JB by the ADOS, the JB will hold the hearing
as soon as practicable, except in cases where summary suspension has been imposed. In cases
involving summary suspension, the case will be heard by the JB within 5 business days after the
summary suspension has been imposed. However, the JB may meet no later than the last day of
classes of the semester. If a case is brought with insufficient time to be heard in the semester, the
case will be heard in the following semester. The decision to continue the hearing must be made by
a majority of the JB. Prior to the hearing, the ADOS, in the ADOS’s discretion, may assign a staff
member, or engage an outside professional, to gather witness statements, documents, or other
material that may be relevant to the JB’s consideration of the matter. The written documentation for
all charges should include a description of the charges, a description of the incident(s), the policy or
policies that were allegedly violated, and any witness statements, documents, or other material
gathered by the ADOS or the ADOS’s designee.

5. The Accused and Complainant will receive written notice of the date, time, and
location of any scheduled hearing at least five calendar days before the hearing, except in cases where there has been a summary suspension, in which case notice must be provided at least three calendar days before the hearing. This notice must be delivered to the person either by hand or through the Accused and Complainant’s Scripps College email account, or a signed, dated, and witnessed notice may be delivered to the student’s room or campus mailbox. The ADOS shall also notify board members and witness(es) of the hearing date.

6. The Accused or Complainant must submit the name of their adviser, if any, in writing to the ADOS at least 48 hours prior to the hearing.

7. The Accused or Complainant may request the hearing be rescheduled. Requests must be directed, in writing, to ADOS with a statement of grounds for the request at least 48 hours prior to the scheduled hearing. This request will be considered by the JB and, if granted, the ADOS will notify the Accused, Complainant, and all witnesses of any changes.

8. The JB may, for good cause, postpone a hearing and must notify the Accused, Complainant, and witnesses of the new date. It is the responsibility of both parties to notify their adviser of the change.

9. The JB has authority to request that members of the Scripps College student body and members of other Claremont Colleges appear but cannot mandate appearance at the hearing.

6.14 JB Hearing

1. In a pre-hearing meeting, called by the ADOS, the JB members will review the documentary information concerning the incident (including any documents submitted by the Accused, Complainant or their witnesses prior to the hearing), formulate questions, and prepare for the hearing. Only JB members are present during this meeting.

2. The JB reserves the right to conduct a hearing even if the Accused does not appear. Failure to appear does not necessarily constitute grounds for an appeal. The Accused is encouraged to submit a statement to the chair of the JB if the Accused chooses not to attend.

3. Attendance at hearings will be limited to (i) the Accused, the Complainant, and their respective advisors, (ii) the JB members, and (iii) witnesses during the time such witness is testifying.

4. Either party may have any number of witnesses whose testimony may be presented at the hearing on their behalf. The Accused and Complainant shall submit the names of all witnesses to appear, in writing, to the ADOS at least 48 hours before the hearing. The ADOS is responsible for requesting the presence of any witnesses, but cannot guarantee the witness(es) will attend. If the witness(es) cannot appear in person, a written and signed documentation of their testimony may be presented during the hearing.

5. The JB may rule by a majority vote on the admissibility of evidence, the removal of disruptive individuals, the closing of open hearings, and other procedural policies.

6. The chair of the JB may call a recess during the hearing for any reason and at any time.

7. During the hearing, everyone in the room will introduce themselves and indicate their role in the hearing (e.g., Joan Brown, chair; Sally Green, the accused student). If witnesses enter the room later, the chair must ensure they state their names and roles in the hearing.

8. Witnesses are present only during their own testimony. All parties must bear in mind that any disruption of the proceedings or failure to adhere to the rulings of the panel may result in removal from the hearing.

9. The order of the hearing usually involves, but is not limited to, the following:

   (a) The chair of the JB will state the purpose of hearing and the charges asserted against the Accused.

   (b) The Complainant will provide testimony and documentary information.

   (c) The JB may ask the Complainant questions.

   (d) The Accused may ask the Complainant questions.

   (e) The Complainant may call witnesses who may be questioned by the JB,
Accused and Complainant.

(f) The Accused will provide testimony and documentary information.

(g) The JB may ask the Accused questions.

(h) The Complainant may ask the accused questions.

(i) The Accused may call witnesses who may be questioned by the JB, Accused, and Complainant.

(j) The JB, Accused, or Complainant may recall any witnesses as deemed necessary.

(k) The Complainant may make a brief closing statement. No new information may be introduced at this time.

(l) The Accused may make a brief closing statement. No new information may be introduced at this time.

(m) The JB may ask questions at any time during the process.

10. Each witness will tell the JB what the witness knows about the incident being reviewed. Witnesses will limit their testimony to information relevant to case. They may not speak on behalf of the Accused or Complainant. A witness may not serve as the adviser for the Accused or Complainant.

11. Prior to and after a witness has given testimony, the witness is expected to refrain from discussing the hearing and incidents with others.

12. An audio recording of the hearing will be maintained in the Dean of Students Office. Either party may request to hear the recording in connection with submitting or responding to an appeal.

6.15 Deliberation and Decision

1. After closing statements are made, the JB will review all the information presented at the hearing in a closed session and make a decision; the JB will meet daily until a decision is reached. Using a preponderance of the evidence standard, a majority vote is necessary to find the Accused responsible. If the Accused is found responsible, sanctions will be assessed and/or recommended to the Senior Staff Panel by a majority decision of the JB.

2. The Accused and Complainant will be notified in writing of the decision within 48 hours of the decision.

3. A judicial record of the matter will be maintained in a confidential student file by the Dean of Students if the accused does not successfully complete a degree. In cases where dismissal, suspension, or revocation of degree are assessed, documentation of relevant case material (e.g., decision documentation) will become a part of the Accused student’s permanent academic record.

4. If the Accused fails to complete the sanction(s) as prescribed, the JB will review the case that may result in further disciplinary action. The Accused will be notified before the case is reviewed.

6.16 Appeal Time Requirement

Following a JB decision, the Accused and/or the Complainant may file a written appeal within 10 business days of the date that the initial decision was received. Following the assessment of a sanction upon Administrative Review, the Accused or the Complainant may file a written appeal of the appropriateness of sanction within 10 business days of the date the initial decision was received.

6.17 Submission of an Appeal

1. Appeals of JB decisions may only be based upon:

(a) New evidence, of which the appellant was not aware and could not have located with reasonable diligence during the original hearing and is potentially sufficient to alter the decision, has become available;

(b) The sanction imposed is excessive or inappropriate (nature of sanction); or

2. Appeals of JB decisions must be based upon:

(a) New evidence, of which the appellant was not aware and could not have located with reasonable diligence during the original hearing and is potentially sufficient to alter the decision, has become available;

(b) The sanction imposed is excessive or inappropriate (nature of sanction); or
(c) The JB failed to provide the student with due process pursuant to the College’s policies and procedures while reviewing the cited behavior (due process).

2. Appeals of Administrative Review decisions may only be based upon:
   (a) The sanction imposed is excessive or inappropriate (nature of sanction)

3. The written appeal must include the specific grounds for the appeal and supporting documentation. Appeals should be filed by delivering the Appeal to the Vice President for Student Affairs.

4. The appellant should be aware that all appeals are initially documentary reviews in which no oral argument or testimony is taken. In many cases, appeals are determined solely on the merits of the documents submitted and never proceed to oral hearing. Appellate documents, therefore, should be as complete as possible.

6.18 Appeal Process

1. The Appeal Officer for all appeals of Administrative Review and JB decisions shall be the Vice President for Student Affairs. If the Vice President for Student Affairs was a witness in the underlying proceeding, the Vice President and Board Secretary shall serve as the Appeal Officer.

2. The Appeal Officer will notify the other principal party to the original charge (Complainant or Accused) and provide reasonable opportunity to respond in writing.

3. The Appeal Officer will hear the case in a timely manner.

4. After receiving all appellate documents, the Appeal Officer will review the submitted appellate documents, the written decision from the initial review, and supporting materials relevant to the initial review decision. The Appeal Officer may request additional statements from the chair, adviser, the Accused, the Complainant, or witnesses of the initial hearing board.

5. The Appeal Officer will grant or deny the appeal. In either case, the Appeal Officer will determine a course of action that may include upholding the initial decision in its entirety, modifying sanctions of the initial decision, or referring the case back to the JB or Administrative Review Officer for further proceedings.

6. The Appeal Officer will issue a written decision to the Accused, the Complainant, and the ADOS.

7. All decisions of the Appeal Officer are final and binding upon all parties.

Appendix A. Housing Information

Housing Options
Scripps offers a variety of housing options. Students may live on campus in the traditional residence halls or Senior Routt Apartments; petition to live off campus in an unaffiliated house/apartment; or live on another Claremont College campus by participating in a Five-College Living Exchange.

On-Campus Options: Residence Halls
There are 10 residence halls at Scripps College: Clark, Toll, Browning, Dorsey, Frankel, Routt, Gabrielle Jungels-Winkler, Kimberly, Wilbur, and NEW Hall. The number of residents in each hall ranges from 20 to 100. Students living in the residence halls are required to purchase a meal plan.

Senior Routt Apartments
For students who would like the experience of being more independent and the ability to cook their own meals, Scripps offers four furnished on-campus apartments. These apartments consist of four bedrooms, kitchen facilities, and a common area. The cost to live in the apartments is the same cost one pays to live in normal residence hall rooms. Priority for these apartments is given to groups of senior women who apply. Information and applications will be available at the time of Room Selection in the spring.

Alternate Housing Options
On rare occasions when there is a “planned” over-enrollment of students, the College may offer a limited number of alternative housing options. For more information, please contact the Dean of Students Office.

Off-Campus Options
Off-Campus Petitions
Students may petition to live off campus anytime during the year, although petitions are typically granted in the spring for the following academic year. Students are officially granted off-campus status when they receive written notification. The number of off-campus petitions granted is limited, and priority is given to upper-class students. Off-campus status is only granted for one academic year at a time; therefore, students should not sign a lease with more than a one-year rental agreement. If students would like to live off campus after the current academic year, they need to reapply in the spring. No student is guaranteed off-campus status for the following academic year.

Unaffiliated House/Apartment
Students who are granted off-campus status may live anywhere they choose. Students who need to find an off-campus residence are encouraged to look in the Claremont Courier, contact the Real Estate Office (909) 607-2609, or obtain local rental magazines at the Claremont Chamber of Commerce.

Claremont Colleges Campus Options

Five-College Living Exchange
Students interested in living at Claremont McKenna, Harvey Mudd, Pitzer, or Pomona may participate in the Five-College Living Exchange. The exchange provides an opportunity for Scripps students to live on another campus while their “exchange student” lives at Scripps.

Assignments
Each spring, students choose their rooms for the following academic year during the Room Selection lottery system. Room Selection is organized by the members of the residential life staff.

NOTE: Students must sign and return their Confirmation of Enrollment form to the Registrar’s Office by the specified deadline in order to participate in the Room Selection.

Residence Halls Agreement, 2017–2018 Academic Year

I. Period of Agreement
This agreement shall be in effect during the 2017–2018 academic year, beginning Thursday, August 24, 2017, at 8:00 am and ending Saturday, May 12, 2018, at noon (for graduates only: Monday, May 14, 2018, at 12:00 pm). The residence halls are closed to students beginning Saturday, December 16, 2017, at 12:00 pm, and they re-open Sunday, January 14, 2018, at 10:00 am (for new students: Saturday, January 13, 2018, at 8:00 am). During this period, students must find alternate housing.

II. Termination
A. This agreement acknowledges that living in the residence halls is a privilege. This agreement may be terminated upon written approval from Scripps College. The
student shall be entitled to a prorated refund of board charges (no refund of room charges or fees) for any such period paid beyond the effective College-approved termination date, provided the student has completed the established checkout procedure and paid any outstanding amounts owed to the College. If a student vacates the student’s residence before the end of an academic semester and continues to be registered, the student is held liable for rent for the remainder of the contract term. All decisions regarding exceptions to the Residence Halls Agreement are made by the Dean of Students Office.

B. The College may terminate this agreement for any one or more of the following reasons:

1. Indications that the student’s behavior could result in harm to oneself or others.
   a. Emotional Distress
      The College may elect to evict if, at any time, a student is determined to be emotionally unfit to live in College housing. In all such cases, determination shall be made by the Dean of Students Office. In cases of serious emotional crisis or incidents of alcohol overdose, substance abuse, bulimia, anorexia, emotional breakdown, or other similar behavior, the student may be required to have a behavioral contract in order to continue to live in the Scripps residence halls and/or be subject to follow-up conduct action. Students who have attempted suicide, threatened suicide, commented about attempting suicide, or written suicide notes may be required to receive permission to remain in the Scripps residence halls from the Dean of Students Office. This permission will normally be based on an assessment and recommendation from a qualified psychological or medical practitioner.

2. Failure of the student to pay fees due in a timely manner (after receiving written notice).

3. Failure of the student to maintain full-time enrollment status with the College.

4. Violation of the housing contract or policies stated in the Guide to Student Life.
   a. Unauthorized or Illegal Use of Assignment
      The College may elect to evict if, at any time, a student uses the premises for an unauthorized illegal purpose or violates the terms of the Residence Halls Agreement. The College’s decision to evict under this provision shall be made jointly by the dean of students and associate dean of students. An eviction under this provision shall be referred to judicial action for possible further and independent disciplinary action.
   b. Continual Disruption/Unacceptable Behavior
      Residents responsible for excessive noise and/or disruptive behavior who continually disrupt the environment may be subject to eviction as well as further disciplinary action.

III. The College Shall:
A. Provide the student with an assigned space in the residence halls. The room may be either single, double, triple, or quadruple occupancy.
B. Provide each student with a single bed, mattress, dresser, study desk, desk chair, bookshelf, and wastebasket.

C. Furnish meals in campus dining halls in accordance with the student’s choice of meal plan when the College is in session. All residential students are required to be on the meal plan, with the exception of students medically excused by the Dean of Students Office and students residing in the four-person Senior Routt Apartments.

D. Provide cleaning service and maintenance for common areas of the residence halls (lounges, hallways, bathrooms, and shower rooms).

IV. The Student Shall:

A. Be enrolled as a full-time student during the period of the agreement unless alternative arrangements have been approved by the Dean of Students Office.

B. Pay all room and board charges in accordance with the dates and amounts set forth by Business Affairs.

C. Pay a $350.00 security deposit by the date specified by the Admission Office.

D. Not change, alter, or modify the room, suite, or apartment or its furnishings or fixtures without the prior approval of the director of campus maintenance and the Dean of Students Office.

E. Abide by all residence hall policies and procedures as identified in the Guide to Student Life. Violations may become the basis for administrative and/or disciplinary action up to and including expulsion from the College. The Guide to Student Life section on residence hall policies and procedures is considered part of this agreement.

F. Be financially responsible for damages that occur in their room, suite, or residence hall. Such cost shall be established at the College’s reasonable discretion, and payment of such costs shall be made by the student within 15 days of written notice from the College or be deducted from their damage deposit. In the event that the cause of any loss or damage to the residence hall, its common areas, or its furnishings or fixtures cannot be determined after reasonable investigation by the College, the cost of such loss or damage shall be prorated to each student assigned to the residence hall (or suite, where appropriate), regardless of whether such student was present in the residence hall at the time of such loss or damage.

G. Be responsible for familiarizing all personal guests with Scripps’ policies and assume full responsibility for any violation thereof or damage to property.

H. Leave the room and/or suite in a clean and orderly condition, which includes retrieving any stored College-owned furniture, when that student moves or at the termination of this agreement.

I. Evacuate all residence hall spaces in the event of an emergency.

J. Be entitled to a refund of their $350.00 security deposit, less any damages charged against their deposit, upon graduation or withdrawal from the College. Exceptions to this must be approved by the Dean of Students Office and Business Affairs.

V. It Is Further Agreed that:
A. Authorized College personnel may enter the student’s room for cleaning, maintenance, or repairs, for purposes of maintaining compliance with health and safety regulations, and in the case of an emergency or building evacuation. All other entries will be in compliance with state of California and federal laws.

B. While all reasonable precautions will be taken to safeguard the personal property of students, the College assumes no responsibility and provides no insurance or financial protection for the student’s personal property.

C. Unless given prior authorization by the Dean of Students staff member responsible for housing, the student will not enter the residence halls when they are closed.

Consolidation
Occupants may be required to change rooms or residence halls for the benefit of the College. Scripps College reserves the right, in the event of a vacancy, to consolidate student spaces.

Search of Rooms
A search of a student room by College staff may be authorized only by the Dean of Students Office. Such authorization will be issued in writing, indicating the reason for the search and the objects or information sought. Except in emergency circumstances, an occupied residence hall room will not be searched without prior notification of the resident, with the opportunity for the student to be present at the time of the search if she chooses. If the search is conducted without the student being present, the student will receive notification that the search did occur and the reason for it. The College cannot prevent nor prohibit the search of student rooms on College premises by law enforcement officers acting in the performance of their duties.

The College is not liable for the loss of, or damage to, personal property for any cause not arising directly from the negligent acts of College employees acting within the scope of their duties. Private insurance is advised.

Maintenance and Inspection Access
The College reserves the right to enter any room at any reasonable time, including vacation periods, for the purpose of inspection, maintenance, or repair. Additionally, the College reserves the right to enter any room in cases of emergency without providing written notice to students for the purpose of making repairs.

Individual room checks are conducted once a year. Staff checks each room to ensure that the room meets fire code and College standards; a health and safety check evaluation form will be left in each room to explain any hazards that need to be addressed. Students are expected to correct the hazard, and those who do not comply with College and fire code standards are expected to correct the hazard and may be subject to judicial action.

Residence Hall Procedures
Check-In Procedures
1. Each room will be cleaned and furnished by the maintenance and housekeeping staffs to prepare for occupancy.
2. All Room Condition Report (RCR) forms will be completed prior to the day of check-in by a member of the residential life or maintenance staffs. Upon arrival, each student receives a copy of the RCR and a room key from a member of the residential life staff. In the case of roommates, all students in the room will be responsible for community living space, such as walls, lighting, carpeting, and bathrooms. Each resident’s RCR should reflect the condition of the community space and each resident’s own living space.

Room Change and Mid-Year Check-Out Procedure
1. Should a student wish to check out prior to the end of the academic year because the student is moving to another room or is vacating her room for the remainder of the year, a member of the residential life staff will be responsible for collecting the student’s room key.
2. Upon checking out, the residential life staff member will check the room against the RCR form and will note differences, if any. If there are any damages, lack of cleanliness, or a failure to check out properly, the residential life staff member will indicate this on the RCR. If the room is in need of repair, the Maintenance Office will assess the cost of the damage and/or missing furniture and will notify the Student Accounts Office as to the amount the student(s) should be charged at a later date.
3. The original copy, the resident’s room key, and any work requests will be given to the Maintenance Office.
4. The Maintenance Office will check the room for damages and general repairs.
5. If a student is changing rooms/halls, the student must also check in with a member of the residential life staff in the student’s new hall according to the check-in procedures listed above.

NOTE: There is a two-week moratorium on room changes at the beginning of each semester.

End-of-the-Year Check-Out
EVERY student is required to check out of the student’s room at the end of the school year. Prior to the beginning of finals week, all students are required to attend a mandatory hall meeting where information about check-out is presented. At this meeting, a student secures an appointment time to check out. Check-outs are conducted by members of the maintenance, housekeeping, and residential life staffs.

NOTE: A full description of the check-out procedures will be provided prior to the end of the year.

Rooms and Furnishings
All rooms are furnished with a bed, study desk and chair, dresser, bookshelf, and wastebasket. When a student vacates a room, all items must be returned to the room unless the furniture was removed through a Furniture Removal Request. The student is responsible for all missing items and damaged furniture (see Policy 4.13). Any
damages or missing furniture in the room at the time of check-out will result in a fine for the occupant(s) of the room. The following is a list of charges for damages and missing furniture. The charges are general guidelines and may change depending on individual circumstances as assessed by a member of the Maintenance Office staff.

Residents are responsible for all items marked on their RCR at check-in (items may be added or removed only by submitting a work order request to the Maintenance Office through a residential life staff member). Scripps College is not responsible for any items left in the basement over the summer. Scripps College does not provide summer storage.

**Residence Hall Use During Vacations**
During the semester break in late December and January, ALL residence halls and on-campus apartments are closed. During fall and spring break, residence halls remain open. Food service is available at one of the colleges during fall and Thanksgiving break, but not during spring break.

**Summer Housing**
Summer housing is not guaranteed and is subject to availability. Please contact the Residential Life Office.

**Appendix C. Information Technology Agreement**

**Scripps Computer Network Student Agreement**
Before using the Scripps Computer Network, for the first time, you must be aware of and agree to abide by the rules and standards that dictate appropriate use of the computing resources on campus. Whether you are using the Scripps Network resources in the student computer labs or in your own room, the rules governing appropriate use of computing at Scripps and the other Claremont Colleges still apply.

It is your responsibility to familiarize yourself with all of the rules that govern appropriate conduct on the network you are using, realizing that in addition to Claremont and Scripps College specific guidelines, there are additional rules that may apply to systems on the Internet that you intend to use.

These policies include The Claremont Colleges [Appropriate Network Use Policy](#) and the [Scripps Web Policy](#). Plus, there are additional policies that apply specifically to the computing resources at Scripps College, The Claremont Colleges, and other institutions and sites on the Internet. It is the user’s responsibility to become informed about the various policies associated with using either local or Internet resources and to adhere to those policies regulating the service.

Among the regulations listed in the guidelines is that no one else is permitted to use your Scripps Network Account. This, like other violations of the Scripps College Network, will result in immediate disciplinary action, whereby your privileges on the Scripps Network may be revoked and you may be subject to other penalties or legal action. In addition, since you have full Internet access from the Scripps Network, it is important to remember that you are prohibited from accessing or attempting to access any computer system that you do not specifically have authorization to use.

Scripps College IT Resources available for you to install can be found here: [https://inside.scrippscollege.edu/it/self-installations](https://inside.scrippscollege.edu/it/self-installations)

IMPORTANT: All students are required to notify Scripps College IT within one week of placing any Internet provider or file/print sharing device on the network. Examples include but are not limited to chat, FTP site, Web server, and Windows or Mac with print and/or file-sharing enabled. Failure to register your computer can result in immediate disconnection from the network.
I, (print student name), have read the above introduction to the Scripps Network and agree to abide by these and the other rules that apply to appropriate use of Network resources at Scripps College. Signature on file. Student Copy

Appendix C. Telephone Information

Students who wish to activate the phone jack in their residence hall rooms may do so by contacting the Dean of Students Office and making that request. All lines are equipped with direct dial and voicemail. There is no charge for voicemail or call waiting. Students must provide their own phone equipment. For long-distance calling, students will need to have their own calling card. Please contact the Dean of Students Office for more information about these services. For general campus telephone information, visit the Claremont University Consortium telephone webpage.

Dialing Instructions for Calls:
Dial the last five digits, or extension, of the phone number (example: if the number is 607-1234, the extension is 71234). To make a local off-campus call, dial 9 and then the desired number. To make a long-distance call, dial 9 and the 1-800 number on the calling card.

Telephone Customer Service Center:
For the telephone repair/trouble hotline, please visit the help webpage. The voicemail hotline extension is 73172. A request must be made through the Dean of Students Office for a voicemail box to be added to your extension.

Appendix D. Facility Reservations

If you are an event planner, you have access to a variety of facilities at Scripps College. Campus facilities, including classrooms, auditoriums, lawns, gardens, residence hall spaces, and courtyards, must be reserved through the Virtual Event Management System (VEMS). Reservations can be made beginning the first day of classes each semester, and events cannot be booked after the last day of classes each semester. Requests for facilities should be made as far in advance of the event as possible.

To reserve a space and start planning your event, please visit the VEMS website at http://emsweb.claremont.edu/Scripps/. Instructions are posted on this website; for detailed information, click on the “Links” tab. To check for available space or for facilities information (including capacity), click on the “Browse” tab.

Students planning an event with alcohol and using a Scripps facility must also meet with the Student Activities Coordinator in the Office of Student Engagement (OSE) for approval and to discuss the forms, policies, and procedures involved. Students may also reserve the Motley Coffeehouse through their website.
To reserve tables in Seal Court, please use VEMS. All requests must be made at least 48 hours in advance (excluding Saturday and Sunday). If you do not see Seal Court available for the date you would like, please email the Public Events Office at 
\texttt{events@scrippscollege.edu} at least 48 hours in advance. Students interested in reserving the Hampton Room must email the Public Events Office at 
\texttt{events@scrippscollege.edu} at least 48 hours in advance.

Once you enter your facility request via VEMS, you will receive an email confirmation of approval from the reservation scheduler. Your facility request is not approved until you receive this confirmation. Please be sure to give a thorough description of your event/tabling and provide other details, such as whether you will have music, as these items also must be approved.

If your event is canceled, be sure to cancel through VEMS. Additionally, contact any resource services you obtained for the event to cancel directly with each department, including Media Services, Catering, and Facilities.

At times, back-to-back events are common; users may not ask the preceding group to vacate the facility prior to the time reserved. Facility users are also responsible for unlocking and relocking all facilities.

\textbf{Appendix E. Grounds Department Services}

The Grounds Department is responsible for all exterior maintenance on campus. Everything that is not under a roof is covered under this guideline. We always appreciate reports on any broken sprinklers and any safety hazards noted on campus. Email \texttt{Grounds@scrippscollege.edu}.

For your privacy, the Grounds staff is not permitted to work in interior courtyards prior to 9 am during the academic year, although emergencies may warrant early entrances. Staff hours are Monday through Saturday from 7 am to 3:30 pm during the academic year.

The Grounds Department offers the following support for activities:

\begin{itemize}
  \item 1. Do pre-event site cleaning and detailing.
  \item 2. Turn off irrigation prior to activities.
  \item 3. Mark approved reserved parking spaces.
  \item 4. Place decorative plants in containers for stage or podium College-sponsored events.
  \item 5. Place, retrieve, and empty trash receptacles.
  \item 6. Provide aluminum trash cans and hose for BBQs.
  \item 7. Provide information on plant identification.
  \item 8. Assist with placement of temporary signage for events.
  \item 9. Supply wood for fireplaces.
  \item 10. Remove bicycles that are illegally parked, per \textit{Guide to Student Life} bicycle
parking policy, as approved by DOS. Return of bikes requires proper identification of bike as well as location it was last parked. The Grounds Department is not responsible for policy.

Individuals and organizations may request Grounds Department support for an event by completing and submitting a Scripps College Event Registration Form & Contract, available at the Office of Student Engagement. Students are required to fill out necessary paperwork one week prior to any event and two weeks prior to any event where alcohol will be served (a drawing of the location of the perimeter fence, entry areas, and number and location of Campus Safety personnel is required).

Art projects proposed for the square block contiguous to the Millard Sheets Art Center require approval by the Art, Grounds, and Maintenance departments. Art projects on any other area of the campus require the approval of the Treasurer’s Office and the Building and Grounds Committee. An art installation policy may be requested from the Art Department.

Appendix F. Emergency/Disaster Preparedness Information

Emergency Response Medical Team
As part of the Scripps Emergency Operations Plan, an Emergency Medical Team, consisting of students, staff, and faculty, is available to assist in performing triage and treatment for minor injuries when appropriate. First Aid experience is preferred but not a requirement. First Aid/CPR/AED certification is provided by the College to active members. The team trains two or three times per semester (1.5 hours each time). Participation in training and drills is required. Students interested in volunteering with the Emergency Medical Team should contact the Scripps Office of Human Resources at ScrippsHR@scrippscollege.edu.

How to Prepare Personally
1. Keep the following items easily accessible in your room: bottled water, personal first aid kit, radio with good batteries, flashlight with spare batteries, comfortable shoes, plastic bags for toilet and sanitation purposes, emergency rations, extra pair of eyeglasses, essential medications.
2. Know all evacuation routes and exits, as well as your evacuation site.
3. Organize your room in such a way as to avoid hazards (e.g., don’t sleep directly beneath windows, bookshelves, or picture frames).
4. To receive Scripps Alerts, register with the College’s emergency mass notification system at http://inside.scrippscollege.edu/emergency/scripps-alert-emergency-contact-information.
5. Participate in all emergency drills.
6. Attend all meetings regarding emergency procedures.

EARTHQUAKE

What to Expect in the Event of an Earthquake
1. Everything shakes and rattles.
2. There is a lot of noise (banging and/or rumbling).
3. Things will fall and break (such as ceiling tiles, bookcases, computers.)
4. The motion may be severe (if you are standing, you may be thrown to the ground).

**What to Do during the Earthquake**

1. REMAIN CALM. Stay where you are until the shaking stops.
2. If indoors, **DROP down onto your hands and knees** (before the earthquake knocks you down). This position protects you from falling but allows you to still move if necessary.
3. **COVER** your head and neck (and your entire body if possible) under a sturdy table or desk. If there is no shelter nearby, only then should you get down near an interior wall (or next to low-lying furniture that won’t fall on you) and cover your head and neck with your arms and hands.
4. **HOLD ON** to your shelter (or to your head and neck) until the shaking stops. Be prepared to move with your shelter if the shaking shifts it around. Stay where you are until the shaking stops. Do not run outside.
5. Stay away from windows and objects that may fall.
6. Do not use elevators.
7. If outdoors, stay in an open area away from buildings, trees, street lights, and utility wires. *Do not enter buildings.*

**What to Do after an Earthquake**

1. **AFTER THE SHAKING STOPS,** if you are in your residence hall, proceed to the designated evacuation site and check in with your RA. Wait to receive further instructions from your RA. If you are in a classroom, follow the instructions from your professor. If outdoors, proceed to the nearest evacuation site and check in with the department monitor for that site.
2. If you require first aid, let your RA (or designate) know.
3. Keep calm and provide assistance to others.

**LOCKDOWN**

1. Once you receive notification by phone, email, and/or text message OR from Scripps personnel, proceed to the nearest **safe room** (if you know the location) or go to the closest room that can be locked.
2. **Lock the door.** Move furniture to barricade the door, if possible.
3. Shut the curtains/blinds covering the windows.
4. Turn off the lights.
5. Sit/crouch down in areas that are out of sight from doors and windows.
6. Switch your cell phone to **vibrate.**
7. **Don’t open the door for anybody!** **Remain quiet and calm** until Campus Safety or police arrive and/or you are notified by phone, email, or text message.

**In the Event of a Disaster**

1. Once it is safe to evacuate the building, proceed to your designated evacuation site (or the nearest evacuation site, if not in your residence hall) and check in...
1. If you are on another campus, check in with an official from that college. Remain at that college until a college official informs you that it is safe to return to Scripps.

2. Assist emergency staff as needed.

3. Cooperate with the College and local officials in command of emergency procedures.

Fire Safety Rules
When fire or smoke is detected in a building, sound the alarm, evacuate the building, and call the Department of Campus Safety (ext. 72000) to report the emergency.

State and local fire laws require the following:
1. One approved fire drill should be held per semester, coordinated by the Readiness Emergency Committee and the residential life staff. Students who fail to evacuate the residence halls during a fire drill may be subject to a fine of $150.
2. Corridors and exit doors must be free of obstructions at all times.
3. Lighted candles or open flames in the residence hall are not permitted. Excessive amounts of combustibles (such as paper products and textiles attached to walls and ceilings or hung as room dividers) are considered fire hazards and are not permitted. Excessive amounts of combustible wall or ceiling decorations and the overloading of electrical outlets are prohibited.
4. Corridor decorations and signs must be made from non-flammable materials or treated with an approved flame-retardant solution.
5. Holiday trees and tree branches must be treated with an approved flame-retardant solution.
6. Flammable liquids may not be used or stored in any residence hall.
7. Cooking in student rooms is not permitted.
8. If a residence hall fails to evacuate all of its residents, (i.e., a resident sleeps through the fire drill or does not hear the alarm), the residence hall will continue to have fire drills until the residents work together (i.e., door-knocking) to successfully evacuate the building.

Appendix G. Safety & Security Report (External Link)

Introduction
The Higher Education Opportunity Act (HEOA) requires all institutions of higher education that maintain on-campus housing to publish an annual Safety & Security Report. This report contains the information required by the HEOA for Scripps College, including our fire safety practices and a fire log with statistics regarding on-campus fires. The annual Safety & Security Report is available by October 1 to all students, prospective students, faculty, and staff.
On-Campus Housing Safety Information/Policies

Fire Emergency Procedures
- If you see fire or smell smoke, activate the closest fire alarm.
- Evacuate to your designated evacuation area (as discussed with your resident advisor during your first hall meeting) and report to your building monitor or resident advisor.
- Report the location of the fire to Campus Safety at (909) 607-2000.
- All persons within a building are required to evacuate when an alarm has sounded. Persons who do not evacuate present a danger to themselves and a liability to the College and will be referred to the College judicial process.

Fire Alarm Systems
The purpose of our fire alarm system is to signal the need for the evacuation of a building and to notify Campus Safety automatically. False alarms and tampering with fire safety equipment is unlawful. The penal code provides that any person who sets off a false alarm is guilty of a misdemeanor punishable by a fine and/or imprisonment.

Fire Safety Equipment
Students who tamper with fire-fighting or safety equipment (including fire extinguishers and smoke detectors) are subject to a fine of $100, expenses for necessary repairs of equipment, and/or judicial action.

Fire Sprinkler Systems
Fire sprinklers are in many buildings and smoke detectors are in each residence hall.

Halogen Light Policy
Due to documented fire dangers of halogen lighting, Scripps prohibits the use of halogen lamps. Desk, table, or floor lamps that contain a halogen light bulb are not permitted on campus.

Open Flames
Due to the danger presented by open flames, candles or any other flame may not be used on campus unless they are used as part of a campus event and approved by the Dean of Students Office.

Barbecue areas are designated by Grounds, and the regulations surrounding the use of barbecues on campus can be found in the Guide to Student Life. No grills of any kind (gas, electric, charcoal, etc.) may be used outside of these designated areas. Personal grills may not be stored in the residence halls.

Explosives
The state law, as well as Scripps College policy, prohibits bringing firecrackers or explosive materials of any kind onto any part of the campus or into the buildings. This includes combustibles in containers such as gasoline cans. Furthermore, gasoline-powered scooters and motorcycles cannot be stored in individual rooms or elsewhere in
residence halls at any time. Vehicles found to be stored in unauthorized areas will be towed and stored at the owner’s expense.

**Fire Safety Education**

The resident advisors receive fire prevention and response training each semester. The training consists of classroom instruction followed by hands-on application of fire extinguishers. In addition, evacuation drills are conducted each semester to test the resident advisor’s ability to facilitate evacuation in the event of an emergency. All residential students are also trained as to the College’s evacuation procedures during their first residence hall meeting.

**On-Campus Housing Fire Safety Systems**

Scripps College complies with all local, state, and national fire regulations. All of Scripps’ residential buildings have fire alarms and manual fire extinguishers. Evacuation drills of all residential buildings are conducted each semester. Fire safety systems are routinely inspected and monitored as mandated by the county of Los Angeles. A log of these inspections is maintained by the Facilities Department.

INTRODUCTION

I. General Policy Statement

As a community dedicated to the education of women and the advancement of learning, Scripps College (the “College”) seeks to maintain an environment in which individuals can live, learn and work free from discrimination and harassment, including sexual violence, sexual misconduct, dating violence, domestic violence, or stalking. The College regards such behavior as inimical to its educational purposes and to the respect for individuals that it holds to be essential in all aspects of its institutional life. Members of the Scripps community, defined as all individuals permanently or temporarily employed by, studying at or officially connected with the College, should be aware that the College is strongly opposed to all forms of discrimination and harassment and that such behavior is prohibited by College policy and, in some instances, by civil and criminal laws.

All forms of harassment and discrimination on the basis of sex, gender identity and expression, pregnancy, religion, creed, color, race, national or ethnic origin, ancestry, immigration status, sexual orientation, medical condition, physical or mental disability, age, marital status, veteran status, family care leave status, or any other basis prohibited by state or federal law destroy the foundation for respect and violate the sense of community vital to the College’s educational enterprise. Sexual violence and sexual misconduct offenses are a form of sexual harassment and are strictly prohibited by the College. This policy also prohibits dating violence, domestic violence, and stalking. Retaliation against a person who reports, complains about, or participates in the investigation of a complaint of discrimination or harassment is likewise prohibited.

This policy strictly prohibits discrimination against, or the harassment of, any individual at the College or at College activities occurring away from campus, including but not limited to all individuals regularly or temporarily employed, studying, or with an official capacity at the College (such as Trustees, guest lecturers, volunteers, and contractors). Persons violating this policy will be subject to disciplinary action up to and including discharge from employment or expulsion from the College.

It is the responsibility of all faculty, staff, and students at the College to ensure compliance with this policy. Accordingly, faculty, staff, or students who believe they are being harassed or discriminated against, have observed harassment of, or discrimination against, another person at the College in violation of this policy, or believe such conduct has occurred, should immediately report the incident following the complaint reporting procedures below.

As an educational institution, the College is committed to the principle of free expression and the exploration of ideas in an atmosphere of civility and mutual respect. The College also recognizes that the educational process can often be disturbing and unsettling, particularly when one’s current ideas or values are being challenged. This means that the learning, working, and living environments might not always be comfortable for all members of the college community. The College does not proscribe speech simply because it is offensive. In determining whether an act constitutes discrimination or harassment, the context must be carefully reviewed and full consideration must be given to protection of individual rights, freedom of speech, and academic freedom.

II. Jurisdiction

The policies and procedures set forth herein apply to all College faculty, staff, and students. These policies and procedures also apply to third parties (such as campus visitors or vendors) who may have contact with members of the College community either on the College’s campus or at other College events and programs. For purposes of these policies and grievance procedures, a Complainant is the student, faculty, or staff asserting that such person has been the subject of a policy violation. The College also may be a Complainant. A Respondent under these policies and procedures is the person alleged to have engaged in conduct that
constitutes a violation of these policies. If the alleged perpetrator is an employee or student from one of the other Claremont Colleges or the Claremont University Consortium, the College will investigate the matter and take steps to stop the conduct and remedy its affects to the extent reasonably possible. However, the grievance or other relevant procedures related to any disciplinary action against the Respondent will be those of the Respondent’s home institution.

The grievance procedures set forth below are administrative in nature and are separate and distinct from the criminal and civil legal systems. Pursuing resolution through these procedures does not preclude someone from pursuing legal action now or in the future. If the conduct in question is alleged to be a violation of both College policy and public law, the College may proceed with its normal process, regardless of action or inaction by outside authorities. Decisions made or sanctions imposed through these or other College procedures are not subject to change because criminal or civil charges arising from the same conduct are dismissed, reduced, or rejected in favor of or against the Respondent.

In the event of a conflict with any other Scripps College policy or Claremont Colleges intercampus policy, the policies and procedures set forth below will prevail.

CIVIL RIGHTS RELATED POLICIES

I. Statement on Non-Discrimination, Equal Opportunity, and Related Laws

The College does not discriminate on any illegal basis in the administration of its admission, educational, or employment policies and practices, nor in the recruitment, training, promotion, financial support, or compensation of its faculty, students, or staff. The College complies with all applicable state and federal laws, including, but not limited to:

A. Title IX of the Higher Education Amendments of 1972;
B. The Violence Against Women Reauthorization Act of 2013;
C. Title VI of the Civil Rights Act of 1964;
D. Title VII of the Civil Rights Act of 1964;
E. California SB 967 (“Yes Means Yes”);
F. California Fair Employment and Housing Act (“FEHA”);
G. California Unruh Civil Rights Act;
H. Family Educational Rights and Privacy Act of 1974;
I. Section 504 of the Rehabilitation Act of 1973;
J. Americans with Disabilities Act (the “ADA”);
K. Age Discrimination in Employment Act of 1967, as amended by the Older Worker’s Benefit Protection Act (“ADEA”);
L. Any other applicable federal, state, or local law addressing nondiscrimination and/or equal employment opportunity.

Inquiries concerning the application of these laws to the College should be referred to the Title IX Coordinator or, if applicable, the Section 504 Coordinator.
II. Equal Employment Opportunity

The College prides itself in being an open, competitive, and equal opportunity employer. The College is committed to a policy of equal employment opportunities for all applicants and employees and complies with all applicable state and federal laws on the matter. The College does not unlawfully discriminate on the basis of race, color, creed, religion, national or ethnic origin, ancestry, immigration status, sex, age, sexual orientation, gender identity and expression, marital status, pregnancy, physical or mental disability, medical condition, family care leave status, veteran's status, or any other category protected by law. The College also prohibits the harassment of any employee on any of these bases. The College also makes reasonable accommodations for disabled employees. This policy applies to all areas of employment including recruitment, hiring, training, promotion, compensation, benefits, transfer, and social and recreational programs. It is the responsibility of every manager and employee to follow this policy conscientiously. Employees with questions regarding this policy should discuss them with the Director of Human Resources or their supervisor.

III. Harassment Policy

A. It is the policy of Scripps College to maintain an environment for students, faculty, and staff that is free of prohibited harassment. All members of the community should be aware that the College is concerned about such harassment, and is prepared to take prompt remedial action to prevent and correct such behavior. Individuals who engage in sexual harassment (which includes harassment based on gender, pregnancy, childbirth, or related medical conditions), as well as other prohibited harassment based on such factors as religion, color, race, national or ethnic origin, ancestry, immigration status, sexual orientation, gender identity and expression, physical or mental disability, age, marital status, family care leave status, or veteran status, will be subject to discipline, up to and including expulsion or termination. Retaliation against a person who reports, complains about, or participates in the investigation of such harassment is likewise prohibited.

B. Prohibited Harassment Defined

1. Prohibited Harassment in General

Prohibited harassment is conduct that creates an intimidating, offensive, or hostile working or academic environment, or that interferes with work or academic performance, including harassment based on a person’s protected status, including race, color, national origin, ancestry, immigration status, sex (which includes harassment based on gender, pregnancy, childbirth, or related medical conditions), sexual orientation, gender identity and expression, age, religion, physical or mental disability, medical condition, marital status, veteran status, family care leave status, or any other status protected by antidiscrimination and anti-harassment statutes, such as Titles VII or IX of the Civil Rights Act, the Americans with Disabilities Act, the Age Discrimination in Employment Act, and the California Fair Employment and Housing Act.

Harassment can be physical, verbal, or visual. Harassment can be committed by employers, coworkers, fellow students, and third parties. Generally, statements and/or conduct legitimately and reasonably related to the College’s mission of education do not constitute harassment.

To count as harassment under this policy, such conduct must:

- be offensive to the individual complaining of harassment and offensive to a reasonable person; and
- be so persistent, repetitive, pervasive, or severe that it has the purpose or effect of substantially interfering with an individual’s academic or professional performance or
creating an intimidating, abusive or hostile educational, employment or living environment at the College.

Harassment may also occur when submission to conduct described above is made either explicitly or implicitly a term or condition of an individual’s employment, education, living environment at the College, or participation in a College activity.

2. **Sexual Harassment**

   One form of unlawful harassment is sexual harassment. Sexual harassment may be either “quid pro quo” harassment, that is sexual advances or requests for sexual favors where submission is made an explicit or implicit term or condition of an individual’s employment or education or where submission or rejection is used as the basis for making employment or educational decisions affecting an individual; or “environmental” harassment, where the individual is subjected to a hostile or intimidating environment, in which verbal or physical conduct, because of its severity and/or persistence, is likely to interfere with an individual’s work or education, or to affect adversely an individual’s living conditions. Occasional compliments that are generally accepted as not offensive or other generally accepted social behavior, on the other hand, do not constitute sexual harassment.

   Examples of sexual harassment may include such conduct as:

   a. Physical assault or other unwelcome touching;

   b. Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades, or letters of recommendations;

   c. Direct propositions of a sexual nature;

   d. Subtle pressure for sexual activity, an element of which may be repeated requests for private meetings without an academic and employment purpose;

   e. A pattern of conduct that would discomfort or humiliate, or both, a reasonable person at whom the conduct was directed that includes one or more of the following: (1) unnecessary touching, patting, hugging, or brushing against a person’s body; (2) remarks of a sexual nature about a person’s clothing or body, whether or not intended to be complimentary; (3) remarks about sexual activity or speculations about previous sexual experience; or (4) other comments of a sexual nature, including sexually explicit statements, questions, jokes or anecdotes;

   f. Certain visual displays of sexually-oriented images outside the educational context;

   g. Letters, notes or electronic mail containing comments, words or images as described in (e) above.

   Sexual harassment includes harassment of women by men, of men by women, and same gender gender-based harassment. Sexual misconduct offenses are specific forms of sexual harassment and are strictly prohibited by the College. Due to the unique nature of sexual misconduct, the College has a separate Sexual Misconduct Policy which is outlined below.

3. **Other Forms of Harassment**

   Although sexual harassment is one form of prohibited harassment, the College prohibits any harassment that meets the elements set forth in B(1) above, including but not limited to harassment based upon a person’s race, ethnicity, religion, disability, or immigration status.

   Examples of conduct that may constitute other forms of harassment include:
a. Threatening a person;
b. Physically blocking a person’s movement about campus;
c. Derogatory or hostile comments repeatedly directed at another person;
d. Inciting others to direct hostile or derogatory comments at another person;
e. Comments about personal appearance, personal behavior, or a person’s body;

4. Electronic Communication and On-line/Social Media Activity.

Social Media and electronic devices facilitate the expeditious and broad dissemination of information. Although these forms of communication may occur on websites or applications that are not a part of the Consortium computer network, items posted on social media (or other online sites) or communications through electronic devices can have an effect on a person’s academic, residential, or work life at the College. Community members should know that activity on social media or communication to or about another person through electronic means can constitute harassment under this policy if the activity meets the elements described above in Section B(1).

IV. Sexual Misconduct, Relationship Misconduct, and Stalking Policy

A. The expectations of our community regarding sexual consent can be summarized as follows: In order for individuals to engage in sexual activity of any type with each other, there must be clear, knowing and voluntary consent prior to and during sexual activity. Consent is sexual permission.

Sexual misconduct is a specific form of sexual harassment and is prohibited by the College. Sexual misconduct is defined as:

1. Non-Consensual Sexual Contact (or attempts to commit same)

   Non-Consensual Sexual Contact is:
   • any intentional sexual touching,
   • however slight,
   • with any object,
   • by a person upon a person,
   • that is without consent and/or by force.*

   Sexual contact includes: Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

   * The use of force is not “worse” than the subjective experience of violation of someone who has sex without consent. However, the use of physical force constitutes a stand-alone non-sexual offense and in cases involving force the Respondent will face additional charges for the assaultive behavior.

2. Non-Consensual Sexual Intercourse (or attempts to commit same)
Non-Consensual Sexual Intercourse is:

- any sexual intercourse however slight,
- with any object,
- by a person upon a person,
- that is without consent and/or by force.

Intercourse includes: vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

3. Other Conduct: The following alleged conduct will be addressed through the Grievance Procedures outlined herein.

   a. Dating violence (as defined by the Violence Against Women Act) is violence committed by a person

      i. who is or has been in a social relationship of a romantic or intimate nature with the victim;

      ii. where the existence of such a relationship shall be determined based on a consideration of

           (1) the length of the relationship, (2) the type of the relationship, and (3) the frequency of

                interaction between the persons involved in the relationship

   b. Domestic violence (as defined by the Violence Against Women Act) is the use of physical, sexual

      or emotional abuse or threats to control another person who is a current or former spouse or

      other intimate partner. It includes felony or misdemeanor crimes of violence committed by a

      current or former spouse of the victim, by a person with whom the victim shares a child in

      common, by a person who is cohabitating with or has cohabitated with the victim as a spouse,

      by a person similarly situated to a spouse of the victim under the domestic or family violence

      laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth

      victim who is protected from that person’s acts under the domestic or family violence laws of

      the jurisdiction.

   c. “Stalking” means engaging in a course of conduct directed at a specific person that would cause

      a reasonable person to—

      (1) fear for his or her safety or the safety of others; or

      (2) suffer substantial emotional distress

4. Sexual Exploitation: Sexual Exploitation is a form of sexual misconduct which occurs when a

   person takes non-consensual or abusive sexual advantage of another for his/her own advantage

   or benefit, or to benefit or advantage anyone other than the one being exploited, and that

   behavior does not otherwise constitute one of the other sexual misconduct offenses. Examples

   of sexual exploitation include, but are not limited to:

   a. Invasion of sexual privacy;

   b. Prostituting another person;

   c. Non-consensual video or audio-taping of sexual activity;

   d. Going beyond the boundaries of consent (such as letting your friends hide in the closet to

      watch you having consensual sex);

   e. Engaging in voyeurism;
f. knowingly transmitting a sexually transmitted infection, a sexually transmitted disease, or HIV to another person;

g. Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals;

h. Sexually-based stalking.

5. **Sexual Assault**: “Sexual assault” (as defined by the Violence Against Women Act) means an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. Generally, a sexual assault has been committed when an individual engages in sexual activity without the explicit consent of the other individual involved. Sexual activity is any touching of a sexual or other intimate part of a person for the purpose of gratifying sexual desire of either party. This includes coerced touching of the actor by the victim as well as the touching of the victim by the actor, whether directly or through clothing. Charges of Sexual Assault within the jurisdiction of this Policy will be processed as Non-Consensual Sexual Contact or Non-Consensual Sexual Intercourse depending upon the nature of the factual allegations.

B. **Consent**: Consent is clear, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable and clear permission regarding willingness to engage in (and the conditions of) sexual activity. In order to give effective consent, one must be of legal age and have the capacity to give consent. The legal age of consent in the state of California is 18 years.

1. Consent to any one form of sexual activity does not imply consent to any other form(s) of sexual activity.

2. A previous relationship or prior consent does not imply consent to future sexual acts.

3. Consent can be withdrawn. Thus, even if a person agreed to sexual interaction or continued sexual interaction, that person has the right to change their mind, irrespective of how much sexual interaction may have already taken place.

4. **Force and Coercion**: Consent obtained through force is not consent. Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force includes the use of threats, intimidation (implied threats) and/or coercion to produce consent. Coercion is unreasonable pressure for sexual activity (“Have sex with me or I’ll hit you. Okay, don’t hit me; I’ll do what you want.”). Coercive behavior differs from seductive behavior based on the type of pressure used to get consent. When someone makes it clear that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

**NOTE**: There is no requirement that a party resists a sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force, however, is not demonstrated by the absence of resistance.

5. **Capacity/Incapacitation**: Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction). Sexual activity with someone who one should have known to be -- or based on the circumstances should reasonably have known to be -- mentally or physically incapacitated (i.e. by alcohol or other drug use, unconsciousness, asleep, or blacked out), constitutes a violation of this policy.

a. **Incapacitation due to alcohol or other drugs**: Because alcohol or other drug use can place an individual’s capacity to consent in question, sober sex is less likely to raise such questions. Being under the influence of alcohol or other drugs does not in and of itself indicate
incapacitation. When alcohol or other drugs, including date rape drugs (such as Rohypnol, Ketamine, GHB, etc.), are involved, a person will be considered unable to give valid consent if they cannot fully understand the details of a sexual interaction (the who, what, when, where, why, or how) because they lack the capacity to reasonably understand the situation. Administering a date rape drug to another individual is a violation of this policy. More information on these drugs can be found at http://www.911rape.org/.

b. **Incapacitation due to other reasons:** This policy also covers a person whose incapacity results from mental or physical disabilities, sleep, unconsciousness, or involuntary physical restraint.

6. **Invalid Excuses.** In any proceedings under these policies and procedures, a Respondent may not assert as an excuse to an alleged lack of consent that the Respondent believed that the Complainant consented under any of the following circumstances:

a. The Respondent’s belief in affirmative consent arose from the intoxication or recklessness of the Respondent;

b. The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the Complainant affirmatively consented; or

c. If the Respondent knew or should reasonably have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:

1. The Complainant was asleep or unconscious;

2. The Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant could not understand the fact, nature, or extent of the sexual activity; or

3. The Complainant was unable to communicate due to a mental or physical condition.

V. **California Law**

A. Conduct in violation of this policy also may constitute criminal conduct under the laws of the State of California. The following is a partial review of the California statutes covering rape, domestic violence, and stalking. In California, dating violence is included within the definition of domestic violence. This discussion intended only for purposes of information and guidance, does not cover all acts that may constitute criminal sexual behavior or all parts of the sex crime statutes, and should not be construed as legal advice.

B. **Rape.** Under California Penal Code Section 261, “Rape” includes an act of sexual intercourse:

   -- Where it is accomplished against a person’s will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

   -- Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused. Under California law, a person is prevented from resisting if he or she is so intoxicated that he or she cannot give legal consent. In order to give legal consent, a person must be able to exercise reasonable judgment. In other words, the person must be able to understand and weigh the physical nature of the act, its moral character, and probable consequences. Legal consent is consent given
freely by someone who knows the nature of the act involved.

-- Where a person is at the time unconscious of the nature of the act, and this is known to the accused. "Unconscious of the nature of the act" includes being incapable of resisting because the victim was unconscious or asleep or was not aware, knowing, perceiving, or cognizant that the act occurred.

C. **Domestic Violence.** Under California Penal Code Section 13700, “Domestic Violence” means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, “cohabitant” means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as husband and wife, (5) the continuity of the relationship, and (6) the length of the relationship.

D. **Stalking.** Under California Penal Code Section 646.9, Stalking is the willful, malicious, and repeated following or willful and malicious harassing of another person and making a credible threat with the intent to place another person in reasonable fear for his or her safety, or the safety of his or her immediate family.

VI. **Consenting Relationships**

A. The College strongly discourages and considers inappropriate consenting sexual relationships between individuals associated with the College, in the case where one of whom exercises institutional authority over the other.

B. Where such relationships involve the active and immediate exercise of authority, as in the case of a faculty member and a student currently studying under the faculty member or a staff member and an immediate subordinate, the College has the right to take disciplinary action.

C. In the case of a sexual relationship in which the parties believe that the restrictions of the preceding points do not apply, it is the obligation of the individual in authority to take all necessary steps to remove himself or herself from professional actions affecting the other individual. Failure to do so may result in disciplinary action. These requirements also apply where a sexual relationship occurred in the past.

VII. **Retaliation Policy**

Any attempt by a student, faculty, or staff member to penalize, intimidate, or retaliate in any way against a person who makes a report of or who is otherwise involved in reporting, an investigation of, or a hearing for alleged violations of the College’s discrimination, harassment and/or sexual misconduct policies is prohibited. Disregarding interim measures, no contact orders, or other orders resulting from a process under this policy or the policy of another Claremont College shall be considered retaliation. Persons who believe that they have been retaliated against for making a complaint/report or for cooperating in an investigation or hearing should immediately contact the Title IX Coordinator. Any person who retaliates against a person who has cooperated in an investigation and/or hearing, or otherwise violates this provision, is in violation of College policy and will be subject to disciplinary action.
VIII. False Reporting Policy

It is a violation of College policy to file a knowingly false or malicious complaint of alleged discrimination, harassment and/or sexual misconduct. A complaint against such conduct may be pursued using the steps followed for discrimination, harassment, and sexual misconduct related complaints as outlined in these policies and procedures. A complaint filed in good faith under this provision shall not constitute retaliation.

IX. Handling of Related Violations of Other College Policies

Any individual who participates as a Complainant or witness in an investigation of sexual assault, domestic violence, dating violence, or stalking, will not be subject to disciplinary sanctions for a violation of the College’s student conduct policy at or near the time of the incident, unless the College determines that the violation was egregious, including but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

GRIEVANCE PROCEDURES

I. Introduction

These grievance procedures have been adopted by the College to provide a prompt and equitable method for reporting, investigating, and resolving complaints of alleged violations of the College’s discrimination, harassment, and sexual misconduct policies when they involve College faculty, staff, students, and/or third parties. In the event allegations against a Respondent also involve potential violations of other College policies, the College may consolidate the investigation and judicial process with respect to such other alleged policy violations into the process undertaken pursuant to these Grievance Procedures.

Anyone who believes they have been subjected to discrimination, harassment, sexual misconduct, dating violence, domestic violence, and/or stalking is encouraged to report such conduct pursuant to the procedures set forth below. The College will act on any report of alleged discrimination, harassment, sexual misconduct, dating violence, domestic violence, or stalking pursuant to these grievance procedures. Any responsible College employee (e.g., faculty member, administrative staff members, resident assistant, etc.) who receives information of alleged discrimination, harassment, and/or sexual misconduct is expected to file a report with one of the College representatives set forth below.

II. Reporting an Alleged Violation

A. Reporting to the College

1. Individuals who believe that they have been the subject of or have witnessed alleged discrimination, harassment, sexual misconduct, dating violence, domestic violence, and/or stalking are encouraged to contact the appropriate College representative listed below. The College encourages individuals to report all such instances whether or not the perpetrator is known to the reporting party. If the perpetrator is not known to the reporting party, an aspect of the investigation conducted by the College will include efforts to identify the perpetrator. A report may be made to any one of the individuals listed regardless if you are a student, faculty member, staff member, or third party. Under no circumstances is an individual required to report discrimination, harassment, and/or sexual misconduct to a supervisor or academic instructor who is the alleged perpetrator.

The College encourages any member of the College community who experiences any form of violence to immediately contact the Claremont Police Department (“CPD”) by contacting Campus Safety (909-607-2000) if they are on campus or by dialing 911 if they are off campus.

Upon receipt of a report, the College will activate these grievance procedures. The Title IX office will provide the reporting party written information about on and off campus support resources that are available, the importance of preserving evidence, coordination with law enforcement, and the identification and location of witnesses. Prompt reporting is encouraged because facts often become more difficult to establish as times passes. However, the College will investigate and take appropriate action in response to all reports regardless of when the alleged conduct occurred. The ability of the College to respond to the conduct is limited if the Respondent is no longer a member of the College community. If a College staff member, faculty member or student leaves the College with a pending complaint against them, they will not be permitted to return to the College until the case is resolved through these grievance procedures.

2. **Confidentiality of Reports to the College**

The College will make all reasonable efforts to maintain the confidentiality and privacy of the parties involved in an investigation and/or hearing for a complaint as well as the confidentiality of the details of an investigation, any hearing, and except where permitted by law, the sanctions imposed. The College will inform all individuals involved in the grievance process of the critical importance and expectation that they maintain the confidentiality of the process and any information shared with them as a result of their participation. Complainants and Respondents are not prohibited from sharing details of complaints with family, counsel, or a support

person/advisor as defined below.

If at any point the Complainant requests confidentiality with respect to the Respondent and/or decides not to pursue action by the College, the College will make all reasonable attempts to comply with this request. In these situations, the College’s ability to investigate and respond to the conduct may be limited. The College will weigh the Complainant’s request for confidentiality with the College’s commitment to provide a reasonably safe and non-discriminatory environment. If the College cannot maintain a Complainant’s confidentiality, the Complainant will be notified by the Title IX Coordinator.

Certain employees of the College, known as Responsible Employees, have an obligation to report to the Title IX Coordinator information they receive about potential violations of this policy. Such employees include the President and her direct reports (Senior Staff), Office of Student Affairs Staff, including Resident Assistants, Faculty, the Human Resources Office, and Campus Safety. Responsible employees will protect the privacy of individuals and disclose the information only to the Title IX Coordinator or Deputy Coordinator.

The Scripps Title IX website contains a detailed explanation of privacy, confidentiality, and anonymity in the context of reporting an incident of sexual violence or seeking support as a result of an incident of sexual violence.  http://www.scrippscollege.edu/titleix/

3. **Confidential Resources at the College and in the Community**

An individual who wishes for the details of the incident to remain completely confidential may speak with certain College officials who, by law, may maintain confidentiality and may not disclose the details of an incident. These officials include:

B. Reporting Options Outside of the College: State and Federal Enforcement Agencies and the Claremont Police Department

1. These grievance procedures are administrative in nature and are separate and distinct from the criminal and civil legal systems. Pursuing resolution through these procedures does not preclude someone from pursuing legal action now or in the future.

2. Reporting Potential Criminal Violations to Claremont Police Department (“CPD”): In cases involving potential criminal misconduct, individuals are encouraged to file a report with the CPD. The College’s grievance procedures and the legal system work independently from one another and the College may proceed with its process, regardless of action or inaction by outside authorities. Decisions made or sanctions imposed through these grievance procedures are not subject to change because criminal or civil charges arising from the same conduct are dismissed, reduced, or rejected in favor of or against the Respondent.

3. Reporting to State and Federal Enforcement Agencies: In addition to the College’s internal remedies, employees and students should also be aware that the Federal Equal Employment Opportunity Commission (“EEOC”) and the California Department of Fair Employment and Housing (“DFEH”) investigate and prosecute complaints of prohibited harassment and discrimination in employment. These agencies may be contacted at the addresses listed below:

C. Initial Assessment. Following the report of an incident or conduct that may be a violation of this policy, the Title IX Coordinator or a Deputy Coordinator shall conduct an initial assessment of the report. The assessment shall include a preliminary interview of the subject of the conduct pursuant to an established interview protocol. The assessment shall also include a determination by the Title IX Coordinator or
Deputy Coordinator as to whether there is probable cause to believe that a violation of the policy may have occurred.

III. Truthfulness

All participants in an investigation and/or hearing are expected to cooperate fully and provide the truth in all meetings and/or hearings related to these grievance procedures.

IV. Alternative Resolution Process

A. If both parties agree, the parties involved may participate in an alternative resolutions process by any means the Title IX Coordinator, Section 504 Coordinator, or assigned Deputy Coordinator may suggest. No party is required to participate in any alternative resolution process with respect to any complaint, and mediation is not an available alternative resolution process for complaints that include allegations of sexual assault.

B. The Title IX Coordinator, Section 504 Coordinator, or an assigned Deputy Coordinator may decline to provide means for an informal process of a complaint in any circumstance in which the Coordinator determines that an informal process is not an appropriate mechanism for such complaint.

V. Investigation and Hearing Procedures for Complaints By or Against Students

A. Investigation Procedures

1. The Title IX Coordinator will select two investigators from a pool of internal trained investigators or, in the discretion of the Title IX Coordinator, assign the investigation to one or more outside professionals with experience in conducting investigations. The investigator(s) will meet with the Complainant to review the complaint, related policies, and these grievance procedures. If the Complainant is a student, faculty member, or staff member from one of the other Claremont Colleges, the Title IX Coordinator shall assign the investigation to an outside professional.

2. If the Complainant requests confidentiality or requests that the complaint not be pursued, the College will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality. However, such a request for confidentiality may limit the College’s ability to respond to the complaint. The College may also weigh the Complainant’s request for confidentiality against such factors as the seriousness of the alleged conduct, whether there have been other complaints of a similar nature against the same individual, the Respondent’s rights to receive information about allegations if the information is maintained by the school as an “education record” under the Family Educational Rights and Privacy Act (“FERPA”), and other factors otherwise required by applicable law.

3. Subject to the considerations described in subsection 2 above, every complaint alleging discrimination, harassment, or sexual misconduct will be investigated promptly and thoroughly. The Investigator(s) will conduct interviews as needed with all appropriate individuals, including the Complainant and Respondent, and will gather any pertinent evidentiary materials. Such investigation, among other things, shall seek the identification and location of witnesses and whether alcohol or drugs were involved in the incident.

4. After concluding the investigation, the Investigator(s) will draft an Investigation Report setting forth the alleged policy violations, summarizing witnesses interviewed and evidentiary materials.
gathered, and stating conclusions concerning any violations of College policy. The Investigator(s) will normally complete the investigation within 15 business days \(^2\), except in instances where the volume of witnesses, the proximity to a holiday break or the end of an academic term, or other circumstances compel a longer timeframe for the investigation.

5. The Investigator(s) will provide the Investigation Report to the Title IX Coordinator who will review the Report. The Title IX Coordinator may refer back to the Investigator(s) any questions that the Title IX Coordinator has concerning the Report’s contents or conclusions. After the Investigator(s) successfully answer or resolve the Title IX Coordinator’s questions or concerns, if any, the Investigator(s) shall submit a final Report to the Title IX Coordinator which shall include a conclusion as to whether the investigator(s) find it more likely than not that the Respondent’s conduct constituted a policy violation. If the Investigator(s) cannot reach consensus on such conclusion, the Title IX Coordinator, or designee, shall review the interviews and other evidence marshaled during the investigation and determine whether the Respondent’s conduct constitutes a policy violation.

6. After receipt of the final Investigation Report, the Title IX Coordinator will meet with the Complainant and Respondent, separately, to discuss the conclusion of the investigation and provide each a copy of the Investigation Report. To protect the integrity of the investigation and hearing process, these documents should be kept confidential by the parties involved and not shared with witnesses or persons not involved in the matter. However, Complainants and Respondents are not prohibited from sharing these documents with family, counsel, or a support person/advisor as defined below.

7. If the investigation concludes that Respondent’s conduct constituted a policy violation, the Respondent may elect to either (i) proceed to the Administrative Panel for determination of a sanction or (ii) proceed to a Title IX Hearing Board Panel. Within 3 business days after delivery of the Investigation Report by the Title IX Coordinator, Respondent shall notify the Title IX Coordinator in writing the Respondent’s election. Failure of the Respondent to submit a timely election shall waive the Respondent’s right to request a hearing and shall be deemed to be an election to proceed to an Administrative Panel for determination of a sanction. If the investigation concludes that the Respondent’s conduct did not constitute a policy violation, the Complainant may elect to either (i) allow the matter to be closed or (ii) proceed to a Title IX Hearing Board Panel. Within 3 business days after delivery of the Investigation Report by the Title IX Coordinator, Complainant shall notify the Title IX Coordinator in writing of the Complainant’s election. Failure of the Complainant to submit a timely election shall waive the right to request a hearing and shall be deemed to be an election to allow the matter to be closed.

B. Hearing Procedures

1. The Title IX Hearing Board shall be a separate body from any other Judicial Board of the College. Panels of the Title IX Hearing Board (a “Title IX Panel”) shall hear cases concerning claims of discrimination, harassment, sexual misconduct, dating violence, domestic violence, or stalking in which a student is either the Complainant or Respondent. All faculty and staff members in the pool of trained investigators shall be eligible for assignment to a Title IX Panel. In addition to internal panel members, the Title IX Panel will include and be chaired by a retired California state or federal judge. In consideration of the burden placed on Title IX Panel members during the hearing and the potential repercussions to student interactions during and after a hearing procedure, students shall not be assigned as members of a Title IX Panel. The Title IX Panel shall consist of two members of

\(^2\) For purposes of the Policies and Procedures, a business day is a day on which the College holds classes or exams. For matters involving staff only a business day also includes any day that is not a College holiday or closure.
the investigator pool selected by the Title IX Coordinator and who were not involved in the investigation of Complainant’s claims and a retired judge selected by the Title IX Coordinator. In the event the Complainant or Respondent is a faculty member, at least one member of Title IX Panel shall be a faculty member. In the event the Complainant or Respondent is a staff member, at least one member of the Title IX Panel shall be a staff member. The Title IX Coordinator or one of the Deputy Coordinators shall attend hearings before a Title IX Panel, but shall not have a vote.

2. If a timely election to proceed to a Title IX Panel has been made, the Title IX Coordinator shall prepare a Statement of Alleged Policy Violations based upon the information provided during the investigation process by Complainant and the Investigation Report. The Title IX Coordinator shall then select a Title IX Panel and refer the written complaint, if any, the Investigation Report, and Statement of Alleged Policy Violations to the Title IX Panel. Selection of the Title IX Panel will normally commence within 3 business days of receiving a timely election from a Respondent or Complainant. The Complainant and Respondent will be informed of the composition of the Title IX Panel. The Complainant and Respondent may challenge a panel member based upon a conflict of interest. A conflict of interest occurs where an individual’s personal interests or relationships conflict with their ability to be a neutral fact finder in a particular case. For example, if a member has also served as an advisor for a party to a complaint or has a close personal relationship with one of the parties, there may be a conflict of interest. The Title IX Coordinator will make the final determination as to whether or not such a conflict of interest exists. Individuals removed from the Title IX Panel as a result of a challenge based on an allegation of a conflict of interest will be replaced by another member of the investigator pool or an outside professional as determined by the Title IX Coordinator. Normally, within 5 business days of their selection, the members of the Title IX Panel will meet to discuss the complaint, the response (if any), the Investigation Report, and the Statement of Alleged Policy Violations.

3. In cases before a Title IX Panel, the evidentiary standard of preponderance of evidence will be used, whether it is more likely than not that the Respondent’s conduct constitutes a violation of policy as set forth in the Statement of Alleged Policy Violation.

4. The Title IX Panel will conduct a prompt, thorough, and unbiased hearing. It will invite the Complainant and Respondent to appear before it, and will hear and question witnesses, if there are any. The Complainant and Respondent may be present at the hearing if they choose or they may choose to participate in the hearing by phone. However, neither party shall be allowed to directly question or cross-examine the other during the hearing. Questions may be submitted to the Chair by both parties, who will then decide whether those questions are relevant to the matter and in compliance with Title IX requirements. Further, the Complainant shall be offered the opportunity to participate in the hearing without being in the presence of the Respondent, or accommodations can be made so the Complainant may participate in the hearing without facing the Respondent. The Title IX Panel will conduct a hearing and will review whatever information it deems necessary to assist it in reaching a determination as to the merits of the charge, including information obtained by the Investigator(s) during the investigation. Within the timeframe specified by the Chair, both parties may provide, for the Chair’s consideration, the names of any witnesses they suggest be called.

5. If the Chair determines that "new" evidence that did not come to light during the investigation has been presented during the hearing, the Chair may adjourn the hearing for a period that the Chair deems appropriate to enable the Complainant and/or Respondent to respond to such evidence. Evidence is considered "new" only if the Chair concludes the evidence is relevant and important and could not with a reasonable effort have been discovered earlier by the party.

6. The Panel will base its determination of whether behavior constitutes a violation of policy on the evidence presented.
7. The hearings will be closed, except to the principals. Each principal may have an advisor/support person of the participant’s choosing. The advisor may consult with the party but may not address the hearing Title IX Panel. Once the hearings have ended and the process of deliberation has begun, meetings of the Title IX Panel will be closed to all but Panel members and the Title IX Coordinator or a Deputy Coordinator. All proceedings will be confidential and will not be discussed outside the process. Any witnesses and advisors must keep the hearing proceedings strictly confidential. To protect the integrity of the investigation and hearing process, the parties should also keep the hearing proceedings confidential. However, Complainants and Respondents are not prohibited from sharing details of the hearing proceedings with family, counsel, advisor/support person, or other advisors of their choosing. The Title IX Panel may only find responsibility for claims or portions of claims that appear on the Statement of Alleged Policy Violations prepared by the Title IX Coordinator.

8. Decisions of the Title IX Panel will be by majority vote and limited to the issue of whether, in the Title IX Panel’s judgment, a Respondent’s conduct constitutes a violation of policy as set forth in the Statement of Alleged Policy Violation. As soon as a decision on the case is reached, it will be summarized in writing. The form and content of the Title IX Panel’s written decision, which shall contain factual findings and a written summary of the basis for the conclusion, shall be agreed upon and signed by all Title IX Panel members. A confidential copy of the Title IX Panel’s decision will be given to the Complainant and the Respondent and will be placed in permanent confidential records of the Title IX Coordinator. The details of the Title IX Panel’s findings may be limited in the copy of the Title IX Panel’s report given to Complainant due to Respondent’s FERPA or other applicable privacy rights.

9. A hearing on a complaint will normally be held within 15 business days of receipt of the Statement of Alleged Policy Violations and Investigation Report, although the process may sometimes take longer.

C. Sanction. In the event (i) the Respondent elects to proceed to a sanction determination following presentation of the Investigators’ Report or (ii) a Title IX Panel finds the Respondent responsible for a policy violation, the matter shall proceed to an Administrative Panel for determination of a sanction. The Administrative Panel shall consist of the Vice President for Academic Affairs, the Vice President for Enrollment, and the Associate Dean of Students. In the event one of the designated Administrative Panel members is unavailable, the Director of Human Resources shall become a member of the Administrative Panel. Sanctions for students may include educational requirements, written reprimand, loss of housing privileges, probation, suspension, and/or dismissal from the College. Sanctions for staff members may include educational requirements, written reprimand, probation, suspension, and/or termination of employment. Sanctions for faculty members may include educational requirements, written reprimand, and/or initiation of a dismissal proceeding pursuant to procedures set forth in the Faculty Handbook. The Administrative Panel (i) will have access to the complete record of the case, (ii) will determine any sanctions to be imposed or corrective action to be taken, and (iii) may consider both the gravity of the offense and the Respondent’s prior conduct record in determining sanctions to be imposed on the Respondent. The Administrative Panel will communicate the decision in writing to the parties within 10 business days. The Complainant’s copy of the report of the details of the sanction(s) imposed on Respondent may be limited due to Respondent’s FERPA or other applicable privacy rights. The Dean of Students office or the Director of Human Resources, as the case may be, will also enter the decision in the permanent record of an individual found to have violated this policy. The sanction(s) imposed will be implemented following the Administrative Panel’s decision and will be in effect pending the outcome of any appeal.

VI. Investigation Procedures for Complaints of Discrimination, Harassment, or Sexual Misconduct that Do Not Involve a Student as Complainant or Respondent:
A. Investigation Process

1. Upon receipt of a complaint, the Title IX Coordinator or Deputy Coordinator will consult with the Complainant.

2. If the Complainant requests confidentiality or requests that the complaint not be pursued, the College will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality. However, such a request for confidentiality may limit the College’s ability to respond to the complaint. The College may also weigh the Complainant’s request for confidentiality against such factors as the seriousness of the alleged conduct, whether there have been other complaints of a similar nature against the same individual, and other factors otherwise required by applicable law.

3. The Title IX Coordinator or Deputy Coordinator may, after speaking with Complainant, determine that the conduct complained about clearly does not constitute harassment, discrimination, or sexual misconduct and so inform the Complainant.

4. Subject to the considerations described in subsections 2 and 3 above, every complaint will be investigated, including any alleged instances of retaliation or intentional false claims. The Title IX Coordinator shall appoint two investigators to conduct the investigation, which may, in the discretion of the Title IX Coordinator include an outside professional with experience in conducting investigations. If the matter involves a faculty member as either Complainant or Respondent, at least one of the assigned investigators shall be a faculty member. If the matter involves a staff member as either Complainant or Respondent, at least one of the assigned investigators shall be a staff member. If the Complainant is a faculty or staff member from one of the other Claremont College’s, one of the investigators may be from the Complainant’s homecollege.

5. As part of the investigation process, the investigators may ask, but not require, the Complainant to submit a signed, written statement concerning the allegations. This statement should contain all relevant details, such as the names of the people involved, the names of any witnesses, and the times and locations of the alleged harassing behavior.

6. The Investigators will conduct interviews as needed with all appropriate individuals, including the Complainant and Respondent, and will gather any pertinent evidentiary materials. The Investigators will normally complete their investigation within 15 business days, except in instances where the volume of witnesses, the proximity to a holiday break or the end of an academic term, or other circumstances compel a longer timeframe for the investigation.

7. Upon completion of an investigation, the Investigators will prepare an Investigation Report including a conclusion as to whether it is more likely than not that the Respondent’s conduct constitutes a policy violation. If the Investigators cannot reach consensus on the issue, the Title IX Coordinator, or designee, shall review the interviews and other evidence marshaled during the investigation and determine whether the Respondent’s conduct constitutes a policy violation.

8. To protect the integrity of the investigation, the Investigator’s Report should be kept confidential by the parties involved and not shared with witnesses or persons not involved in the matter. However, Complainants and Respondents are not prohibited from sharing these documents with family, counsel, a support person/advisor as defined below.

9. In cases where, after investigations, it is determined that the Respondent is responsible for a violation of this policy, the Title IX Coordinator shall submit the report the appropriate Vice President for further action under section B below.
B. **Sanction.** If the investigation determines that a staff member Respondent is responsible for a violation of this policy, the sanction shall be determined by the Vice President to whom the Respondent reports, in consultation with the Director of Human Resources. Sanctions for staff members may include educational requirements, written reprimand, probation, suspension, and/or termination of employment. If the investigation determines that a faculty member Respondent is responsible for a violation of this policy, the sanction shall be determined by the Vice President for Academic Affairs, in consultation with the Director of Human Resources. Sanctions for faculty members may include educational requirements, written reprimand, and/or initiation of a dismissal proceeding pursuant to procedures set forth in the Faculty Handbook. The Vice President (i) will have access to the complete record of the case, (ii) will determine any sanctions to be imposed or corrective action to be taken, and (iii) may consider both the gravity of the offense and the Respondent’s prior conduct record in determining sanctions to be imposed on the Respondent. The Vice President will communicate the decision in writing to the parties within 10 business days. The Complainant’s copy of the report of the details of the sanction(s) imposed on Respondent may be limited due to Respondent’s privacy rights. The Director of Human Resources will also enter the decision in the permanent record of an individual found to have violated this policy. The sanction(s) imposed will be implemented following the Vice President’s decision and will be in effect pending the outcome of any appeal.

VII. **Interim Measures**

The College may take whatever measures deemed necessary in response to an allegation in order to protect an individual’s rights and personal safety and the safety of the College community. Such measures include, but are not limited to, an interim suspension (immediate, temporary suspension pending the outcome of grievance process), a no contact order (an order that an individual refrain from direct or indirect contact with another person or persons), restrictions on access to campus or areas of campus, and/or appropriate changes in academic schedule. Interim measures may include reporting the matter to the local police. Failure by the Respondent to adhere to the parameters of any interim measure is a violation of College policy and may lead to additional disciplinary action.

VIII. **Support Person/Advisor**

The Complainant and Respondent may each have a support person present with them at all meetings and any hearing associated with a complaint and in which the respective individual is participating. The Support Person/Advisor may be any person of the participant’s choosing, including an attorney. The Support Person/Advisor may attend, but shall not participate in, meetings or the hearing. If the participant chooses to have an attorney serve as the Support Person/Advisor, such attorney will be at that individual’s expense.

IX. **Appeal Procedures**

A. **Appeal Rights.** In cases handled under section V above, either the Complainant or Respondent may appeal (i) an adverse ruling of the Title IX Panel or (ii) a sanction determined by the Administrative Panel. In cases handled under Section VI above, either the Complainant or Respondent may appeal (i) an adverse ruling of an Investigation Report or (ii) a sanction imposed by a Vice President. Appeals shall be made to the Vice President of Student Affairs of the College, except that appeals by staff members of the Office of Student Affairs shall be made to the Vice President/Board Secretary (“Appeal Officer”). An appeal is not intended to be a new investigation or a full re-hearing of the complaint. Unless the Appeal Officer directs otherwise, an appeal is confined to a review of the written documentation and record of the investigation and/or hearing and pertinent documentation regarding the grounds for appeal. Appeal decisions are to be deferential to the Investigators, the Title IX Panel, the Administrative Panel, or the applicable Vice President.

Written notice of intention to appeal and written reasons for the appeal shall be provided within 10 business days of the decision from which the Complainant or Respondent is appealing.
Appeal of the decision(s) may be made on only three grounds. Any or all may be cited in the appeal.

1. **Improper Judicial Procedure.** The party may appeal if the procedures outlined in the Discrimination and Harassment policies were violated. The Appeal Officer shall consider whether provisions of the policies were violated in such a clear manner as to deny the appellant consideration of their position during the process. If the Appeal Officer accepts an appeal made on the grounds of improper judicial procedure, the Appeal Officer shall remand the matter to the appropriate step in the process and may provide specific directives or explanations for guidance.

2. **New Evidence.** During the standard investigation and hearing process, sufficient time is allowed to gather all available evidence. However, in extraordinary circumstances a party may appeal if new evidence becomes available. The Appeal Officer must consider:

   a) Whether the evidence was genuinely unavailable and could not have been made available through the appellant’s diligent efforts at the time of the original investigation or hearing; and

   b) Whether the evidence would have led to a different conclusion had it been available.

   If the Appeal Officer answers in the affirmative to both of these questions, the Appeal Officer will grant the appeal and remand the matter to the appropriate step in the process and may provide specific directions or explanations for the guidance.

3. **Disproportionate Sanction.** The Appeal Officer may adjust (increase or decrease) the sanction of a Respondent if the Appeal Officer determines that the sanction imposed for violation of the policy was disproportionate to the conduct found to have occurred.

Written notice of any appeal decision shall be provided to both parties and the Title IX Coordinator, normally within 15 business days after the appeal request has been submitted by a party, unless unforeseen events or unusual circumstances compel a longer review period. If further proceedings will occur as a result of the appeal decision, the Title IX Coordinator shall so inform all participants. The Appeal Officer’s decisions concerning all appeals are final.

All sanctions imposed will be in effect while an appeal is under review. A request may be made to the Appeal Officer for special consideration in exigent circumstances, but the presumptive stance of the College is that the sanctions will stand. Graduation, study abroad, internships/externships, etc. do NOT in and of themselves constitute exigent circumstances, and students may not be able to participate in those activities during an appeal. In cases where the appeal results in reinstatement to the College or of privileges, all reasonable attempts will be made to restore the individual to their prior status, recognizing that some opportunities lost may be irretrievable.

**X. Record Retention**

A. Records of investigations and hearings are maintained by the College for five (5) years as indicated below.

1. **Students:** If the Respondent is a student, the records will be maintained for five (5) years past the student’s graduation or if the student leaves the College before graduation, for five (5) years past their original expected graduation date.

2. **Faculty or Staff:** If the Respondent is a faculty or staff member, the records will be maintained for five (5) years past the conclusion of the investigation and any hearing, or the end of employment with the College, whichever is later.
XI. Special Provisions

A. College as Complainant: As necessary, the College reserves the right to initiate a complaint, to serve as Complainant, and to initiate grievance proceedings without a formal complaint by the subject of the misconduct.

B. Alcohol and substance use: The use of alcohol or other drugs will never function as a defense for any behavior that violates College policy.

C. Past Sexual History: The past sexual history of a party will not be admissible by the other party in an investigation or hearing. The past sexual interactions of the parties to the complaint will generally not be admissible by the other party in an investigation or hearing unless such information is determined to be highly relevant by the Title IX Coordinator. If the party believes the past sexual interaction of the parties to the complaint is relevant to the investigation and/or hearing they must submit a written request to the Title IX Coordinator explaining the nature of the information and why the information is relevant to the investigation and/or hearing. The Title IX Coordinator will review the request and render a decision within 2 business days.

D. Respondent’s Prior Conduct History: Generally, any previous College policy violation(s) by the Respondent are not admissible as information about the present allegation. However, the Title IX Coordinator may supply information about previous behavior and/or complaints to the Investigator(s) or a Title IX Panel if:

1. The Respondent was previously found to be responsible for a similar violation; and
2. The information indicates a pattern of behavior by the Respondent and substantial conformity with the present allegation.

A Respondent’s prior conduct will be taken into consideration by the Administrative Panel or appropriate Vice President when determining what sanction to impose.

XII. The College’s External Reporting Obligations

A. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”)

1. Statistical Reporting: Certain College officials have a duty to report certain misconduct for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime and to ensure greater community safety. Campus Security Authorities include: student/conduct affairs, campus law enforcement, local police, coaches, athletic directors, residence life staff, student activities staff, human resources staff, advisors to student organizations, Senior Staff, and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the victim and may be done anonymously.

2. Timely Warning: Complainants should also be aware that College administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a continuing threat of bodily harm or danger to members of the campus community. For purposes of the
Timely Warning requirement, the College will not disclose a Complaint’s name. However, the College will provide enough information for community members to make safety decisions in light of the danger. The reporters for timely warning purposes are exactly the same as detailed in the paragraph above.

B. **FERPA**

1. The outcome of a campus hearing is part of the educational record of the Respondent, if they are a student, and the employee record if they are a faculty or staff member. The educational records of students are protected from release under a federal law, FERPA. The College complies with FERPA regulations regarding the privacy of student records and observes the following exceptions to FERPA as mandated by the Clery Act:

2. The Complainant in a non-consensual sexual contact/intercourse incident has the right to be informed of the finding, and sanction(s) of the investigation or hearing, in writing, without condition or limitation.

3. The Complainant(s) in sexual exploitation, sexual harassment, relationship violence and any other gender-based offense have the right to be informed of the finding, in writing, and to be informed of any sanction(s) that directly relate to them, and to essential facts supporting the outcome when the outcome is a finding of responsibility for a violation.

4. The Clery Act permits the College to release publicly the name, nature of the violation and the sanction(s) for any student who is found in violation of a College policy that is a "crime of violence," including: arson, burglary, robbery, criminal homicide, sex offenses, assault, intimidation (which may encompass stalking and/or bullying), hazing, destruction/damage/vandalism of property and kidnapping/abduction. The College will release this information to the Complainant in any of these offenses regardless of the outcome.
Appendix A
Sexual Assault, Dating/Domestic Violence, and Stalking Prevention and Risk Reduction

**Prevention:** If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner and yourself. These suggestions may help you avoid committing a nonconsensual sexual act and reduce your risk of being accused of sexual misconduct:

1. Clearly communicate your intentions to your sexual partner and give them a chance to clearly communicate their intentions to you.
2. Understand and respect personal boundaries. Do not pressure a potential partner.
3. DON’T MAKE ASSUMPTIONS about consent; about someone’s sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent and you should stop.
4. If you think you are receiving unclear or conflicting messages from your partner, this is a clear indication that you should stop, defuse any sexual tension and communicate better.
5. Don’t take advantage of someone’s drunkenness, drugged, or otherwise incapacitated state, even if they did it to themselves.
6. Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don’t abuse that power.
7. Understand that consent to some form of sexual behavior does not automatically equal consent to any other form of sexual behavior.
8. Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language. If you are not sure, stop.

**Risk Reduction:** Risk reduction tips can, unintentionally, take victim-blaming tone. With no intention to victim-blame, and with recognition that only those who commit sexual violence are responsible for such conduct, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act.

1. If you have sexual limits, make them known as early as possible.
2. If you do not want to engage in a particular activity, tell the other person “NO” clearly and firmly.
3. Try to remove yourself from the physical presence of a sexual aggressor, if you can do so safely.
4. If someone is nearby, ask for help or if it is safe to do so, text or call someone.
5. Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
6. Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.
Frequently Asked Questions: Sexual Assault, Dating/Domestic Violence and Stalking

1. Does information about a complaint remain confidential?

The confidentiality of all parties to a complaint of sexual misconduct must be respected, insofar as it does not interfere with the College’s obligation to fully investigate allegations of sexual misconduct. Where confidentiality is not strictly kept, it will still be tightly controlled on a need-to-know basis. Dissemination of information and/or written materials to persons not involved in the complaint procedure is not permitted. Violations of the privacy of the Complainant or the Respondent may lead to disciplinary action by the College. In all complaints of sexual misconduct, all parties will be informed of the outcome. In some instances, the College may choose make a brief public announcement of the nature of the violation and the action taken, without using the name or identifiable information of the alleged victim. Certain College administrators may be informed of the outcome within the bounds of student privacy (e.g., the President, Dean of Students, Director of Campus Safety, Title IX Coordinator). If there is a report of alleged sexual misconduct to the College and there is evidence that a felony has occurred, local police will be notified if the Complainant consents. This does not mean charges will be automatically filed or that a Complainant must speak with the police. The College also must statistically report the occurrence on campus of major violent crimes, including certain sex offenses, in an annual report of campus crime statistics. This statistical report does not include personally identifiable information.

2. Will I (as a survivor/victim) have to pay for counseling/or medical care?

Students can access Monsour Counseling and Psychological Services for one-one-one counseling, and Monsour also hosts a support group for survivors of sexual assault. In addition, counseling is provided for free by a certified sexual assault counselor at the CUC EmPOWER Center. Pregnancy and STI testing and counseling is available at CUC Student Health Services, and lab fees may apply. Emergency contraception is available for $20 at Student Health Services. If you are accessing community and non-institutional services, payment for these services may be covered by your health insurance plan; please check your coverage. If you have elected coverage under the Claremont College’s Student Health Insurance Plan (“SHIP”), payment for these services may also be covered under this insurance plan. For more information, visit here.

3. Will my parents or guardian be told?

Unless you are under 18, no, not unless you tell them. Whether you are the Complainant or the Respondent, the College’s primary relationship is to you, the student, and not to your parent or guardian. However, we strongly encourage you to communicate with your parents when you are in distress whether for medical, behavioral, or academic reasons. We will contact your parents if we believe your health or safety is at risk or if your status at the College is at risk (due to residential or College suspension or expulsion). In addition, College officials will speak with your parents directly at your request.

4. Do I have to name the alleged perpetrator?

Yes, if you want to pursue the matter under the College’s Discrimination and Harassment Policies and Procedures. No, if you choose to respond informally and do not file a formal complaint. You should consult the confidentiality provisions set forth in the Policies and Procedures to better understand the College’s legal obligations depending on what information you share with different College officials. Complainants should be aware that not identifying the alleged perpetrator may limit the College’s ability to respond comprehensively.

5. Will the alleged perpetrator know my identity?

Yes, if you file a formal complaint. Sexual misconduct is a serious offense and the Respondent has the right to know the identity of the complainant/alleged victim. If there is a hearing, the College does provide alternative testimony options so that the parties do not have to interact with each other directly.

6. What do I do if I am accused of sexual misconduct?
DO NOT contact the Complainant. You may want to speak with someone in the campus community or elsewhere who can act as your support person/advisor. The Title IX Coordinator can explain the College’s grievance procedures for addressing sexual misconduct complaints and can discuss support options with you. For example, you may also want to seek confidential counseling through the counseling center or seek support through off campus services in the community. See below regarding legal representation.

7. What about legal advice?

If you are a party in a college proceeding, you are entitled to a support person of your choosing, including an attorney. However, should you elect to have an attorney support person, that person is not permitted to intervene in the proceeding. Complainants do not need private legal counsel to pursue criminal prosecution because representation will be handled by the District Attorney’s office. However, you may want to retain an attorney if you are considering filing a civil action. Respondents may want to retain legal counsel given the potential for criminal and/or civil action.

8. What about changing residence hall rooms or other accommodations?

If you are the Complainant, you may request a room change through the Title IX Coordinator who will facilitate with the Dean of Students room change to the first available, suitable room. If you want the Respondent to move, you must be willing to pursue a formal complaint. Again, if there is a formal complaint, no contact orders can be imposed.

Other accommodations available might include:

a. Assistance with or rescheduling an academic assignment (paper, exams, etc.);

b. Assistance in requesting an incomplete in a class;

c. Assistance with transferring class sections, if available;

d. Temporary withdrawal;

e. Assistance with alternative course completion options;

f. Other accommodations for safety as necessary.

9. What should I do about preserving evidence of a sexual assault?

Physical evidence of a criminal sexual assault must be collected from the alleged victim’s person within 96 hours, though evidence can often be obtained from towels, sheets, clothes, etc. for much longer periods of time. Scripps strongly recommends that students interested in exploring evidence preservation, contact Project Sister Family Services’ 24/7 hotline at (909) 626-4357. PSFS will explain and help guide you through process, including whether evidence preservation is an option. Of course, if you want assistance from the College, contact Campus Safety at (909) 607-2000 and ask to speak to on-call dean. Click here for more information on the evidence preservation process.

10. Will the Complainant be sanctioned when reporting a sexual misconduct if they have illegally used drugs or alcohol?

No. The severity of the infraction will determine the nature of the College’s response, but whenever possible the College will respond educationally rather than punitively to the illegal use of drugs and/or alcohol. The seriousness of sexual misconduct is a major concern and the College does not want any of the circumstances (e.g., drug or alcohol use) to inhibit the reporting of sexual misconduct.

11. Will the use of drugs or alcohol affect the outcome of a sexual misconduct complaint?

The use of alcohol and/or drugs by either party will not diminish the Respondent’s responsibility. On the other
hand, alcohol and/or drug use is likely to affect the Complainant’s memory and, therefore, may affect the outcome of the complaint. A person bringing a complaint of sexual misconduct must either remember the alleged incident or have sufficient circumstantial evidence, physical evidence and/or witnesses to support their complaint. If the Complainant does not remember the circumstances of the alleged incident, it may not be possible to impose sanctions on the Respondent without further corroborating information. Use of alcohol and/or other drugs will never excuse a violation by a Respondent.

12. Will either party’s prior use of drugs and/or alcohol be a factor when reporting sexual misconduct?

Not unless there is a compelling reason to believe that prior use or abuse is relevant to the present complaint.

13. What should I do if I am uncertain about what happened?

If you believe that you have experienced sexual misconduct, but are unsure of whether it was a violation of the College policy, you should contact the College’s Title IX Coordinator who can explain the policy and resolution options. If you would like to speak with someone in confidence to explore the incident, you may want to first speak with a counselor at Monsour Counseling and Psychological Services or the EmPOWER Center, a chaplain from the McAlister Center, or a rape crisis hotline. Scripps Advocates for Survivors of Sexual Assault are a trained student group who are available through a warm line to assist students who have experienced sexual assault or misconduct (909-214-2138).
Appendix C
What to Do if You Have Experienced Sexual Assault, Dating/Domestic Violence or Stalking

If you have been a victim of sexual misconduct, dating violence or stalking the sooner you seek help the more options you have available to you. The following steps are important to take as soon as possible.

1. **Get away from your attacker and to a safe place as soon as possible.** Call 911 or Campus Safety.

2. **Seek medical attention** to assess and treat any injuries, screen for pregnancy and any sexually transmitted infections, and collect evidence (if you wish to do so). Visit [here](#) for more information on evidence preservation.

3. **Seek support:** Don’t be afraid to ask for help and support; feelings of shame, guilt, fear, and shock are normal. Call a trusted friend or family member or one of the on and off campus resources listed below:

   - **Title IX Coordinator:** Sally Steffen, Title IX Coordinator, 909-607-7142. Sally is available to talk to you about your reporting and support options. You can learn more about your options without sharing details about the incident, including the identity of the other party.

   - **On-Call Deans** (For assistance after business hours and weekends): Call Campus Safety at 909-607-2000 and ask to speak to the on-call dean.

   - **Scripps Advocates for Survivors of Sexual Assault**, (909) 214-2138, 8:00pm-8:00am, 7 days a week, when school is in session: Scripps Advocates are students at Scripps. Sometimes talking to a peer may feel like a comfortable first step. You may speak anonymously (in other words, you don’t need to reveal who you are to the warm line) to an advocate, who will help guide you to support resources. Even if you choose to reveal your identity to an advocate, they will not need to reveal your identity to college officials in the absence of imminent risk to self or others.

   - **Monsour Counseling and Psychological Services (including the on-call therapist):** 909-621-8202

   - **EmPOWER Center, 1030 Dartmouth Ave, Claremont:** The Center’s mission is to create a culture where all members of The Claremont Colleges respect and look out for each other, and where students impacted by sexual violence, dating/domestic violence, and stalking receive holistic support and care. The Center provides free, confidential advocacy and support to 7C students impacted by sexual violence, dating/domestic violence, and stalking. Students interested in receiving counseling may call (909) 607-0690 to make an appointment. The Director of the EmPOWER Center, Rima Shah, is a confidential resource. She can be reached at RShahEmPOWER@cuc.claremont.edu or 909-607-2689.

   - **Student Health Services:** 909-621-8222 during normal business hours. For assistance after hours, contact the on-call doctor through Campus Safety at 909-607-2000.

   - **Academic Support:** Experience tells us that it is not uncommon for students to discover they need academic support in the aftermath of a Title IX incident. If you feel such support would be helpful for you, you may contact your Primary Contact Dean (PCD), the Title IX Coordinator, or Deputy Title IX Coordinator, Leslie Schynder. You’re not required to disclose the full circumstances of the incident in order to obtain academic support, though sometimes limiting what you disclose could interfere with her ability to fully and comprehensively assess and address your needs. If you choose instead to speak directly to your professors, please know that they are responsible employees and have a legal obligation to report what you disclose to them to a member of the Title IX team.

   - **Community Partners:**
Project Sister Sexual Assault 24/7 Crisis Hotline (Pomona, CA): Provides services to the women, children, and men survivors of sexual assault and abuse and their families in the East San Gabriel and Inland Valleys in Southern California. PSFS’ services include a 24-hour hotline; advocacy and accompaniment to local hospitals, law enforcement interviews and legal proceedings. Among their services, PSFS can explain and help support you through the process for evidence preservation, should that be a priority for you.

800-656-4673

909-626-HELP (909-626-4357)

House of Ruth 24/7 Hotline (for dating and domestic violence) (Claremont, CA). Confidential counseling, anonymous 24/7 hotline, emergency and transitional shelter. Free services, available in English and Spanish.

INTRODUCCIÓN

I. Declaración de política general

Como una comunidad dedicada a la educación de las mujeres y el avance del aprendizaje, Scripps College (la "Universidad") busca mantener un ambiente en el cual las personas puedan vivir, aprender y trabajar libres de discriminación y acoso, incluyendo violencia sexual, conducta sexual inapropiada, violencia de pareja, violencia doméstica o acecho. La Universidad considera dichas conductas como contrarias a sus fines educativos y al respeto a las personas, que percibe como esenciales en todos los aspectos de su vida institucional. Los miembros de la comunidad Scripps, definidos como todos los individuos empleados de forma permanente o temporal, los estudiantes o las personas oficialmente conectadas con la Universidad, deberían tener presente que la Universidad se opone enfáticamente a todas las formas de discriminación y acoso, y que tal comportamiento está prohibido por la política de la Universidad y, en algunos casos, por las leyes civiles y penales.

Todas las formas de acoso y discriminación, sobre la base de sexo, identidad de género y expresión, embarazo, religión, credo, color, raza, origen nacional o étnico, ascendencia, situación migratoria, orientación sexual, condición médica, física o mental, edad, estado civil, condición de veterano, estado de licencia por cuidado médico de un familiar, o cualquier otra razón prohibida por la ley estatal o federal, destruyen las bases de respeto y violan el sentido vital de comunidad, para la iniciativa educativa de la Universidad. La violencia sexual y las ofensas por conductas sexuales inapropiadas, son una forma de acoso sexual y están estrictamente prohibidas por la Universidad. Esta política también prohíbe la violencia de pareja, la violencia doméstica, y el acecho. Se prohíbe asimismo la represalia contra una persona que reporta, denuncia o participa en la investigación de una denuncia por discriminación o acoso.

Esta política prohíbe estrictamente la discriminación o el acoso de cualquier persona en la Universidad o en actividades de la Universidad que ocurren fuera del campus, incluyendo, pero no limitado a todas las personas empleadas regular o temporalmente, estudiantes o con un cargo oficial en la Universidad (como administradores, profesores invitados, voluntarios y contratistas). Las personas que violen esta política, estarán sujetas a medidas disciplinarias, incluyendo el despido o expulsión de la Universidad.

Es responsabilidad de todos los profesores, el personal y estudiantes de la Universidad, asegurar el cumplimiento de esta política. En consecuencia, los profesores, el personal o los estudiantes que crean que están siendo acosados o discriminados, que han observado el acoso o la discriminación contra otra persona en la Universidad, en violación de esta política, o crean que dicha conducta ha ocurrido, deberían reportar el incidente inmediatamente, siguiendo los procedimientos que se exponen a continuación.

Como una institución educativa, la Universidad está comprometida con el principio de la libre expresión y la exploración de las ideas en un ambiente de civilidad y respeto mutuo. La Universidad también reconoce que el proceso educativo puede ser con frecuencia perturbador e inquietante, particularmente cuando las ideas o valores actuales de uno mismo están siendo desafíados. Esto significa que el aprendizaje, el trabajo y el ambiente de vida podrían no ser siempre cómodos para todos los miembros de la comunidad universitaria. La Universidad no proscribe el habla, simplemente porque sea ofensiva. Para determinar si un acto constituye discriminación o acoso, el contexto debe ser cuidadosamente revisado y debe tomarse plena consideración de la protección de los derechos individuales, la libertad de expresión y la libertad académica.

II. Jurisdicción

Las políticas y procedimientos establecidos en el presente documento, se aplican a todos los profesores, personal y estudiantes de la Universidad. Estas políticas y procedimientos también se aplican a terceros (como los visitantes del campus o proveedores) que puedan tener contacto con los miembros de la comunidad universitaria, ya sea en el campus de la Universidad o en otros eventos y programas universitarios. Para los efectos de estas políticas y procedimientos de denuncia, el Denunciante es el estudiante, profesor o miembro del personal, que afirma que dicha persona ha
sido objeto de una violación de la política. La Universidad también puede ser Denunciante. El Denunciado, según estas políticas y procedimientos, es la persona que presuntamente se ha conducido de manera que constituye una violación de estas políticas. Si el presunto perpetrador es un empleado o estudiante de una de las otras Universidades de Claremont o el Consorcio de Universidades de Claremont, la Universidad investigará el asunto y tomará medidas para detener la conducta y remediar sus efectos, en la medida razonablemente posible. Sin embargo, la denuncia u otros procedimientos pertinentes, relacionados con posibles medidas disciplinarias en contra del Denunciado, serán aquellas de la institución de origen del Denunciado.

Los procedimientos de denuncia establecidos a continuación, son de naturaleza administrativa y son separados y distintos de los sistemas legales penales y civiles. Buscar una resolución a través de estos procedimientos, no impide a nadie iniciar una acción legal ahora o en el futuro. Si la conducta en cuestión supone una violación, tanto de la política de la universidad como de las normas públicas, la Universidad podrá continuar con su proceso normal, sin tener en cuenta la acción o inacción de las autoridades externas. Las decisiones tomadas o sanciones impuestas a través de estos u otros procedimientos de la Universidad, no están sujetos a cambios porque cargos criminales o civiles, derivados de la misma conducta, sean desestimados, reducidos o rechazados, a favor o en contra del Denunciado.

En el caso de un conflicto con cualquier otra política de Scripps College o de la política Intercampus de las Universidades de Claremont, las políticas y procedimientos establecidos a continuación prevalecerán.

POLÍTICAS RELACIONADAS CON LOS DERECHOS CIVILES
I. Declaración sobre la no discriminación, igualdad de oportunidades y leyes conexas

La Universidad no discrimina, sobre ninguna base ilegal, en la administración de sus admisiones o las políticas y prácticas educativas y de empleo, ni en la contratación, formación, promoción, apoyo financiero, o compensación de sus profesores, estudiantes o personal. La Universidad cumple con todas las leyes estatales y federales aplicables, incluyendo, pero no limitado a:

A. Título IX de las Enmiendas de Educación Superior de 1972;
B. El Acta de Reautorización de la Ley Contra la Violencia Hacia las Mujeres de 2013;
C. Título VI de la Ley de Derechos Civiles de 1964;
D. Título VII de la Ley de Derechos Civiles de 1964;
E. Ley de California SB 967 (“Sí significa Sí”);
F. Acta de Empleo Justo y Vivienda de California (“FEHA”, por sus siglas en inglés);
G. Ley de Derechos Civiles Unruh de California;
H. Ley de Derechos Educativos y Privacidad de la Familia de 1974;
I. Sección 504 de la Ley de Rehabilitación de 1973;
J. Ley sobre Estadounidenses con Discapacidades (la “ADA”, por sus siglas en inglés);
K. La Ley Contra la Discriminación por Edad en el Empleo de 1967, como fue modificada por la Ley de protección a los beneficiarios de los trabajadores mayores (“ADEA”, por sus siglas en inglés);
L. Cualquier otra ley federal, estatal o local dirigida a la no discriminación y/o la igualdad de oportunidades de empleo.

Las preguntas relacionadas con la aplicación de estas leyes en la Universidad, deben ser remitidas al Coordinador del Título IX o, en su caso, al Coordinador de la Sección 504.

II. Igualdad de Oportunidad de Empleo

La Universidad se enorgullece de ser un empleador abierto, competitivo y de oportunidades igualitarias. La Universidad está comprometida con una política de igualdad de oportunidades laborales, para todos los solicitantes y empleados, cumpliendo con todas las leyes estatales y federales aplicables en la materia. La Universidad no discrimina sobre la base de raza, color, credo, religión, origen nacional o étnico, ascendencia, situación migratoria, sexo, edad, orientación sexual, identidad y expresión de género, estado civil, embarazo, discapacidad física o mental, estado de salud, licencia por cuidado médico de un familiar, condición de veterano, o cualquier otra categoría protegida por la ley. La Universidad también prohíbe el acoso de cualquier empleado, bajo cualquiera de estos fundamentos. La Universidad también dispone de alojamientos razonables para los empleados discapacitados. Esta política se aplica a todas las áreas de empleo, incluyendo reclutamiento, contratación, formación, promoción, compensación, beneficios, transferencia, programas sociales y recreativos. Es responsabilidad de cada gerente y empleado seguir a conciencia esta política. Los empleados con preguntas sobre esta política, deberían discutirlas con el Director de Recursos Humanos o su supervisor.

III. Política de Acoso

A. Es política de Scripps College mantener un ambiente para estudiantes, profesores y personal que esté libre de acoso prohibido. Todos los miembros de la comunidad deben ser conscientes de que la Universidad se encuentra preocupada por este tipo de acoso, y está preparada para tomar medidas correctivas inmediatas, para prevenir y corregir tal comportamiento. Las personas que participan en el acoso sexual (que incluye el acoso basado en el género, embarazo, parto o condiciones médicas relacionadas), así como otro tipo de acoso prohibido basado en factores tales como la religión, color, raza, origen nacional o étnico, ascendencia, situación migratoria, orientación sexual, identidad y expresión de género, discapacidad física o mental, edad, estado civil, estado de licencia por cuidado de un familiar o condición de veterano, estará sujeto a disciplina, hasta e incluyendo la expulsión o terminación. Se prohíbe asimismo la represalia contra una persona que reporta, denuncia o participa en la investigación de este tipo de acoso.

B. Definición del Acoso Prohibido

1. Acoso Prohibido en General

El acoso prohibido es una conducta que crea un entorno académico o de trabajo intimidatorio, ofensivo u hostil, o que interfiriene con el rendimiento académico o del trabajo, e incluye el acoso basado en el estado de protección de una persona, incluyendo la raza, color, origen nacional, ascendencia, situación migratoria, sexo (que incluye el acoso basado en el género, embarazo, parto o condiciones médicas relacionadas), orientación sexual, identidad y expresión de género, edad, religión, discapacidad física o mental, condición médica, estado civil, condición de veterano, estado de licencia para el cuidado de un familiar o cualquier otra condición protegida por los estatutos de lucha contra la discriminación y el acoso, tales como los Títulos VII y IX de la Ley de Derechos Civiles, la Ley sobre Estadounidenses con Discapacidades, la Ley Contra la Discriminación por Edad en el Empleo, y el Acta de Empleo Justo y Vivienda de California.

El acoso puede ser físico, verbal o visual. El acoso puede ser cometido por los empleadores, compañeros de trabajo, compañeros de estudio y por terceros. En general, las declaraciones
y/o las conductas legítima y razonablemente relacionadas con la misión de la educación de la Universidad, no constituyen acoso.

Para contar como acoso bajo esta política, dicha conducta debe:

- ser ofensiva para el individuo que denuncia el acoso y ofensiva para una persona razonable; y
- ser tan persistente y repetitiva, dominante o severa que tenga el propósito o efecto de interferir sustancialmente con el rendimiento académico o profesional de una persona, o crear un entorno educativo, laboral o de convivencia, hostil y abusivo en la Universidad.

El acoso también puede ocurrir cuando la sumisión a la conducta descrita anteriormente, es realizada ya sea explícita o implícitamente como un término o condición del empleo, educación, ambiente de convivencia de un individuo en la Universidad, o la participación en una actividad universitaria.

2. **Acoso Sexual**

Una forma de acoso ilegal es el acoso sexual. El acoso sexual puede ser acoso "quid pro quo", que consiste en avances o solicitudes de favores sexuales cuando la sumisión se hace un término o condición explícita o implícita, para el empleo o educación de un individuo, o cuando se utiliza la sumisión o el rechazo como base de toma de decisiones educativas o laborales, que afecten a un individuo; o acoso “ambiental”, donde el individuo se somete a un ambiente hostil o intimidante, en el que la conducta verbal o física, debido a su gravedad y/o persistencia, es probable que interfiera con el trabajo o la educación de un individuo, o afectar negativamente las condiciones de convivencia de los individuos. Los cumplidos ocasionales, que son generalmente aceptados como no ofensivos u otro comportamiento social generalmente aceptado, al contrario, no constituyen acoso sexual.

Ejemplos de acoso sexual pueden incluir conductas tales como:

a. Abuso físico o cualquier otro contacto físico no deseado;

b. Amenazas directas o implícitas de que la sumisión a los avances sexuales será una condición para el empleo, la situación laboral, promoción, calificaciones o cartas de recomendación;

c. Proposiciones directas de carácter sexual;

d. Presión sutil a la actividad sexual, un elemento del cual puede ser las solicitudes repetidas de reuniones privadas, sin fines académicos ni laborales;

e. Un patrón de conducta que podría incomodar o humillar, o ambos, a una persona razonable, a quien la conducta fue dirigida, que incluya uno o más de los siguientes aspectos: (1) contacto físico innecesario, acariciar, abrazar o rozar el cuerpo de una persona; (2) comentarios de naturaleza sexual sobre la ropa o el cuerpo de una persona, sea o no la con intención de halago; (3) comentarios acerca de actividad sexual o especulaciones sobre la experiencia sexual previa; u (4) otros comentarios de naturaleza sexual, incluyendo las declaraciones sexualmente explícitas, preguntas, bromas o anécdotas;

f. Ciertas representaciones visuales de imágenes sexualmente orientadas, fuera del contexto educativo;

g. Cartas, notas o correos electrónicos que contengan comentarios, palabras o imágenes, como se describe en el inciso (e) anterior.
El acoso sexual incluye acoso de hombres a mujeres, mujeres a hombres y el acoso del mismo género. Las ofensas por conductas sexuales inapropiadas son formas específicas de acoso sexual y están estrictamente prohibidas por la Universidad. Debido a la naturaleza única de la conducta sexual inapropiada, la Universidad cuenta con una Política de Conducta Sexual Inapropiada separada, que se describe a continuación.

3. Otras Formas de Acoso

Aunque el acoso sexual es una forma de acoso prohibido, la Universidad prohíbe cualquier tipo de acoso que cumpla con las características expuestas previamente en el apartado B(1). Estas incluyen, entre otras, el acoso basado en la raza, etnicidad, religión, discapacidad o estado migratorio de una persona.

Ejemplos de conductas que pueden considerarse otras formas de acoso incluyen las siguientes:

a. Amenazar a una persona;

b. Bloquear físicamente el movimiento de una persona en el campus;

c. Dirigir repetidamente comentarios denigrantes u hostiles a otra persona;

d. Incitar a otros a dirigir comentarios denigrantes u hostiles a otra persona;

e. Hacer comentarios sobre la apariencia, el comportamiento o el cuerpo de una persona.

4. Comunicaciones Electrónicas y Actividades en Redes Sociales o en Línea

Las redes sociales y los dispositivos electrónicos ayudan a difundir la información rápida y ampliamente. Aunque estas formas de comunicación se pueden realizar en sitios web o aplicaciones que no forman parte de la red de computadoras del Consorcio, las publicaciones en redes sociales (u otros sitios en línea) o las comunicaciones a través de dispositivos electrónicos pueden afectar la vida académica, residencial o laboral de un miembro de la Universidad. Los miembros de la comunidad deben saber que las actividades en redes sociales y las comunicaciones hacia o acerca de otras personas por medio de dispositivos electrónicos pueden considerarse acoso según esta política si la actividad cumple con las características descritas previamente en el apartado B(1).

IV. Política sobre conducta sexual inapropiada, conducta inapropiada en las relaciones y acoso

A. Las expectativas de nuestra comunidad, respecto al consentimiento sexual, pueden resumirse de la siguiente manera: Para que las personas participen en la actividad sexual de cualquier tipo entre sí, deben ser claras, conocer y consentir voluntariamente antes y durante la actividad sexual. El consentimiento es el permiso sexual.

La conducta sexual inapropiada es una forma específica de acoso sexual y está prohibida por la Universidad. La conducta sexual inapropiada se define como:

1. Contacto sexual no consentido (o intentos de cometerlo)

   El contacto sexual no consentido es:

   - cualquier contacto sexual intencional,
   - aunque sea leve,
   - con cualquier objeto,
   - de una persona a otra,
   - que es realizado sin consentimiento y/o a la fuerza.

El contacto sexual incluye: Contacto intencional con los senos, nalas, ingle o genitales, o tocar a otra persona con cualquiera de estas partes del cuerpo, o hacer que otro lo toque o se toque a sí mismo con o en cualquiera de estas partes del cuerpo; cualquier contacto físico intencional de una manera...
sexual, aunque no implique el contacto con/de/por los senos, nalgas, ingle, genitales, boca u otro orificio.

* El uso de la fuerza no es "peor" que la experiencia subjetiva de violación, de una persona que tiene relaciones sexuales sin consentimiento. Sin embargo, el uso de la fuerza física constituye un delito no sexual autónomo, y en los casos en los que se involucre la fuerza, el Denunciado enfrentará cargos adicionales por el comportamiento agresivo.

2. **Relación sexual no consentida** (o intentos de cometerla)

   La relación sexual no consentida es:
   
   - cualquier relación sexual, aunque sea leve,
   - con cualquier objeto,
   - de una persona con otra,
   - sin consentimiento y/o a la fuerza.

   La relación sexual incluye: penetración vaginal con un pene, objeto, lengua o dedo, penetración anal con un pene, objeto, lengua o dedo, y copulación oral (contacto boca a genital o contacto genital a boca), sin importar cuan leve sea la penetración o contacto.

3. **Otra Conducta:** La siguiente conducta alegada, se abordará mediante los procedimientos de denuncia descritos en el presente documento.

   a. **Violencia de pareja** (según la definición de la Ley de violencia contra la mujer) es la violencia cometida por una persona

      i. que está o ha estado en una relación social de naturaleza romántica o íntima con la víctima; y

      ii. donde la existencia de tal relación deberá ser determinada sobre la base de la consideración de (1) la duración de la relación, (2) el tipo de relación y (3) la frecuencia de la interacción entre las personas involucradas en la relación.

   b. **Violencia doméstica** (como se define en la Ley de violencia contra la mujer) es el uso de abuso físico, sexual o emocional o amenazas para el control de otra persona, que es el cónyuge o ex cónyuge u otra pareja íntima. Incluye delitos mayores o menores de violencia, cometidos por el cónyuge actual o anterior de la víctima, por una persona con quien la víctima comparte un hijo en común, por una persona que cohabita o ha cohabitado con la víctima como cónyuge, por una persona en una situación similar a un cónyuge de la víctima, bajo las leyes de violencia doméstica o familiar de la jurisdicción que recibe los fondos de subvención, o por cualquier otra persona en contra de una víctima adulta o joven que esté protegida contra los actos de esa persona, en virtud de las leyes de violencia doméstica o familiar de la jurisdicción.

   c. "**Acecho**" significa participar en el curso de una conducta, dirigida a una persona específica, que ocasionará que una persona razonable:

      (1) tema por su seguridad o la seguridad de otros; o
      (2) sufra una angustia emocional considerable

4. **Explotación sexual:** La explotación sexual es una forma de conducta sexual inapropiada, que se produce cuando una persona toma ventaja no consentida o abusiva sobre otra, para su propia ventaja o beneficio, o para beneficio o ventaja de cualquier otro que no sea el que está siendo explotado, y cuando ese comportamiento no constituya de otra manera
uno de los otros delitos de conducta sexual inapropiada. Los ejemplos de explotación sexual incluyen, pero no se limitan a:

a. Invasión de la privacidad sexual;

b. Prostitución de otra persona;

c. Grabación no consentida de video o audio de la actividad sexual;

d. Ir más allá de los límites del consentimiento (como dejar que amigos se escondan en el armario para verle teniendo sexo consentido);

e. Participación en el voyeurismo;

f. Transmisión consciente de una infección de transmisión sexual, una enfermedad de transmisión sexual o VIH a otra persona;

g. Exposición de los propios genitales en circunstancias no consentidas; inducir a otro a exponer sus genitales;

h. Acecho con bases sexuales.

5. **Agresión sexual**: "Agresión sexual" (según la definición de la Ley de violencia contra la mujer) significa un delito clasificado como un delito sexual forzado o no forzado, bajo el sistema uniforme de denuncia de delitos de la Oficina Federal de Investigaciones. En general, una agresión sexual se ha cometido cuando una persona se involucra en la actividad sexual, sin el consentimiento explícito de la otra persona involucrada. La actividad sexual es cualquier contacto de una parte sexual o íntima de una persona, con el propósito de satisfacer el deseo sexual de cualquiera de las partes. Esto incluye el contacto forzado del actor por parte de la víctima, así como el contacto de la víctima por el actor, ya sea directamente o a través de la ropa. Los cargos de agresión sexual dentro de la jurisdicción de esta Política se procesarán como Contacto sexual no consentido o Relación sexual no consentida dependiendo de la naturaleza de los alegatos de hechos.

B. **Consentimiento**: El consentimiento es claro, consciente y voluntario. El consentimiento es activo, no pasivo. El silencio, en y fuera de sí mismo, no puede interpretarse como consentimiento. El consentimiento puede ser brindado por palabras o acciones, siempre y cuando esas palabras o acciones creen el permiso mutuamente comprensible y claro, en relación a la voluntad de participar en (y las condiciones de) la actividad sexual. Con el fin de dar un consentimiento eficaz, hay que ser mayor de edad y tener la capacidad de brindar consentimiento. La edad legal de consentimiento en el estado de California es de 18 años.

1. El consentimiento para cualquier forma de actividad sexual, no implica el consentimiento a cualquier otra forma(s) de actividad sexual.

2. Una relación anterior o el consentimiento previo, no implica el consentimiento de los actos sexuales futuros.

3. El consentimiento puede ser retirado. Por lo tanto, incluso si una persona estuvo de acuerdo en la interacción sexual o continuó la interacción sexual, esa persona tiene derecho a cambiar de opinión, con independencia de cuanta interacción sexual pueda haber tenido lugar.

4. **Fuerza y coacción**: Consentimiento obtenido mediante la fuerza, no es consentimiento. La fuerza es el uso de la violencia física y/o imponerse físicamente a alguien, para tener acceso sexual. La fuerza incluye el uso de amenazas, intimidación (amenazas implícitas) y/o la coacción para producir consentimiento. La coerción es una presión excesiva para la
actividad sexual ("Ten relaciones sexuales conmigo o te golpeo. Bueno, no me golpees; haré lo que quieras."). El comportamiento coercitivo difiere del comportamiento seductor, basado en el tipo de presión que se utiliza para obtener el consentimiento. Cuando alguien deja claro que no quiere sexo, que desea detenerse o que no quiere ir más allá de cierto punto de la interacción sexual, la presión continua más allá de ese punto, puede ser coercitiva.

NOTA: No existe ningún requisito de que una parte se resista a un avance o solicitud sexual, pero la resistencia es una clara demostración de no dar consentimiento. La presencia de la fuerza, no obstante, no está demostrada por la ausencia de resistencia.

5. Capacidad/incapacitación: La incapacitación es un estado en el que alguien no puede tomar decisiones racionales, razonables, ya que carecen de la capacidad para dar a conocer el consentimiento (por ejemplo, para entender el "quién, qué, cuándo, dónde, porqué o cómo" de su interacción sexual). La actividad sexual con una persona con quien no debería haber sabido - o basándose en las circunstancias debería razonablemente saber que estaba incapacitada mental o físicamente (es decir, por el alcohol u otras drogas, pérdida del conocimiento, dormida o desmayada), constituye una violación de esta política.

a. Incapacitación debido al alcohol u otras drogas: Dado que el uso del alcohol u otras drogas pueden cuestionar la capacidad de un individuo para dar su consentimiento, el sexo en sobriedad es menos probable que genere estas preguntas. Estar bajo la influencia del alcohol o de otras drogas, no indica de por sí la incapacitación. Cuando el alcohol u otras drogas, incluyendo drogas de violación (como Rohypnol, Ketamina, GHB, etc.), están involucradas, una persona será considerada incapaz de dar un consentimiento válido, si no puede entender completamente los detalles de una interacción sexual (quién, qué, cuándo, dónde, porqué o cómo) porque carecen de la capacidad para comprender razonablemente la situación. La administración de una droga de violación a otra persona, es una violación de esta política. Puede encontrarse mayor información sobre estas drogas en http://www.911rape.org/.

b. Incapacitación debido a otras razones: Esta política también cubre a una persona cuya incapacidad es resultado de discapacidad mental o física, sueño, pérdida del conocimiento o la restricción física involuntaria.

6. Excusas no válidas. En cualquier procedimiento bajo estas políticas y procedimientos, el Denunciado no puede valerse de la excusa, para una supuesta falta de consentimiento, de que el Denunciado creyó que el Denunciante consintió en cualquiera de las siguientes circunstancias:

a. La creencia del Denunciado de que el consentimiento afirmativo surgió de la intoxicación o la imprudencia de la parte Denunciada;

b. El Denunciante no tomó las medidas razonables, en las circunstancias conocidas por el Denunciado en el momento, para determinar si el Denunciante consintió afirmativamente; o

c. Si el Denunciado sabía o debería haber sabido que el Denunciante fue incapaz de dar su consentimiento para la actividad sexual, bajo cualquiera de las siguientes circunstancias:

1. El Denunciante estaba dormido o inconsciente;
2. El Denunciante estaba incapacitado debido a la influencia de drogas, alcohol o medicamentos, por lo que el Denunciante no podía comprender el hecho, la naturaleza y extensión de la actividad sexual; o

3. El Denunciante no pudo comunicarse debido a una condición mental o física.

V. Ley de California

A. La conducta que sea violación de esta política, también puede constituir una conducta criminal bajo las leyes del Estado de California. La siguiente es una revisión parcial de los estatutos de California que cubren la violación, la violencia doméstica y el acoso. En California, la violencia de pareja se incluye dentro de la definición de la violencia doméstica. Esta exposición está destinada únicamente para fines de informativos y de orientación, no cubre todos los actos que pueden constituir una conducta sexual criminal o la totalidad de los estatutos de crímenes sexuales y no debe interpretarse como asesoramiento legal.

B. Violación. Según el Código Penal de California Sección 261, "Violación" es un acto de relación sexual:

- El cual se lleva a cabo contra la voluntad de una persona por medio de la fuerza, violencia, coacción, amenaza o miedo de daños corporales inmediatos e ilegales en la persona u otro.
- Donde se impide a una persona resistirse por cualquier sustancia intoxicante o anestésica, o cualquier sustancia controlada, y esta condición fue conocida, o debería haber sido razonablemente conocida por el acusado. Bajo la ley de California, una persona está impedida de resistir si está tan intoxicada que no puede dar su consentimiento legal. Con el fin de dar un consentimiento legal, una persona debe ser capaz de ejercer un juicio razonable. En otras palabras, la persona debe ser capaz de comprender y ponderar la naturaleza física del acto, su carácter moral, y las probables consecuencias. El consentimiento legal es el consentimiento dado libremente, por alguien que conoce la naturaleza del acto en cuestión.
- Cuando una persona no es consciente de la naturaleza del acto en ese momento y el acusado conoce esto. "Inconsciente de la naturaleza del acto" incluye ser incapaz de resistir, porque la víctima estaba inconsciente o dormida o no tenía conciencia, no sabía, ni percibía o estaba consciente de que el acto ocurrió.

C. Violencia Doméstica. Según el Código Penal de California Sección 13700, "Violencia Doméstica" consiste en el abuso cometido contra un adulto o un menor de edad que es un cónyuge, ex cónyuge, conviviente, ex conviviente o persona con la que el sospechoso ha tenido un hijo o tiene o ha tenido una relación de pareja o compromiso. Para los propósitos de esta subdivisión, "cohabitante" significa que dos personas adultas que no tienen parentesco, viven juntas por un período considerable de tiempo, lo que tiene como resultado cierta permanencia de la relación. Los factores que pueden determinar si las personas cohabitan incluyen, pero no se limitan a, las relaciones sexuales entre las partes, mientras comparten la misma residencia, (2) compartir los ingresos o gastos, (3) la utilización o propiedad conjunta de bienes, (4) si las partes se muestran como marido y mujer, (5) la continuidad de la relación, y (6) la duración de la relación.

D. Acecho. Bajo el Código Penal de California Sección 646.9, el Acecho consiste en el seguimiento deliberado, malicioso y repetido o el acoso intencional y malicioso de otra persona, siendo una amenaza creíble con la intención de poner a otra persona en temor razonable de su seguridad o la seguridad de su familia inmediata.
VI. Relaciones consentidas

A. La Universidad desalienta enfáticamente y considera inapropiado consentir a relaciones sexuales entre personas asociadas con la Universidad, en el caso de que una de ellas ejerza autoridad institucional sobre la otra.

B. Cuando tales relaciones involucren el ejercicio activo e inmediato de la autoridad, como en el caso de un miembro de la docencia y un estudiante que en el momento se encuentre estudiando con el profesor, o entre un miembro del personal y un subordinado directo, la Universidad tiene el derecho de tomar medidas disciplinarias.

C. En el caso de una relación sexual, en la que las partes creen que las restricciones de los anteriores puntos no son aplicables, es obligación de la persona con autoridad tomar todas las medidas necesarias para apartarse de acciones profesionales que afecten a la otra persona. El no hacerlo puede resultar en una acción disciplinaria. Estos requisitos se aplicarán también cuando se produjo una relación sexual en el pasado.

VII. Política de represalia

Está prohibido cualquier intento por parte de un estudiante, profesor o miembro del personal, penalizar, intimidar o tomar represalias de algún tipo contra una persona que esté involucrada en una denuncia, una investigación o una audiencia por presuntas violaciones de las políticas de la Universidad sobre la discriminación, acoso y/o conducta sexual inapropiada. La inobservancia de las medidas provisionales, órdenes de no contacto, u otras órdenes de un proceso bajo esta política o la política de otra Universidad de Claremont, se considerarán represalia. Las personas que creen que han sido víctimas de represalias por presentar una denuncia/reporte o por cooperar en una investigación o audiencia, deberían comunicarse inmediatamente con el Coordinador del Título IX. Cualquier persona que tome represalias contra una persona que ha cooperado en una investigación y/o audiencia, o viole de otra manera esta disposición, se encuentra en violación de la política de la Universidad y estará sujeta a medidas disciplinarias.

VIII. Política de denuncia falsa

Es una violación de la política de la universidad presentar conscientemente una denuncia falsa o maliciosa sobre una presunta discriminación, acoso y/o conducta sexual inapropiada. Una queja contra dicha conducta puede ser llevada a cabo, utilizando los pasos seguidos para denuncias de discriminación, acoso y conducta sexual inapropiada, tal como se indica en estas políticas y procedimientos relacionados. Una denuncia presentada de buena fe, en virtud de esta disposición, no constituirá represalia.

IX. Manejo de violaciones de otras políticas universitarias relacionadas

Cualquier individuo que participe como Denunciante o testigo, en una investigación de agresión sexual, violencia doméstica, violencia de pareja o acoso, no estará sujeto a las sanciones disciplinarias por violación de la política de conducta de los estudiantes de la Universidad, en o cerca del momento del incidente, a menos que la Universidad determine que la violación fue atroz, incluyendo pero no limitado a una acción que ponga la salud o seguridad de cualquier otra persona en riesgo o suponga plagio, engaño o deshonestidad académica.
PROCEDIMIENTOS DE DENUNCIA

I. Introducción

Estos procedimientos de denuncia han sido adoptados por la Universidad, para proporcionar un método rápido y equitativo para denunciar, investigar y resolver las denuncias de presuntas violaciones de las políticas de discriminación, acoso, y las políticas de conducta sexual inapropiada de la Universidad, cuando se refieren a la docencia, el personal, los estudiantes de la Universidad, y/o terceros. En caso de que los alegatos contra un Denunciado impliquen también posibles violaciones de otras políticas universitarias, la Universidad puede consolidar la investigación y el proceso judicial relacionado con esas otras presuntas violaciones de las políticas dentro del proceso emprendido de conformidad con lo dispuesto en estos Procedimientos de denuncia.

Toda persona que crea que ha sido objeto de discriminación, acoso, conducta sexual inapropiada, violencia de pareja, violencia doméstica y/o acoso, es alentada a denunciar tal conducta conforme a los procedimientos establecidos a continuación. La Universidad actuará en cualquier denuncia de presunta discriminación, acoso, conducta sexual inapropiada, violencia de pareja, violencia doméstica o acoso, de conformidad con estos procedimientos de denuncia. Se espera que todo empleado responsable de la Universidad (por ejemplo, profesores, miembros del personal administrativo, asistente de residentes, etc.) que reciba información de presunta discriminación, acoso y/o conducta sexual inapropiada presente una denuncia ante los representantes de la Universidad como se expone a continuación.

II. Denuncia de una presunta violación

A. Denuncia a la Universidad

1. Las personas que crean que han sido objeto de o han sido testigos de una presunta discriminación, acoso, conducta sexual inapropiada, violencia de pareja, violencia doméstica y/o acoso, son alentadas a ponerse en contacto con el correspondiente representante de la universidad que se indica a continuación. La Universidad alienta a las personas a reportar todos estos casos, ya sea conocido o no el agresor por la parte denunciante. Si el perpetrador no es conocido por la parte denunciante, un aspecto de la investigación llevada a cabo por la Universidad, incluirá esfuerzos para identificar al autor. Puede ser realizado un reporte a cualquiera de las personas que se mencionan, sin importar si usted es un estudiante, miembro de la docencia, del personal o un tercero. Bajo ninguna circunstancia se requiere que un individuo reporte la discriminación, acoso y/o conducta sexual inapropiada a un supervisor o instructor académico que sea el presunto perpetrador.

La Universidad alienta a cualquier miembro de la comunidad universitaria, que sufra cualquier forma de violencia, a ponerse en contacto inmediatamente con el Departamento de Política de Claremont ("CPD") poniéndose en contacto con el Departamento de Seguridad del Campus (909-607-2000) si están en el mismo o llamando al 911 si se encuentran fuera del campus.

Tras la recepción de un reporte, la Universidad activará estos procedimientos de denuncias. ¹ La oficina del Título IX proporcionará información escrita a la parte denunciante, sobre los recursos de apoyo que estén disponibles en y fuera del campus, la importancia de preservar las pruebas, la coordinación con la policía, la identificación y localización de los testigos. Se fomenta el reporte rápido, porque a menudo los hechos se vuelven más difíciles de establecer, conforme pasa el tiempo. Sin embargo, la Universidad investigará y tomará las medidas apropiadas, en respuesta a todos los reportes, independientemente del momento en el que la presunta conducta ocurrió. La capacidad de la Universidad para responder a la conducta es limitada, si el Denunciado ya no es un miembro de la comunidad universitaria. Si un miembro del personal de la Universidad, profesor o estudiante, deja la Universidad con una denuncia pendiente contra esa persona, no se les permitirá volver a la Universidad hasta que el caso se resuelva, a través de estos procedimientos de denuncia.

2. **Confidencialidad de las denuncias presentadas a la Universidad**

La Universidad hará todos los esfuerzos razonables para mantener la confidencialidad y la privacidad de las partes involucradas en una investigación y/o audiencia de una denuncia, así como la confidencialidad de los detalles de una investigación, cualquier audiencia, y salvo en los casos permitidos por la ley, las sanciones impuestas. La Universidad informará a todas las personas involucradas en el proceso de denuncia, sobre la importancia crítica y la expectativa de que mantengan la confidencialidad del proceso y de cualquier información que se comparta con ellos como resultado de su participación. Los Denunciantes y Denunciados no tienen prohibido compartir detalles de las denuncias con la familia, un abogado o una persona de apoyo/asesor como se define a continuación.

Si en cualquier momento el Denunciante solicita la confidencialidad respecto a la parte Denunciada y/o decide no seguir adelante con la acción por la Universidad, la Universidad hará todos los esfuerzos razonables para cumplir con esta petición. En estas situaciones, la capacidad de la Universidad para investigar y responder a la conducta, puede ser limitada. La Universidad ponderará la solicitud de confidencialidad del Denunciante, con el

compromiso de la Universidad de proporcionar un ambiente razonablemente seguro y no discriminatorio. Si la Universidad no puede mantener la confidencialidad del Denunciante, el Denunciante será notificado por el Coordinador del Título IX.

Ciertos empleados de la Universidad, conocidos como los Empleados Responsables, tienen la obligación de reportar al Coordinador del Título IX sobre la información que reciben de posibles violaciones de esta política. Tales empleados incluyen al Presidente y sus colaboradores directos (Personal Directivo), Personal de la Oficina de Asuntos Estudiantiles, incluidos los Asistentes Residentes, la docencia, la Oficina de Recursos Humanos y Seguridad del Campus. Los empleados responsables protegerán la privacidad de las personas y divulgarán la información solamente al Coordinador del Título IX o Coordinador Adjunto.

La página web del Título IX de Scripps contiene una explicación detallada de la privacidad, la confidencialidad y el anonimato en el contexto de informar un incidente de violencia sexual o la búsqueda de apoyo como resultado de un incidente de violencia sexual. http://www.scrippscollege.edu/titleix/

3. **Recursos confidenciales en la Universidad y en la comunidad**

Una persona que desea que los detalles del incidente se mantengan completamente confidenciales, puede hablar con algunos funcionarios universitarios que, por ley, podrán mantener la confidencialidad y no podrán revelar los detalles de un incidente. Estos funcionarios incluyen:

B. Opciones de denuncia fuera de la Universidad: Agencias del Orden Estatales y Federales y el Departamento de Policía de Claremont

1. Estos procedimientos de denuncias son de naturaleza administrativa y son separados y distintos de los sistemas legales penales y civiles. El seguir adelante con la resolución a través de estos procedimientos, no impide a alguien iniciar una acción legal, ahora o en el futuro.

2. Reportes de Potenciales Violaciones Criminales al Departamento de Policía de Claremont ("CPD", por sus siglas en inglés): En casos de potencial conducta criminal inapropiada, se alienta a las personas a presentar un reporte al CPD. Los procedimientos de denuncia y el sistema legal, trabajan de forma independiente el uno del otro y la Universidad puede continuar con su proceso, independientemente de la acción u omisión de las autoridades externas. Las decisiones tomadas o las sanciones impuestas, a través de estos procedimientos de denuncia, no están sujetas a cambios debido a que los cargos criminales o civiles derivados de la misma conducta, sean desestimados, reducidos o rechazados a favor o en contra del Denunciado.

3. Reportes a Agencias del Orden Estatales y Federales: Además de los recursos internos de la Universidad, los empleados y estudiantes deben también ser conscientes de que la Comisión Federal de Igualdad de Oportunidades en el Empleo ("EEOC", por sus siglas en inglés) y el Departamento de Empleo y Vivienda Justa de California ("DFEH", por sus siglas en inglés) investigan y procesan las denuncias de acoso prohibido y discriminación en el empleo. C. Evaluación inicial. Tras el informe de un incidente o conducta que puede ser una violación de esta política, el Coordinador del Título IX o un Coordinador Adjunto deberá llevar a cabo una evaluación inicial del informe. La evaluación deberá incluir una entrevista preliminar del tema de la conducta, en virtud a un protocolo de entrevista establecida. La evaluación deberá incluir...
también una determinación, por el Coordinador del Título IX o Coordinador Adjunto, en cuanto a si existe una causa probable, para creer que una violación de la política puede haber ocurrido.

III. **Veracidad**

Se espera que todos los participantes en una investigación y/o audiencia, cooperen plenamente y proporcionen la verdad en todas las reuniones y/o audiencias relacionadas con estos procedimientos de denuncia.

IV. **Proceso alternativo de resolución**

A. Si ambas partes están de acuerdo, las partes involucradas pueden participar en un proceso alternativo de resolución por cualquier medio que el Coordinador del Título IX, el Coordinador de la Sección 504 o el Coordinador Adjunto asignado pueda sugerir. No se requiere que ninguna de las partes participe en ningún proceso alternativo de resolución en relación con cualquier denuncia y la mediación no es un proceso alternativo de resolución en el caso de denuncias que incluyan acusaciones de asalto sexual.

B. El Coordinador del Título IX, el Coordinador de la Sección 504 o el Coordinador Adjunto asignado puede negarse a proporcionar los medios para el proceso informal de una denuncia, en cualquier circunstancia en la que el Coordinador determine que un proceso informal no es un mecanismo apropiado para la misma.

V. **Procedimientos de investigación y audiencia para denuncias por o contra estudiantes**

A. **Procedimientos de investigación**

1. El Coordinador del Título IX seleccionará dos investigadores de un grupo de investigadores internos capacitados o, a discreción del Coordinador del Título IX, asignará la investigación a uno o más profesionales externos, con experiencia en la realización de investigaciones. El(los) investigador(s) se reunirá(n) con el Denunciante para revisar la denuncia, las políticas relacionadas y estos procedimientos de denuncia. Si el Denunciante es un estudiante, miembro de la docencia o miembro del personal de una de las otras Universidades de Claremont, el Coordinador del Título IX deberá asignar la investigación a un profesional externo.

2. Si el Denunciante solicita su confidencialidad o pide que la denuncia no se realice, la Universidad tomará todas las medidas razonables para investigar y responder a la denuncia, de conformidad con la solicitud de confidencialidad. Sin embargo, tal solicitud de confidencialidad puede limitar la capacidad de la Universidad para responder a la denuncia. La Universidad también puede ponderar la solicitud de confidencialidad del Denunciante, frente a factores tales como la gravedad de la supuesta conducta, si han existido otras denuncias de naturaleza similar contra el mismo individuo, los derechos del Denunciado para recibir información sobre las alegaciones, si la información es mantenida por la escuela como un “registro de la educación”, bajo la Ley de Derechos Educativos de la Familia y Privacidad (“FERPA”, por sus siglas en inglés) y otros factores requeridos por la ley aplicable.

3. Sin perjuicio de las consideraciones descritas en el apartado 2 anterior, todas las denuncias alegando discriminación, acoso o conducta sexual inapropiada, serán investigadas rápidamente y a fondo. El(los) Investigador(es) llevará(n) a cabo entrevistas según sea necesario, con todas las personas apropiadas, incluida el Denunciante y el Denunciado, y reunirá los medios de prueba pertinentes. Tal investigación, entre otras cosas, deberá buscar la identificación y localización de los testigos y si estuvieron involucrados el alcohol o las drogas en el incidente.
4. Después de concluir la investigación, el(los) Investigador(es) elaborará(n) un Informe sobre la Investigación, estableciendo las presuntas violaciones de la política, resumiendo los testigos entrevistados, los elementos de prueba reunidos e indicando las conclusiones referentes a cualquier violación de la política de la Universidad. El(los) Investigador(es) normalmente completará(n) la investigación dentro de 15 días laborales\(^2\), excepto en los casos en que el volumen de los testigos, la proximidad a un descanso de vacaciones o el fin de un periodo académico, u otras circunstancias, obliguen a un plazo más largo para la investigación.

5. El(los) Investigador(es) proporcionará(n) el Informe de Investigación al Coordinador del Título IX, quien revisará el mismo. El Coordinador del Título IX volverá a remitir al(los) Investigador(es) cualquier pregunta que el Coordinador del Título IX tenga en relación a los contenidos o conclusiones del Informe. Después de que el(los) investigador(es) respondan o resuelvan con éxito las preguntas o inquietudes del Coordinador del Título IX, si hubieran, el(los) Investigador(es) deberá(n) presentar un Informe final al Coordinador del Título IX, que deberá incluir una conclusión en cuanto a si el(los) investigador(es) encontró(aron) que es más probable que la conducta del Denunciado constituya una violación de la política. Si el(los) Investigador(es) no puede(n) llegar a un consenso sobre dicha conclusión, el Coordinador del Título IX, o la persona designada, deberá revisar las entrevistas y otras pruebas reunidas durante la investigación y determinar si la conducta del Denunciado constituye una violación de la política.

6. Después de la recepción del Informe final de la Investigación, el Coordinador del Título IX se reunirá con el Denunciante y el Denunciado, por separado, para discutir la conclusión de la investigación y proporcionar a cada uno una copia del Informe de Investigación. Para proteger la integridad de los procedimientos de investigación y audiencia, estos documentos deberían mantenerse confidenciales por las partes involucradas y no ser compartidos con los testigos o personas que no participan en la materia. Sin embargo, los Denunciantes y Denunciados no tienen prohibido compartir estos documentos con la familia, un abogado o una persona de apoyo/asesor, como se define a continuación.

7. Si la investigación concluye que la conducta del Denunciado constituyó una violación de la política, el Denunciado puede elegir ya sea (i) proseguir hacia el Panel Administrativo, para la determinación de la sanción o (ii) proseguir hacia un Panel de la Junta de Audiencias del Título IX. Dentro de los 3 días hábiles después de la entrega del Informe de Investigación, por el Coordinador del Título IX, la parte Demandada notificará al Coordinador del Título IX por escrito sobre la elección del Denunciado. El incumplimiento del Denunciado de presentar una elección oportuna, deberá dejar sin efecto el derecho del Denunciado a solicitar una audiencia y deberá ser considerada como una elección para proseguir hacia un Panel Administrativo, para la determinación de una sanción. Si la investigación concluye que la conducta del Denunciado no constituyó una violación de la política, el Denunciante puede optar por (i) permitir que el asunto quede cerrado o (ii) proseguir hacia un panel de la Junta de Audiencias del Título IX. Dentro de los 3 días hábiles después de la entrega del Informe de Investigación, por el Coordinador del Título IX, el Denunciante deberá notificar al Coordinador del Título IX, por escrito, sobre la elección del Denunciante. La omisión del Denunciante a presentar una elección oportuna, deberá dejar sin efecto el derecho a solicitar una audiencia y deberá considerarse como una elección para permitir que el asunto se cierre.

**B. Procedimientos de audiencia**

1. La Junta de Audiencias del Título IX deberá ser un organismo independiente de cualquier otra Junta Judicial de la Universidad. Los paneles de la Junta de Audiencias del Título IX (un

\(^2\) A los efectos de las Políticas y Procedimientos, se considera como día laboral aquel en que la Universidad ofrezca clases o exámenes. Para asuntos relacionados con el personal, un día laboral también incluye cualquier día que la Universidad no considere feriado o en que no cierre.
“Panel del Título IX”) deberán oír los casos relativos a las denuncias de discriminación, acoso, conducta sexual inapropiada, violencia de pareja, violencia doméstica o acoso, en los cuales un estudiante es el Denunciante o Denunciado. Todos los miembros de la docencia y del personal en el equipo de investigadores entrenados, podrán ser elegibles para un Panel del Título IX. Además de los miembros del panel interior, el Panel del Título IX incluirá y estará presidido por un juez retirado estatal o federal de California. Teniendo en cuenta la carga que pesa sobre los miembros del Panel del Título IX, durante la audiencia y las posibles repercusiones a interacciones de los estudiantes, durante y después de un procedimiento de audiencia, los estudiantes no deberán ser asignados como miembros de un Panel del Título IX. El Panel del Título IX deberá estar compuesto por dos miembros del equipo investigador seleccionado por el Coordinador del Título IX y que no estaban involucrados en la investigación de las denuncias del Denunciante y un juez retirado, seleccionado por el Coordinador del Título IX. En el caso de que el Denunciante o el Denunciado sea un miembro de la docencia, al menos un miembro del Panel del Título IX deberá ser un miembro de la docencia. En el caso de que el Denunciante o el Denunciado sea un miembro del personal, por lo menos un miembro del Panel del Título IX deberá ser un miembro del personal. El Coordinador del Título IX o uno de los Coordinadores Adjuntos, deberá asistir a las audiencias ante un Panel del Título IX, pero no deberá tener voto.

2. Si se ha realizado una elección oportuna, para proseguir hacia un Panel del Título IX, el Coordinador del Título IX deberá preparar una Declaración de Presuntas Violaciones de la Política, en base a la información proporcionada durante el proceso de investigación, por el Denunciante y el Informe de Investigación. El Coordinador del Título IX deberá seleccionar entonces un Panel del Título IX y referir la denuncia por escrito, si hubiera, el Informe de Investigación y la Declaración de Presuntas Violaciones de la Política al Panel del Título IX. La selección del Panel del Título IX normalmente se iniciará dentro de 3 días hábiles, de haber recibido una elección oportuna de un Denunciado o Denunciante. El Denunciante y el Denunciado serán informados de la composición del Panel del Título IX. El Denunciante y el Denunciado pueden cuestionar a un miembro del panel, sobre la base de un conflicto de intereses. Un conflicto de intereses se produce cuando los intereses o relaciones personales de un individuo, están en conflicto con su capacidad para ser un investigador neutral en un caso particular. Por ejemplo, si un miembro también se ha desempeñado como asesor de una parte en una denuncia o tiene una estrecha relación personal con una de las partes, puede existir un conflicto de intereses. El Coordinador del Título IX tomará la decisión final sobre la existencia o no de un conflicto de intereses. Los individuos retirados del Panel del Título IX, como resultado de una objeción basada en una denuncia de un conflicto de intereses, serán reemplazados por otro miembro del equipo de investigadores o un profesional externo que determine el Coordinador del Título IX. Normalmente, dentro de los 5 días hábiles de su selección, los miembros del Panel del Título IX, se reunirán para discutir la denuncia, la respuesta (si hubiera), el Informe de Investigación y la Declaración de Presuntas Violaciones de la Política.

3. En los casos ante un Panel del Título IX, se utilizará la norma probatoria de preponderancia de la prueba, si lo más probable fuera que las conductas de los Denunciados constituyeran una violación de la política, como se establece en la Declaración de Política de Presunta Violación.

4. El Panel del Título IX conducirá una audiencia inmediata, exhaustiva e imparcial. Se invitará al Denunciante y al Denunciado a comparecer ante ella, y escuchará e interrogará a los testigos, si hubiera. El Denunciante y el Denunciado pueden estar presentes en la audiencia, si así lo desean, o pueden optar por participar en la audiencia por teléfono. Sin embargo, a ninguna de las partes se le permitirá preguntar o interrogar directamente a la otra, durante la audiencia. Las preguntas pueden ser enviadas al Presidente por ambas partes, quien entonces decidirá si estas preguntas son relevantes a la materia y están de acuerdo a los requisitos del Título IX. Además, al Denunciante se le deberá ofrecer la oportunidad de participar en la audiencia, sin estar en la presencia del Denunciado, o el
lugar se puede disponer de manera que el Denunciante pueda participar en la audiencia sin estar en frente del Denunciado. El Panel del Título IX conducirá una audiencia y revisará cualquier información que considere necesaria, para asistir en llegar a una determinación, en cuanto a los méritos de la carga, incluyendo la información obtenida por el(los) Investigador(es) durante la investigación. Dentro del marco de tiempo especificado por el Presidente, ambas partes pueden proporcionar, a la consideración del Presidente, los nombres de los testigos que sugieren ser llamados.

5. Si el Presidente determina que "nuevas" pruebas, que no salieron a la luz durante la investigación, han sido presentadas durante la audiencia, el Presidente puede suspender la audiencia por un plazo que estime conveniente, para que el Denunciante y/o el Denunciado respondan a tales evidencias. La evidencia se considera "nueva", sólo si el Presidente concluye que la prueba es pertinente e importante y no podría haber sido descubierta antes por la parte, con un esfuerzo razonable.

6. El Panel basará su determinación respecto a si la conducta constituye una violación de la política, en la evidencia presentada.

7. Las audiencias serán cerradas, con excepción de los directores. Cada director puede tener un asesor/persona de apoyo, elegido por el participante. El asesor puede consultar con la parte, pero no puede dirigirse al Panel de Audiencias del Título IX. Una vez que las audiencias han terminado y el proceso de deliberación ha comenzado, las reuniones del Panel del Título IX estarán cerradas para todos, excepto para los miembros del Panel y el Coordinador del Título IX o un Coordinador Adjunto. Todos los procedimientos serán confidenciales y no serán discutidos fuera del proceso. Todos los testigos y asesores, deben mantener los procedimientos de la audiencia estrictamente confidenciales. Para proteger la integridad del proceso de investigación y audiencia, los directores también deberán mantener confidenciales los procedimientos de la audiencia. Sin embargo, los Denunciantes y Denunciados no tienen prohibido compartir detalles de los procedimientos de la audiencia con la familia, el abogado, asesor/persona de apoyo, u otros asesores de su elección. El Panel del Título IX sólo puede constatar la responsabilidad por denuncias o partes de denuncias que aparecen en la Declaración de Presuntas Violaciones de Política, preparada por el Coordinador del Título IX.

8. Las decisiones del Panel del Título IX serán por mayoría de votos y se limitarán a la cuestión de si, en la sentencia del Panel del Título IX, la conducta del Denunciado constituye una violación de la política, como se establece en la Declaración de Presunta Violación de la Política. Tan pronto como se llega a una decisión sobre el caso, puede ser resumida por escrito. La forma y el contenido de la decisión escrita del Panel del Título IX, la cual deberá incluir el análisis de los hechos y un resumen escrito de las bases para la conclusión, deberán ser aprobadas y firmadas por todos los miembros del Panel del Título IX. Una copia confidencial de la decisión del Panel del Título IX se le dará a la Denunciante y al Denunciado, y se colocará en los registros confidenciales permanentes del Coordinador del Título IX. Los detalles de las conclusiones del Panel del Título IX, pueden ser limitados en la copia del informe del Grupo Título IX, entregado al Denunciante, debido al FERPA del Denunciado u otros derechos aplicables de privacidad.

9. Una audiencia sobre una denuncia, normalmente se llevará a cabo dentro de los 15 días hábiles siguientes a la recepción de la Declaración de Presuntas Violaciones de la Política y el Informe de Investigación, aunque el proceso a veces pueda tomar más tiempo.

C. Sanción. En el supuesto que (i) el Denunciado opte por proseguir hacia una determinación de la sanción, después de la presentación del Informe de los Investigadores o (ii) un Panel del Título IX encuentra que el Denunciado es responsable de una violación de la política, el asunto proseguirá hacia un Panel Administrativo para la determinación de una sanción. El Panel Administrativo deberá estar compuesto por el Vicepresidente de Asuntos Académicos, el Vicepresidente de Inscripciones y el Rector Adjunto de Estudiantes. En el caso de que unode
los miembros designados del Panel Administrativo no esté disponible, el Director de Recursos Humanos deberá convertirse en un miembro del Panel Administrativo. Las sanciones para los estudiantes pueden incluir exigencias educativas, amonestación escrita, pérdida de privilegios de vivienda, libertad condicional, suspensión y/o expulsión de la Universidad. Las sanciones para los miembros del personal, pueden incluir exigencias educativas, amonestación escrita, libertad condicional, suspensión y/o terminación del empleo. Las sanciones para los miembros de la docencia, pueden incluir exigencias educativas, amonestación escrita y/o apertura de un procedimiento de despido, de conformidad con los procedimientos establecidos en el Manual de la Docencia. El Panel Administrativo (i) tendrá acceso al expediente completo del caso, (ii) determinará las sanciones a ser impuestas o acciones correctivas que se deben tomar y (iii) podrá considerar tanto la gravedad de la infracción, como el registro de la conducta previa del Denunciado, para determinar las sanciones a ser impuestas al mismo. El Panel Administrativo comunicará la decisión por escrito a las partes, en un plazo de 10 días hábiles. La copia del informe del Denunciante, con los detalles de la(s) sanción(es) impuesta(s) al Denunciado, puede ser limitada debido a la FERPA del Denunciado u otros derechos de privacidad aplicables. La oficina del Rector de Estudiantes o el Director de Recursos Humanos, como sea el caso, también ingresará la decisión en el registro permanente de un individuo que haya violado esta política. La(s) sanción(es) impuesta(s) se llevará(n) a cabo tras la decisión del Panel Administrativo y estará(n) en vigor hasta la resolución de cualquier recurso.

VI. Procedimientos de investigación de denuncias de discriminación, acoso o conducta sexual inapropiada, que no involucren a un estudiante como denunciante o denunciado:

A. Proceso de investigación

1. Tras la recepción de una denuncia, el Coordinador del Título IX o Coordinador Adjunto, consultará con el Denunciante.

2. Si el Denunciante solicita su confidencialidad o pide que la denuncia no se realice, la Universidad tomará todas las medidas razonables para investigar y responder a la denuncia, de conformidad con la solicitud de confidencialidad. Sin embargo, dicha solicitud de confidencialidad puede limitar la capacidad de la Universidad para responder a la denuncia. La Universidad también puede ponderar la solicitud del Denunciante para confidencialidad, frente a factores tales como la gravedad de la supuesta conducta, si han existido otras denuncias de naturaleza similar contra el mismo individuo y, en su defecto, otros factores requeridos por la ley aplicable.

3. El Coordinador del Título IX o Coordinador Adjunto, después de hablar con el Denunciante, podrá determinar que la conducta observada, no constituye claramente acoso, discriminación o conducta sexual inapropiada y así lo comunicará al Denunciante.

4. Sin perjuicio de las consideraciones descritas en el apartado 2 y 3 anteriores, se investigará toda denuncia, incluyendo cualquier instancia supuesta de represalia o afirmaciones falsas intencionales. El Coordinador del Título IX deberá designar a dos investigadores, para llevar a cabo la investigación, lo cual puede incluir un profesional externo con experiencia en la realización de investigaciones, a discreción del Coordinador del Título IX. Si el asunto involucra a un miembro de la docencia, ya sea como Denunciante o Denunciado, al menos uno de los investigadores asignados deberá ser un miembro de la docencia. Si el asunto involucra a un miembro del personal, ya sea como Denunciante o Denunciado, al menos uno de los investigadores asignados deberá ser un miembro del personal. Si el Denunciante es un miembro de la docencia o del personal de una de las otras Universidades de Claremont, uno de los investigadores puede ser del domicilio de la universidad local del Denunciante.

5. Como parte del proceso de investigación, los investigadores pueden solicitar, pero no exigir, al Denunciante que presente una declaración firmada por escrito, sobre los hechos denunciados. Esta declaración debería contener todos los datos pertinentes, tales como
los nombres de las personas involucradas, los nombres de los testigos, las horas y lugares de la supuesta conducta de acoso.

6. Los investigadores llevarán a cabo entrevistas, según sea necesario, con todas las personas apropiadas, incluido el Denunciante y el Denunciado, y reunirán los medios de prueba pertinentes. Los Investigadores normalmente completarán su investigación dentro de los 15 días hábiles, excepto en los casos en que el volumen de los testigos, la proximidad a un descanso de vacaciones o el fin de un período académico, u otras circunstancias obliguen a un plazo más largo para la investigación.

7. Una vez concluida la investigación, los Investigadores prepararán un Informe de investigación que incluye una conclusión, en cuanto a si es más probable que la conducta del Denunciado constituya una violación de la política. Si los investigadores no pueden llegar a un consenso sobre el tema, el Coordinador del Título IX, o la persona designada, deberá revisar las entrevistas y otras pruebas reunidas durante la investigación y determinar si la conducta del Denunciado constituye una violación de la política.

8. Para proteger la integridad de la investigación, el Informe del Investigador debería mantenerse confidencial para las partes involucradas y no compartirse con los testigos o personas que no participan en la materia. Sin embargo, los Denunciantes y Denunciados no tienen prohibido compartir estos documentos con la familia, el abogado, una persona de apoyo/asesor, como se define a continuación.

9. En los casos que se determina, después de la investigación, que el Denunciado es responsable de una violación de esta política, el Coordinador del Título IX presentará el informe al Vicepresidente correspondiente, para la adopción de medidas adicionales bajo la sección B, a continuación.

B. **Sanción.** Si la investigación determina que un miembro del personal Denunciado es responsable de una violación de esta política, la sanción deberá ser determinada por el Vicepresidente a quien informa el Denunciado, en consulta con el Director de Recursos Humanos. Las sanciones para los miembros del personal pueden incluir exigencias educativas, amonestación escrita, libertad condicional, suspensión y/o terminación del empleo. Si la investigación determina que un miembro de la docencia Denunciado, es responsable de una violación de esta política, la sanción deberá ser determinada por el Vicepresidente de Asuntos Académicos, en consulta con el Director de Recursos Humanos. Las sanciones para miembros de la docencia pueden incluir exigencias educativas, amonestación escrita y/o la apertura de un procedimiento de despido, en conformidad con los procedimientos establecidos en el Manual de la docencia. El Vicepresidente (i) tendrá acceso al expediente completo del caso, (ii) determinará las sanciones a ser impuestas o acciones correctivas a tomarse y (iii) pueden considerar la gravedad de la infracción y la una conducta anterior del Denunciado, en la determinación de las sanciones a ser impuestas al Denunciado. El Vicepresidente comunicará la decisión por escrito a las partes, en un plazo de 10 días hábiles. La copia del Denunciante sobre el informe de los detalles de la(s) sanción(es) impuesta(s) al Denunciado, puede ser limitada debido a los derechos de privacidad del Denunciado. El Director de Recursos Humanos también ingresará la decisión en el registro permanente de un individuo, que haya violado esta política. La(s) sanción(es) impuesta(s) se llevará(n) a cabo tras la decisión del Vicepresidente y estará en vigor a la espera del resultado de cualquier recurso.

VII. **Medidas provisionales:** La Universidad podrá adoptar las medidas que se consideren necesarias, en respuesta a una denuncia, con el fin de proteger los derechos de un individuo y la seguridad personal y de la comunidad universitaria. Tales medidas incluyen, pero no se limitan a, una suspensión provisional (suspensión inmediata y temporal, en espera del resultado del proceso de denuncia), una orden prohibiendo el contacto (una orden en la que una persona se abstiene del contacto directo o indirecto, con otra u otras personas), restricciones sobre el acceso a las instalaciones o áreas del campus y/o cambios apropiados en el horario académico. Las medidas provisionales pueden incluir la notificación del asunto a la policía local. El incumplimiento del Denunciado de adherirse a los
parámetros de cualquier medida provisional, es una violación de la política universitaria y puede dar lugar a medidas disciplinarias adicionales.

VIII. **Persona de Apoyo/Asesor:** El Denunciante y el Denunciado pueden cada uno tener una persona de apoyo, presente con ellos en todas las reuniones y cualquier audiencia asociada a una denuncia y en la cual el individuo respectivo está participando. La Persona de Apoyo/Asesor puede ser cualquier persona a elección del participante, incluyendo un abogado. La Persona de Apoyo/Asesor puede asistir, pero no participar, en las reuniones o la audiencia. Si el participante decide tener a un abogado actuando como una Persona de Apoyo/Asesor, dicho abogado estará a expensas de ese individuo.

IX. **Procedimientos de apelación**

A. **Derechos de apelación.** En los casos tratados en la anterior sección V, ya sea el Denunciante o el Denunciado puede apelar (i) un fallo adverso del Panel del Título IX o (ii) una sanción determinada por el Panel Administrativo. En los casos tratados en la Sección VI anterior, ya sea el Denunciante o el Denunciado puede apelar (i) un fallo adverso de un Informe de Investigación o (ii) una sanción impuesta por un Vicepresidente. Las apelaciones deberán realizarse a la Vicepresidencia de Asuntos Estudiantiles de la Universidad, excepto que las apelaciones presentadas por miembros del personal de la Oficina de Asuntos Estudiantiles, deberá realizarse ante el Vicepresidente/Secretario de la Junta ("Oficial de Apelaciones"). La apelación no pretende ser una nueva investigación o una totalmente nueva audiencia de la denuncia. A menos que el Oficial de Apelaciones ordene lo contrario, un recurso de apelación se limita a una revisión de la documentación escrita y el expediente de la investigación y/o de la audiencia y la documentación pertinente, respecto a los motivos del recurso. Apelar las decisiones debe hacerse de manera respetuosa con los investigadores, el Panel del Título IX, el Panel Administrativo o el Vicepresidente aplicable. El aviso escrito de la intención de apelar y las razones escritas de la apelación, deben presentarse dentro de los 10 días hábiles de la decisión, de la cual el Denunciante o el Denunciado está apelando.

La apelación de la(s) decisión(es) se puede realizar en sólo tres motivos. Cualquiera o todos pueden ser citados en la apelación.

1. **Procedimiento judicial inadecuado.** La parte puede apelar si se violaron los procedimientos descritos en las políticas de Discriminación y Acoso. El Oficial de Apelación deberá examinar si las disposiciones de las políticas se violaron, de manera tan clara como para negar la consideración recurrente de su posición durante el proceso. Si el Oficial de Apelación acepta una apelación hecha sobre la base de un procedimiento judicial indebido, el Oficial de Recurso deberá remitir el asunto al paso apropiado en el proceso y podrá proporcionar directivas o explicaciones específicas de orientación.

2. **Nueva evidencia.** Durante el proceso habitual de investigación y audiencia, se concede tiempo suficiente para reunir todas las pruebas disponibles. Sin embargo, en circunstancias extraordinarias, una de las partes puede apelar si la nueva evidencia está disponible. El Oficial de Apelación debe tener en cuenta:
   a) Si las pruebas no estaban realmente disponibles y no podían haber sido puestas a disposición, a través de los esfuerzos diligentes del denunciante, al momento de la investigación o audiencia original; y
   b) Si las pruebas habrían dado lugar a una conclusión diferente, de haber estado disponibles. Si el Oficial de Apelación responde afirmativamente a ambas preguntas, concederá la misma y remitirá el asunto al paso apropiado en el proceso y podrá dar instrucciones o explicaciones específicas para la orientación.

3. **Sanción desproporcionada.** El Oficial de Apelación puede ajustar (aumentar o disminuir) la sanción de un Denunciado, si el Oficial de Apelaciones determina que la sanción
impuesta por la violación de la política, era desproporcionada a la conducta que se había cometido.

El aviso por escrito de cualquier decisión de la apelación, deberá comunicarse a ambas partes y el Coordinador del Título IX, normalmente en un plazo de 15 días hábiles después de que la solicitud de apelación ha sido presentada por una parte, a menos que los acontecimientos imprevistos o circunstancias inusuales obliguen a un periodo de revisión más largo. Si otros procedimientos ocurrieran como resultado de la decisión de la apelación, el Coordinador del Título IX informará de ello a todos los participantes. Las decisiones del Oficial de Apelación son finales, en relación con todas las apelaciones.

Todas las sanciones impuestas estarán en efecto, mientras una apelación se encuentre en revisión. Una solicitud puede ser presentada al Oficial de Apelación, de consideración especial en circunstancias extremas, pero la postura de presunción de la Universidad es que las sanciones se mantendrán. La graduación, estudios en el extranjero, prácticas/prácticas externas, etc., en y por sí mismas conforman circunstancias extremas y los estudiantes pueden no ser capaces de participar en estas actividades durante una apelación. En los casos donde la apelación resulta en el restablecimiento a la Universidad o de los privilegios, se harán todos los esfuerzos razonables para restaurar al individuo a su estado anterior, reconociendo que algunas oportunidades perdidas pueden ser irrecuperables.

X. Retención de registro

A. Los registros de investigaciones y audiencias son mantenidos por la Universidad, durante cinco (5) años, como se indica a continuación.

1. **Estudiantes:** Si el Denunciado es un estudiante, los registros se mantendrán durante cinco (5) años después de la graduación del estudiante o si el estudiante sale de la Universidad antes de la graduación, durante cinco (5) años después de la fecha de graduación original prevista.

2. **Docencia o Personal:** Si el Denunciante es un miembro de la docencia o del personal, los registros serán mantenidos durante los cinco (5) años anteriores a la conclusión de la investigación y cualquier audiencia, o al final del empleo con la Universidad, la que sea posterior.

XI. Provisiones especiales

A. **Universidad como Denunciante:** Según sea necesario, la Universidad se reserva el derecho de iniciar una denuncia, para actuar como Denunciante, y para iniciar un procedimiento de denuncia, sin una demanda formal por parte del sujeto de la conducta inapropiada.

B. **Uso de alcohol y sustancias:** El uso de alcohol u otras drogas, nunca va a funcionar como una defensa para cualquier conducta que viole la política de la Universidad.

C. **Historia sexual pasada:** La historia sexual pasada de una parte, no será admisible por la otra parte en una investigación o audiencia. Las últimas interacciones sexuales de las partes en la denuncia, por lo general no serán admisibles por la otra parte en una investigación o audiencia, a menos que dicha información se determine que es muy relevante, por el Coordinador del Título IX. Si la parte cree que la interacción sexual pasada de las partes en la denuncia, es pertinente para la investigación y/o la audiencia, deberán presentar una solicitud escrita al Coordinador del Título IX, explicando la naturaleza de la información y porqué la información es relevante para la investigación y/o la audiencia. El Coordinador del Título IX revisará la solicitud y tomará una decisión en el plazo de 2 días hábiles.

D. **Historia de la conducta previa del Denunciado:** En general, cualquier violación(es) anterior(es) de la política universitaria, por el Denunciado, no son admisibles como información sobre la
presente denuncia. Sin embargo, el Coordinador del Título IX puede suministrar información sobre el comportamiento y/o denuncias anteriores al(la) Investigador(es) o un Panel del Título IX si:

1. El Denunciado fue previamente encontrado como responsable de una violación similar; y
2. La información indica un patrón de comportamiento por parte del Denunciado y sustancial conformidad con la presente alegación.

La conducta previa del Denunciado, será tomada en consideración por el Panel Administrativo o el Vicepresidente correspondiente, al determinar qué sanción imponer.

XII. Obligaciones de denuncia externas de la Universidad

A. La Divulgación de Jeanne Clery de la Política de Seguridad del Campus y la Ley de Crímenes Estadísticos del Campus (la "Ley Clery")

1. Reporte Estadístico: Los oficiales de una Universidad, tienen el deber de reportar una conducta inapropiada, para fines de reporte estadístico federal (Ley Clery). Toda la información personal se mantiene confidencial, pero la información estadística debe ser distribuida a la policía del campus, en relación con el tipo de incidente y su ubicación general (dentro o fuera del campus, en los alrededores, pero no se dan direcciones) para su publicación en el Informe anual de Seguridad del Campus. Este informe ayuda a proporcionar a la comunidad una idea clara de la magnitud y la naturaleza de los delitos del campus y a garantizar una mayor seguridad de la comunidad. Las Autoridades de Seguridad del campus incluyen: asuntos estudiantiles/de conducta, policía del campus, policía local, entrenadores, directores deportivos, personal vitalicio en la residencia, personal de actividades estudiantiles, personal de recursos humanos, asesores de las organizaciones de estudiantes, Personal Directivo y cualquier otro funcionario con responsabilidad significativa para las actividades estudiantiles y del campus. La información a ser compartida incluye la fecha, el lugar del incidente (utilizando categorías de ubicación Clery) y la categoría de crimen Clery. Este sistema de información protege la identidad de la víctima y se puede hacer de forma anónima.

2. Advertencia Oportuna: Los Denunciantes también deberían ser conscientes de que los administradores de la Universidad deben emitir advertencias oportunas inmediatas de los incidentes que se les comuniquen, que se confirman como una amenaza continua de daños corporales o peligro para los miembros de la comunidad universitaria. A los efectos del requisito de la Advertencia Oportuna, la Universidad no revelará el nombre del Denunciante. Sin embargo, la Universidad proporcionará suficiente información, para que los miembros de la comunidad tomen decisiones de seguridad a la luz del peligro. Los informantes, para los fines de la advertencia oportuna, son exactamente los mismos que se detallan en el párrafo anterior.

B. FERPA

1. El resultado de una audiencia del campus es parte del expediente educativo del Denunciado, si es un estudiante, y el registro de empleado, si es un miembro de la docencia o del personal. Los registros educativos de los estudiantes están protegidos de su comunicación bajo una ley federal, FERPA. La Universidad cumple con las regulaciones FERPA, respecto a la privacidad de los expedientes de los estudiantes y observa las siguientes excepciones a FERPA, como dispone la Ley Clery.

2. El Denunciante en un incidente de contacto sexual no consentido/coito, tiene derecho a ser informado del hallazgo y la(s) sanción(es) de la investigación o la audiencia, por escrito, sin condición o limitación.
3. El(los) Denunciante(s) en la explotación sexual, acoso sexual, violencia de pareja y cualquier otro delito de género, tiene(n) derecho a ser informado(s) del hallazgo, por escrito, y ser informado(s) de la(s) sancione(s) que se relacionan directamente con ellos y con los hechos esenciales apoyando el resultado, cuando el mismo es una constatación de la responsabilidad de una violación.

4. La Ley Clery permite a la Universidad divulgar públicamente el nombre, la naturaleza de la violación y la(s) sanción(es) para cualquier estudiante que se encuentre en violación de una política universitaria, que es un "crimen de violencia", incluyendo: incendio, robo, asalto, homicidio criminal, delitos sexuales, acoso, intimidación (que puede incluir el acecho y/o abuso), novatadas, destrucción/daño/vandalismo de la propiedad y secuestro/abducción. La Universidad dará a conocer esta información al Denunciante en cualquiera de estos delitos, independientemente del resultado.

Prevención y reducción del riesgo de agresión sexual, violencia de pareja o doméstica y acceho

Prevención: Si usted se encuentra en la posición de ser el iniciador de la conducta sexual, le debe respeto sexual a su pareja potencial y a usted mismo. Estas sugerencias pueden ayudarle a evitar el cometer un acto sexual no consentido y reducir el riesgo de ser acusado de conducta sexual inapropiada:

1. Comunique claramente sus intenciones a su pareja sexual y bríndele la oportunidad de comunicarle con claridad sus intenciones.

2. Comprenda y respete los límites personales. No presione a una pareja potencial.

3. NO HAGA SUPOSICIONES acerca del consentimiento; acerca de la disponibilidad sexual de alguien; acerca de cuán lejos usted puede ir o si son física y/o mentalmente capaces de dar su consentimiento. Si existe alguna pregunta o ambigüedad, entonces usted NO TIENE el consentimiento y debería detenerse.

4. Si cree que está recibiendo mensajes confusos o contradictorios de su pareja, esto es una clara indicación de que debe detenerse, calmar cualquier tensión sexual y comunicarse mejor.

5. No se aproveche de una persona embriagada, drogada o, de otra manera, en un estado de incapacidad, incluso si se lo hicieron a sí mismas.

6. Sea consciente de que su pareja potencial podría estar intimidada o aterrada por usted. Es posible que usted tenga una ventaja de poder, simplemente a causa de su género o tamaño. No abuse de ese poder.

7. Entienda que el consentimiento para alguna forma de comportamiento sexual, no es un consentimiento automáticamente igual para cualquier otra forma de comportamiento sexual.

8. El silencio y la pasividad no pueden ser interpretados como una indicación de consentimiento. Interprete a su pareja potencial cuidadosamente, prestando atención a la comunicación verbal y no verbal, así como al lenguaje corporal. Si no está seguro, deténgase.

Reducción del riesgo: Los consejos de reducción de riesgos, sin intención, pueden tomar un tono de culpabilidad de la víctima. Sin intención de culparla y con el reconocimiento de que sólo aquellos que cometan violencia sexual son responsables de tal conducta, no obstante, estas sugerencias pueden ayudar a reducir el riesgo de experimentar un acto sexual sin consentimiento.

1. Si usted tiene límites sexuales, hágalo saber tan pronto como sea posible.

2. Si no desea participar en una actividad en particular, diga a la otra persona "NO", con claridad y firmeza.

3. Trate de alejarse de la presencia física de un agresor sexual, si puede hacerlo de manera segura.

4. Si alguien está cerca, solicite ayuda o sí es seguro hacerlo, envíe un mensaje de texto o llame a alguien.

5. Asuma la responsabilidad afirmativa sobre la ingesta de alcohol/uso de drogas y reconozca que el alcohol/drogas disminuyen sus inhibiciones sexuales y pueden hacerlo vulnerable para alguien que ve a una persona embriagada o drogada, como una oportunidad sexual.

6. Cuide a sus amigos y solicite que cuiden de usted. Un verdadero amigo le cuestionará si está a punto de cometer un error. Respételos cuando lo hacen.

Preguntas frecuentes: agresión sexual, violencia de pareja o doméstica y acoso

1. ¿La información sobre una denuncia permanece confidencial?

La confidencialidad de todas las partes en una denuncia de conducta sexual inapropiada, debe ser respetada, en la medida que no interfiera con la obligación de la Universidad para investigar a fondo las acusaciones de conducta sexual inapropiada. Donde la confidencialidad no sea estrictamente mantenida, seguramente estrechamente controlada en base a la necesidad de conocimiento. No se permite la difusión de información y/o materiales escritos, a las personas que no participen en el procedimiento de denuncia. Las violaciones de la privacidad del Denunciante o el Denunciado, pueden derivar en medidas disciplinarias por la Universidad. En todas las denuncias de conducta sexual inapropiada, todas las partes serán informadas del resultado. En algunos casos, la Universidad podrá optar por hacer un breve anuncio público de la naturaleza de la violación y las medidas tomadas, sin necesidad de utilizar el nombre o la información de identificación de la presunta víctima. Ciertos administradores de la Universidad pueden ser informados de los resultados, dentro de los límites de la privacidad de los estudiantes (por ejemplo, el Presidente, Rector de Estudiantes, Director de Seguridad en el Campus, Coordinador del Título IX). Si existe un informe de supuesta conducta sexual inapropiada para la Universidad y no existe evidencia de que se ha producido un delito, la policía local será notificada con el consentimiento del Denunciante. Esto no significa que los cargos se presentarán automáticamente o que el Denunciante tenga que hablar con la policía. La Universidad también debe reportar, estadísticamente, la ocurrência en el campus de los principales crímenes violentos, incluyendo ciertos delitos sexuales, en un informe anual de estadísticas de delincuencia del campus. Este informe estadístico no incluye información de identificación personal.

2. ¿Tendré que pagar (como sobreviviente/victima) por el asesoramiento o atención médica?

Los estudiantes pueden acceder a los servicios de Monsour Counseling and Psychological Services para una sesión personal de orientación, y Monsour también tiene un grupo de apoyo para los sobrevivientes de agresión sexual. Además, la orientación se proporciona de manera gratuita por un orientador certificado en temas de agresión sexual en el CUC EmPOWER Center. Se ofrecen pruebas de embarazo y de detección de infecciones de transmisión sexual, además de orientación en Servicios de Salud para Estudiantes de CUC, y pueden aplicar gastos de laboratorio. Se ofrecen anticonceptivos de emergencia por $20 en Servicios de Salud para Estudiantes. Si usted tiene acceso a servicios comunitarios y no institucionales, el pago de estos servicios puede ser cubierto por su plan de seguro médico; por favor revise su cobertura. Si ha elegido la cobertura bajo el Plan de Seguro de Salud para Estudiantes de la Universidad de Claremont ("SHIP" por sus siglas en inglés), el pago de estos servicios también puede estar cubierto por este plan. Si desea más información, visite aquí.

3. ¿Se les avisará a mis padres o tutor?

A menos que sea menor a 18 años, no; a menos que usted les avise. Si usted es el Denunciante o el Denunciado, la relación primaria de la Universidad es con usted, el estudiante, y no con su padre, madre o tutor. Sin embargo, le recomendamos enfáticamente que se comunique con sus padres, cuando esté en apuros, ya sea por razones médicas, de comportamiento o académicas. Nos pondremos en contacto con sus padres si creemos que su salud o seguridad están en riesgo, o si su estado en la Universidad está en riesgo (debido a la suspensión o expulsión de la residencia o de la Universidad). Además, los funcionarios universitarios hablarán con sus padres, directamente a petición suya.

4. ¿Tengo que nombrar al presunto autor?

Sí, si desea proceder con el asunto de conformidad con lo dispuesto en las Políticas y Procedimientos de Discriminación y Acoso de la Universidad. No, si decide responder de manera informal y no presentar una denuncia formal. Debe consultar las disposiciones de confidencialidad, establecidas en las Políticas y Procedimientos, para entender mejor las obligaciones legales de la Universidad, en
función de la información que usted comparte con diferentes funcionarios de la misma. Los denunciantes deberían ser conscientes de que no identificar al presunto autor, puede limitar la capacidad de la Universidad para responder íntegramente.

5. ¿El presunto autor material conocerá mi identidad?

Sí, si usted presenta una denuncia formal. La conducta sexual inapropiada es un delito grave y el denunciado tiene derecho a conocer la identidad del denunciante/presunta víctima. Si se celebra una audiencia, la Universidad proporciona opciones alternativas de testimonio para que las partes no tengan que interaccionar directamente.

6. ¿Qué hago si se me acusa de conducta sexual inapropiada?

NO SE PONGA en contacto con el Denunciante. Es posible que desee hablar con alguien en la comunidad del campus o en alguna otra parte, que pueda actuar como su persona/asesor de apoyo. El Coordinador del Título IX puede explicarle los procedimientos de denuncia de la Universidad para atender las denuncias de conducta sexual inapropiada y explicarle las opciones de apoyo disponibles. Por ejemplo, es posible que desee buscar orientación confidencial a través del centro de orientación o buscar apoyo a través de servicios fuera del campus, en la comunidad. Véase más abajo lo relacionado con la representación legal.

7. ¿Qué sucede con el asesoramiento legal?

Si usted es parte de un procedimiento universitario, tiene derecho a contar con una persona de apoyo de su elección, que puede ser un abogado. Sin embargo, en caso de que opte por tener a un abogado como persona de apoyo, no se permitirá que dicha persona intervenga en el procedimiento. Los denunciantes no necesitan un abogado privado para iniciar un proceso penal, porque la representación estará a cargo de la oficina del Fiscal de Distrito. Sin embargo, es posible que desee contratar a un abogado, si usted está considerando presentar una acción civil. Es conveniente que los denunciados contraten a un asesor legal, dada la posibilidad de la acción penal y/o civil.

8. ¿Qué pasa con el cambio de residencia estudiantil u otra vivienda?

Si usted es el Denunciante, puede solicitar un cambio de habitación a través del Coordinador del Título IX, quien facilitará con el Rector de Estudiantes el cambio de habitación a la primera disponible y adecuada. Si desea que el Denunciado sea el que se mude, debe estar dispuesto a presentar una denuncia formal. De nuevo, si hay una denuncia formal, se pueden imponer órdenes para que no haya contacto entre las partes.

Otras adaptaciones disponibles podrían incluir:

- Asistencia o reprogramación de un trabajo académico (ensayo, exámenes, etc.);
- Ayuda para solicitar un incompleto en una clase;
- Asistencia con la transferencia de secciones de clases, si está disponible;
- Retiro temporal;
- Asistencia con opciones alternativas de finalización del curso;
- Otros alojamientos para la seguridad, cuando sea necesario.

9. ¿Qué debo hacer para preservar las pruebas de una agresión sexual?

Las pruebas físicas de una agresión sexual punible deben recolectarse de la presunta víctima dentro de las 96 horas posteriores al hecho, aunque las pruebas a menudo se pueden obtener de toallas, sábanas, ropa, etc., durante períodos mucho más largos. Scripps recomienda enfáticamente que los
estudiantes interesados en explorar la preservación de pruebas llamen a la línea directa 24/7 de Servicios familiares de Project Sister al (909) 626-4357. En Project Sister le explicarán y guiarán en el proceso, e incluso le dirán si la preservación de pruebas es una opción. Por supuesto, si desea asistencia de la Universidad, comuníquese con Seguridad del Campus al (909) 607-2000 y solicite hablar con el rector de guardia. Haga clic aquí para obtener más información sobre el proceso de preservación de pruebas.

10. ¿El Denunciante será sancionado al denunciar una conducta sexual inapropiada, si ha consumido ilegalmente drogas o alcohol?

No. La gravedad de la infracción determinará la naturaleza de la respuesta de la Universidad, pero siempre que sea posible la Universidad responderá de manera educativa, en lugar de disciplinaria, al uso ilegal de drogas y/o alcohol. La gravedad de la conducta sexual inapropiada es una de las principales preocupaciones y la Universidad no desea que ninguna de las circunstancias (por ejemplo, el uso de drogas o alcohol) inhiba la denuncia de conductas sexuales inapropiadas.

11. ¿El uso de drogas o alcohol afecta el resultado de una denuncia por conducta sexual inapropiada?

El uso de alcohol y/o drogas, por cualquiera de las partes, no disminuirá la responsabilidad del Denunciado. Por otra parte, es probable que el uso de alcohol y/o drogas afecte la memoria del Denunciante y, por lo tanto, pueda afectar el resultado de la denuncia. Una persona que presenta una denuncia por conducta sexual inapropiada, debe recordar el presunto incidente o tener suficiente evidencia circunstancial, pruebas físicas y/o testigos, para respaldar su denuncia. Si el Denunciante no recuerda las circunstancias del supuesto incidente, puede que no sea posible imponer sanciones a la parte Denunciada, sin información adicional confirmatoria. El uso de alcohol y/u otras drogas, nunca será pretexto de una violación por un Denunciado.

12. ¿El uso previo de drogas y/o alcohol por cualquiera de las partes, será un factor al reportar la conducta sexual inapropiada?

No, a menos que exista una razón de peso, para creer que el uso o abuso previo sea relevante para la presente denuncia.

13. ¿Qué debo hacer si no estoy seguro acerca de lo que sucedió?

Si usted cree que ha sido objeto de una conducta sexual inapropiada, pero no está seguro de si se fue una violación de la política de la Universidad, debe comunicarse con el Coordinador del Título IX de la Universidad, quien puede explicarle la política y las opciones de resolución. Si desea hablar con alguien en confianza para explorar el incidente, es posible que desee hablar primero con un orientador de Monsour Counseling and Psychological Services o del EmPOWER Center, un capellán del McAllister Center, o una línea telefónica de emergencia para violaciones. Los Defensores de Apoyo a los Sobrevivientes de Abuso Sexual en Scripps, son un grupo de estudiantes entrenados que están disponibles a través de una línea telefónica directa, para ayudar a los estudiantes que han sido víctimas de una agresión sexual o conducta inapropiada (909-214-2138).

Qué hacer si usted ha sufrido agresión sexual, violencia de pareja o doméstica o acecho

Si usted ha sido víctima de conducta sexual inapropiada, violencia de pareja o acecho, cuanto antes busque ayuda, mayores opciones tendrá a su disposición. Es importante tomar las siguientes medidas tan pronto como sea posible.

1. **Aléjese de su atacante y vaya a un lugar seguro tan pronto como sea posible.** Llame al 911 o a Seguridad del Campus.

2. **Busque atención médica** para evaluar y tratar lesiones, hacerse una prueba de embarazo y de detección de infecciones de transmisión sexual y recolectar pruebas (si usted así lo desea). Visite aquí donde encontrará más información sobre la preservación de pruebas.

3. **Busque apoyo:** No tenga miedo de pedir ayuda y apoyo; los sentimientos de vergüenza, culpa, miedo y conmoción son normales. Llame a un amigo o familiar de confianza, o a uno de los recursos dentro o fuera del campus que se indican a continuación:

   - **Coordinadora del Título IX:** Sally Steffen, Coordinadora del Título IX, 909-607-7142. Sally está a su disposición para hablar con usted sobre las opciones de denuncia y apoyo. Podrá informarse sobre sus opciones sin compartir los detalles del incidente, incluida la identidad de la otra parte.

   - **Rectores de guardia** (para asistencia después de las horas de oficina y los fines de semana): Llame a Seguridad del Campus al 909-607-2000 y pida hablar con el rector de guardia.

   - **Defensores de Sobrevivientes de Abuso Sexual en Scripps** (909)-214-2138, de 8:00 pm a 8:00 am, los 7 días de la semana, cuando la escuela está en sesión: Los defensores son estudiantes de Scripps. En ocasiones, hablar con un compañero puede ser un primer paso reconfortante. Puede hablar anónimamente (en otras palabras, no es necesario que revele quién es usted en la línea directa) con un defensor, que le guiará a recursos de apoyo. Incluso si usted decide revelar su identidad a un defensor, ellos no están obligados a revelar su identidad a los funcionarios de la Universidad en ausencia de riesgo inminente para sí mismos o para los demás.

   - **Monsour Counseling and Psychological Services (incluido el terapeuta de guardia):** 909-621-8202.

   - **Apoyo académico:** La experiencia nos indica que no es raro que los estudiantes descubran que necesitan apoyo académico tras un incidente del Título IX. Si usted cree que dicho apoyo le sería de ayuda, puede comunicarse con su Rector de primer contacto (PCD, por sus siglas en inglés), la Coordinadora del Título IX, o la Coordinadora Adjunta del Título IX, Leslie Schynder. No se requiere que revele todas las circunstancias del incidente para obtener apoyo académico, aunque a veces limitar lo que se revela puede interferir con la capacidad de evaluar y atender...
sus necesidades de manera plena e integral. Si, en cambio, usted opta por hablar directamente
con sus profesores, debe saber que ellos son empleados responsables y tienen la obligación
legal de informar lo que usted le revele a un miembro el equipo del Título IX.
