# 2015 Scripps College Resume Book

## Dear alumnae, parents, and friends,

On behalf of Scripps College and Career Planning & Resources, I have the privilege of introducing you to several extraordinary job seekers from the Classes of 2014 and 2015. Within these pages are more than 100 examples of the Scripps College experience.

Our liberal arts graduates complete a [core curriculum](#) in interdisciplinary humanities and compose a senior thesis specific to their area of study. They excel in research and writing, communication, and problem-solving skills. Most graduate having completed two or more internships and about 60% spend a semester abroad.

Recent graduates are now working for organizations large and small across the country like Adidas America, Barna Group, BuzzFeed, Cambridge Associates, City of Hope, Deloitte Consulting, Disability Rights Advocates, En Route Winery, Expedia, Fred Hutchinson Cancer Center, JP Morgan Chase, Laserfiche, NASA Jet Propulsion Laboratory, Mattel Inc., Microsoft, NBC Universal, Nielsen, Pasadena Arts Council, Seattle Cancer Care Alliance, Teach for America, Terrorbird Media, Walt Disney Company, and YouTube.

We offer the 2015 Scripps College Resume Book as means of introduction to some of these impressive individuals. For privacy purposes, students are identified by first name and last initial only (in the case of duplicate aliases, an additional letter is included in the last name as a unique identifier). Each name is hyperlinked to an email forward. We encourage you to connect with students directly for job referrals or networking opportunities. [Learn more](#) about Scripps College.

### How to use this book

Each participant was given an opportunity to identify their industry and geographic preferences, as listed on the following contents page. While you can browse through individual resumes, you may prefer to search by [Geographic](#) or [Industry Preferences](#). The “Home” button located in the top right hand corner of each resume will bring you back to the contents page. Additionally, you may wish to explore the navigation bar in the Resume Book footer which includes buttons for table of contents, bookmarking specific resumes, full screen viewing and zoom options.

We, of course, also invite you to recruit on our campus or [post current openings](#) with us directly. Please [contact us](#) with any questions; we are here to help in whatever way we can.
