The Claremont Colleges

James Blaisdell's vision gave rise to the consortium of educational institutions known as The Claremont Colleges. The Claremont Consortium was officially born on October 14, 1925, when Robert J. Bernard, the assistant to President Blaisdell at Pomona College, filed in Sacramento the articles of incorporation for The Claremont Colleges. This day was especially chosen because it also marked the 38th anniversary of the founding of Pomona College, the first of several allied colleges that would be established in Claremont. Blaisdell thereby created not only an alliance that is now widely recognized as one of the nation's greatest centers of liberal arts education, but also a central coordinating agency for the consortium - an organization known today as the Claremont University Consortium.

The Claremont University Consortium started in 1925 as "The Claremont Colleges." In 1944, the "s" was dropped, and it became Claremont College. In 1961, the name was changed to Claremont University College; two years later, to Claremont Graduate School and University Center. Then in 1967, it was given the current name, Claremont University Center, in an effort to describe more adequately the organization's scope and purpose. July 1, 2000, Claremont University Consortium was founded as a free-standing educational support institution of The Claremont Colleges. It carries the same duties and responsibilities as were formerly assigned to the Central Programs & Services of Claremont University Center, along with the charge to assist with group planning, the founding of new colleges and to hold lands for future expansion of the group.

The Colleges Today

Seven educational institutions now constitute The Claremont Colleges: Pomona College, founded in 1887; Claremont Graduate University, 1925; Scripps College, 1926; Claremont McKenna College, 1946; Harvey Mudd College, 1955; Pitzer College, 1963; and the Keck Graduate Institute of Applied Life Sciences, 1997.

The Claremont Colleges enroll more than 6,300 full-time students. The combined faculty consists of nearly 700 professors, with approximately 1600 staff and support personnel. Presently more than 2000 courses are offered to students attending the colleges. This is an impressive academic assemblage for an area that is only one square mile, and it is a classic example of the whole exceeding the sum of its parts.

Each year, students take roughly 6000 courses at a campus other than their home campus — about 16 percent of the total courses offered. This cross-registration is one of the consortium's most remarkable qualities. Undergraduate students experience the advantage of an array of course offerings found only in the most select universities.

The Claremont Colleges are now nationally and internationally renowned for academic excellence.

To work out specific issues of intercollegiate cooperation, the consortium maintains an extensive and highly effective network of intercollegiate committees. These are more than a dozen such bodies contributing to the effective management and oversight of the consortium.

The group also benefits from an unparalleled level of cooperation in terms of support services. The Claremont Colleges Library is a superb example of this. The library collection ranks third among the private institutions in California, behind only Stanford and USC, and it is clearly larger than any one of the schools could afford to own on its own. "Pooling resources" and cooperation help to realize President Blaisdell's dream of creating in Claremont a consortium with the resources of a major university and the intimacy of small colleges.

The colleges also share a variety of student support services, provided by CUC including the Student Health Service, Monsour Counseling Center, an interfaith office of chaplains, and a central bookstore, (Huntley Bookstore). Institutional support is also cooperatively provided in such areas as campus security, financial and human resource services, telecommunications, risk management, real estate, and physical plant maintenance. This level of cooperation is unmatched by any of the nearly 100 college consortia in existence throughout the country. Cooperation among colleges appears to be the wave of the future in higher education, and Claremont is already on the crest of the wave.

- **Scripps College** is the consortium's liberal arts college for women, offering the bachelor of arts degree in 35 majors.
- **Pomona College's** comprehensive liberal arts curriculum emphasizes the humanities, natural sciences, and social sciences.
- **Claremont Graduate University** awards master's and doctoral degrees through five academic centers - in the humanities, social sciences, psychology, math, botany, fine arts, education, information science, management, and executive management.
- Founded as Claremont Men's College, **Claremont McKenna College**, now a coeducational campus, offers a liberal arts curriculum with special emphasis in economics, government, and international relations.
- Specializing in science, math, and engineering, **Harvey Mudd College** offers the bachelor of science degree but also includes coursework in the humanities and social sciences.
- **Pitzer College** offers more than 30 majors in the sciences and humanities in a curriculum that encourages social responsibility and self-direction.
- **Keck Graduate Institute of Applied Life Sciences** offers a professional Master of Bioscience (MBS) degree as well as a PhD in Applied Life Science for MBS graduates. It also offers a Postdoctoral Professional Masters (PPM), a Postbaccalaureate Premedical Certificate Program, and a joint PhD program in Computational Biology with Claremont Graduate University.

Williamson Gallery	http://rcwg.scrippscollege.edu/
Distinguished Speaker Series	<p>Scripps College invites speakers from a wide variety of academic disciplines and professions to engage our community in significant conversations. Students have the opportunity to meet with most speakers in small group settings during their visits, which allows them to ask speakers the questions about the topics that are most important to them. Social justice activists, film makers, journalists, musicians, corporate leaders, artists, economists, authors and more visit Scripps College each year thanks to the generosity of speaker funds endowed by Scripps alumnae, trustees, and families.</p> <p>http://www.scrippscollege.edu/events/speakers</p>
Tuesday Noon Academy	<p>This hour-long, weekly series features thought-provoking presentations by Scripps College faculty and visiting scholars, and is open to the greater community. Bring your lunch or purchase it at the Malott Commons dining hall. Coffee and tea are provided. Doors to the Hampton Room open at 11:45am.</p> <p>http://www.scrippscollege.edu/events/noon-academy</p>
Levitt on the Lawn	<p>Levitt on the Lawn at Scripps College is an outdoor concert series presented in conjunction with Pasadena’s Levitt Pavilion for the Performing Arts and sponsored by Scripps alumna Elizabeth Levitt Hirsch ’74. Like all Levitt concert events, the series seeks to build community through music; however, the Scripps College series is unique among the other Levitt venues in that it primarily features female artists and women-led musical groups.</p> <p>http://www.scrippscollege.edu/events/levitt</p>
Elizabeth Hubert Malott Public Affairs Program	<p>The Elizabeth Hubert Malott Public Affairs Program, established by the Malott family in memory of alumna and trustee Elizabeth Hubert Malott ’53, makes manifest her belief that a range of opinions about the world — especially opinions with which we may not agree, or think we do not agree — leads to a better educational experience. Although the primary audience for this annual program is the</p>

	<p>Scripps College student body, all members of the Claremont community and the general public are welcome.</p> <p>http://www.scrippscollege.edu/events/public-affairs</p>
<p>Denison Library</p>	<p>Scripps is the only one of The Claremont Colleges with its own library. The Ella Denison Strong Library is a special collections library with a variety of comfortable and quiet spaces for study and research, including the Holbein room and its gothic fireplace.</p> <p>Among the library's many distinguished holdings are Emily Dickinson's letters and the Macpherson collection of books by and about women. The Scripps College Archives provide materials on the history of Scripps and include the Ellen Browning Scripps papers. In addition to a Rare Book Room and rotating exhibits of its contents, the Slocum Award for Senior Book Collections exhibit is on view each spring. Of course, students can always search for what they need by computer, but it's also fun to browse the old card catalog.</p> <p>The building itself is also a treasure. Designed by the original campus architect Gordon Kaufmann, its distinctive architecture — with its central stained glass Gutenberg window celebrating the development of learning through the written word — and the beautiful hand-carved wood interiors combine to create an environment encouraging learning and reflection.</p> <p>http://www.scrippscollege.edu/denison/</p>

Harvey Mudd College

Annenberg Leadership and Management Speak Series	<p>The Annenberg Leadership and Management Speaker Series is an integral part of Harvey Mudd College's commitment to encouraging students to lead with integrity. Endowed through a generous gift from The Walter and Leonore Annenberg Fund for Leadership Development, this series brings to campus accomplished individuals who are recognized, world-class leaders in their fields of endeavor. The lectures provide an engaging forum for senior executives to address pertinent leadership issues and to share their insights with the HMC community.</p> <p>Admission to this public lecture series is complimentary, and reservations are encouraged due to limited seating. Lectures are held in the auditorium of the R. Michael Shanahan Center for Teaching and Learning at Harvey Mudd College, located at 320 E. Foothill Boulevard. Before each lecture, a welcome reception will be held at 7 p.m. on the Shanahan Center's Thomas-Garrett Plaza. https://www.hmc.edu/about-hmc/news-events/</p>

Claremont Cash

Claremont Cash can be used to purchase both food and non-food items throughout The Claremont Colleges, as well as local merchants in and around Claremont. All students, faculty and staff of The Claremont Colleges have a Claremont Cash account established as soon as your ID card is created. Funds may be deposited into your account on the internet at <http://cards.cuc.claremont.edu>, with cash and check at The Coop Store or the Hub Store, or with cash, check, or Visa/MasterCard at the Connection, located at the south entrance of the Honnold Mudd Library. Unused funds will roll-over from one year to the next. There are no cash withdrawals permitted until you withdraw, or graduate from The Colleges, at which time you can request a full refund of unused funds.

Scripps Acronyms

AASU	Asian American Student Union at Scripps College
B & G	The Buildings & Grounds Committee (B & G) of the Scripps Board of Trustees is one of the standing committees of the Board of Trustees. B&G concerns itself with the condition of the College's buildings, grounds and utilities, and with the amount and adequacy of funds devoted to their maintenance and report.
B & P	Budget and Planning. The on-campus committee that prepares the basic budget, including reviewing requests for new non-faculty positions, capital expenditures, etc.
BA	Business Affairs
CAR	The Committee on Academic Review monitors the academic progress of all Scripps students and establishes specific probationary terms for any student who, in the judgment of the Committee, may be jeopardizing normal progress toward her degree. The Committee is authorized to dismiss a student who fails to meet the terms of academic probation. CAR also reviews all student petitions for waivers of, or exception to, any stated academic regulation.
CLORGS	Clubs and Organizations managed by Scripps students. A full list of CLORGS can be found on the College's website.
CORE	Central to the academic program, the "Core Curriculum in Interdisciplinary Humanities" is a sequence of three interdisciplinary courses with the common theme "Culture, Knowledge and Representation."
COSA	The Committee on Study Abroad has oversight for all academic policy aspects of the study abroad program at the College. COSA is a subcommittee of the Faculty Executive Committee (FEC).
CP&R	The Office of Career Planning & Resources assists students in preparing for life after Scripps. Services include career, internship, and graduate school advising, and community service opportunities. This program is supervised by the Dean of Students.
DCC	Diversity Coordinating Committee, a faculty-student-staff-alumnae committee that advises the President of the College on diversity issues at the College.
Denison	The library building (and collection) at Scripps College. It is part of "The Library" of The Claremont Colleges system. "The Library" pays rent to Scripps for the facility, while Scripps pays an annual assessment to "the Library" for our share of services.
DOF	Dean of Faculty
DOS	Dean of Students
EBS	Founder of Scripps College in 1926, Eleanor Browning Scripps (EBS) was a school teacher, newspaper publisher, and philanthropist -- and one of the first women in the United States to graduate from college, in 1859. Miss Scripps characterized her involvement with Scripps College as her most important work in a rich lifetime of creating opportunities to widen human knowledge. Her mission for the College was "to develop in students the ability to think clearly and independently and to live confidently, courageously, and hopefully."
EBSS	Ellen Browning Scripps Society. The principal honorary donor society for the College, which honors any donor of \$1,000 or more to current operations of the College in a specific fiscal year (July 1- June 30).

FEC	Faculty Executive Committee. The principal organ of faculty governance at Scripps. The eight members meet weekly, with the Dean of Faculty (who is ex officio), and they do the basic business of the faculty. This includes reviewing requests for faculty positions (new or replacement), dealing with faculty policy issues, planning the curriculum, approving courses, etc. Members serve for two years, and by virtue of being FEC members, they also serve as the faculty representatives to Board of Trustee Committees
FTE	Full-time equivalent (FTE) is a measure applied to students and faculty. For example, one full-time student plus one who is enrolled half-time equals 1.5 FTE. Faculty FTE is counted on the basis of full-time faculty plus part-time, who are counted as .20 per course taught at the College. The student and faculty FTE are the two components of student:faculty ratio, which is calculated each fall semester.
HBA	The Hartley Burr Alexander (HBA) Chair in the Humanities is named for a founding member of the Scripps College faculty whose influence in the formation of the Scripps Humanities Program helped to create an academic program which stressed the coordination and synthesis of courses across various branches of learning, seeking to break down barriers between fields of academic teaching. The holder of the Chair is expected to demonstrate a broad, interdisciplinary, humanistic orientation in his/her approach to his/her chosen discipline. The Chair provides intellectual learning in the Humanities.
HR	Human Resource Department
IA	Institutional Advancement Department
JES or JESes	James E. Scripps Scholars. Incoming first-year students selected from a national applicant pool to receive half-tuition merit scholarships.
PAC	The Scripps College Performing Arts Center, which houses Garrison Theater, Boone Recital Hall, and the Glanville Music Library.
SARLO	Student Activities and Residential Life Office (SARLO) offers a variety of programs, services, and resources for the entire student body. SARLO is supervised by the Vice President for Student Affairs.
SADIOS	Spend a Day in Our Shoes. A weekend program for students who have been accepted to the College (usually held in April) to encourage them to enroll.
SCA	Scripps College Academy. A two week residential program for rising 10th and 11th grade girls from underserved high schools in the Los Angeles and Riverside areas. During the summer program, regular Scripps faculty teach participants a version of the Scripps Core Humanities. There is a follow-up program for the participants throughout the school year to help them stay focused and progress to applying to colleges and universities: especially Scripps.

National and Regional Higher Education Organizations

AAUP	The American Association of University Professors (AAUP) is a national organization which promotes the welfare of the American professoriate. AAUP has established guidelines for academic freedom and tenure for professors of higher education and reports annually on salaries. The annual AAUP national salary data are used by Scripps for comparative purposes in monitoring the salaries of Scripps faculty.
ACE	The American Council on Education serves as the umbrella organization for all professional organizations in higher education. ACE serves as one of the most powerful lobbying arms on behalf of the higher education in Washington.
ACL	The Association for Consortium Leadership is a national association that provides a forum for higher education professionals involved in cooperative programs. Its primary mission is advocating the cause of interinstitutional cooperation in American higher education.
AGB	The Association of Governing Boards is a national association providing professional support, consultation and publications to trustees of public and private colleges and universities.
AICCU	The Association of Independent California Colleges and Universities is based in Sacramento and exists to support, strengthen and help assure the effectiveness of California's independent colleges and universities. Major responsibilities of the Association include advocacy at the state and national levels, conducting higher education policy research, serving as an information conduit to students, parents, counselors and the media, assisting officers of member institutions and developing discounted pooled programs (e.g., a student loan program, long-term disability program and workers' compensation program) for member institutions.
CASE	The Council for Advancement and Support of Education is the largest nonprofit educational organization in the nation. CASE provides training, programs and services to professionals in education to support institutional advancement, educational fund raising, alumni and government relations and communications.
CPEC	The California Postsecondary Education Commission was established by federal mandate. It is charged with gathering significant information and conducting studies about institutions of postsecondary education (non-profit as well as for-profit) and providing information to the State in support of legislation.
FASB	The Financial Accounting Standards Board is the organization that establishes generally accepted accounting principles for the private sector of the United States economy. This includes corporations, health and welfare organizations and private colleges and universities. Oversight is performed by the Securities and Exchange Commission. A companion organization called the Government Accounting Standards Board (GASB) establishes accounting principles for government agencies including state supported colleges and universities, which continue to use the old fund accounting financial statements.
HEDS	The Higher Education Data Sharing Consortium is a not-for-profit, membership organization of approximately 100 of the best private colleges and 25 universities in the country. As a member, Scripps shares and receives a broad array of institutional data and numerous reports covering such information as: admission and financial aid results, faculty.
ICSC	Independent Colleges of Southern California. A joint fundraising group of 16 smaller, private colleges and universities from Santa Barbara to San Diego that solicits corporate contributions on behalf of the group and divides the proceeds by an enrollment-driven formula. The President of ICSC is Emerita Trustee Martha Hammer '66.

IPEDS	Integrated Postsecondary Education Data System: is the core postsecondary education data collection program for the National Center for Education Statistics (NCES). It is a comprehensive system of surveys designed to collect data from all primary providers of postsecondary education. The IPEDS system is built around a series of interrelated surveys to collect institution.
NACUBO	The National Association of College and University Business Officers is a Washington, D.C. based organization that represents higher education on business affairs matters such as accounting principles, budgeting, investments, and personnel matters. It contracts with Cambridge Associates to survey colleges and universities for the annual national endowment survey.
NAICU	The National Association of Independent Colleges and Universities is a Washington, D.C. based organization that represents higher education's private sector in national affairs.
WASC	The Western Association of Schools and Colleges is one of the six regional accrediting associations covering the United States whose purpose is continual improvement of education and cooperation among educational institutions and agencies. Accreditation is a uniquely American process of voluntary self-assessment of institutions of higher education.
WCC	Women's College Coalition. National organization of over 60 women's colleges that offers collegueship and joint programs to advance the mission and visibility of women's colleges.

Claremont University Consortium (CUC) Departments

CFS	Central Facilities Services. CFS is an organization of engineers and tradesmen that is tasked with the maintenance, repair and operation of buildings, building systems, and related equipment. A staff of highly trained and experienced professionals provides quality service to the seven Claremont Colleges, CUC, and affiliated organizations on a fee-for-service basis.
CP & S	Part of Claremont University Center, the Central Programs and Services (CP & S) consists of 16 departments plus staff who provide support and services to the Colleges as a whole. CP&S agencies provide academic, student and institutional support as well as facilitate intercollegiate activities and consortial relations with institutions outside the colleges. The Executive Vice-President, Claremont University Center, oversees all CP&S activities.
CLSA	Chicano/Latino Student Affairs. The mission of CLSA is to support Chicano/Latino students at The Claremont Colleges in their quest toward a positive and rewarding academic experience. It offers academic counseling and coordinates social events for Chicano/Latino students. The staff is comprised of a Dean, Associate Dean and Administrative Assistant.
EH&S	Environmental Health & Safety. The EH&S Office is responsible for monitoring general compliance with various environmental health and safety regulatory programs and providing guidance to the Colleges as needed on these issues. It is a part of the CUC Risk Management Department. The EH&S staff consists of an EH&S manager and an EH&S specialist.
HEO	Health Education Outreach. HEO provides educational programs that play active roles in sustaining health, offers CPR and 1st Aid courses, on-line nutritional analysis, and coordinates HIV/AIDS, chemical health, and wellness education.
MCAPS	Monsour Counseling and Psychological Services. The center has a staff of professional psychologists who provide therapeutic and educational services to all students free of charge, including individual, couples and group therapy.
OBSA	Black Student Affairs. OBSA provides a full range of educational and cultural support programs to promote the academic success and social integration of African-American students at The Claremont Colleges. The three person staff is composed of a Dean, an Assistant Dean and the Coordinator of Student Leadership Programs.
SHS	Student Health Service. The staff of physicians, nurse-practitioners and nurses provides primary health care to students including medical evaluation, consultation and treatment, health counseling and education as well as medications and contraceptive information. All medicines, laboratory tests and special supplies are available at a nominal cost

The Claremont Colleges (TCC)

CGU	Claremont Graduate University
CMC	Claremont McKenna University
CUC	Claremont University Consortium
HMC	Harvey Mudd College
KGI	Keck Graduate Institute of Applied Life Science
POM	Pomona College
PIT	Pitzer College
SCR	Scripps College

Affiliated Institutions

CST	Claremont School of Theology. CST is a multi-denominational seminary of the United Methodist Church and educates a multi-cultural student body for religious leadership. It is located north of Foothill Boulevard.
RSABG	Rancho Santa Ana Botanic Garden. RSABG is a private, non-profit institution that displays California native plants on an 86-acre site. The Garden also serves as the Graduate Botany Program for the Claremont Graduate University and conducts basic research in plant systematics and evolution. The Botanic Garden is located north of Foothill Boulevard adjacent to the Bernard Field Station.

Intercollegiate Committees

ADC	Academic Deans Committee. The ADC is charged with identifying and addressing strategic academic issues of common concern to The Claremont Colleges such as cross-registration patterns, the academic calendar, development of new academic programs, faculty hiring and the like. It also oversees and coordinates the intercollegiate academic programs and services. Membership includes the Dean of Faculty/Chief Academic Officer of each of the Colleges and the Chief Executive Officer of CUC (ex officio).
BFAC	Business and Financial Affairs Committee. The function of the BFAC is to engage in strategic planning, policy and operational issues arising out of consortial business, financial, facilities and human resource interests and services. Membership includes the Vice President for Business Affairs/Treasurer of each of The College and the Vice President/Treasurer/Director of Financial Services of CUC.
CAC	Consortial Advancement Committee. The function of the CAC is to engage in consortium-wide strategic planning, institutional advancement and public affairs efforts. Members include the Vice President for Development/Advancement of each of the Colleges and the Secretary to the Board of CUC.
EPC	Emergency Preparedness Committee. The EPC promotes the institutions' emergency management programs; promotes the institutions' shared interests in effective emergency management activities; and coordinate and integrate all activities necessary to build, sustain, and improve the capability of the institutions to mitigate against, prepare for, respond to, and recover from threatened or actual natural or man-made disasters. Membership is comprised of the CUC Emergency Preparedness Manager, the emergency management officer of each college, and the Secretary to the Board of CUC.
FMC	Facilities Managers Committee. The committee engages in facilities strategic planning, policy and operational issues arising out of consortial facilities management needs and interests. Membership includes the Director of Campus Facilities/Maintenance at each of the Colleges and the Director of Central Facilities Services, CUC. It is advisory to the BFAC.

HRC	Human Resources Committee. It is the function of the HRC to engage in strategic planning, policy and operational issues arising out of consortial human resources interests. The HRC is an advisory committee of the BFAC. Membership includes the Director of Human Resources at each of the Colleges and CUC.
ITC	Information Technology Committee. The ITC engages in strategic planning, policy and operational issues arising out of consortial information technology interests. Membership includes one representative appointed by the president at each of the Colleges, the Director of the Claremont Intercampus Networking Effort (CINE), and the Director of Information Services, CUC.
KSD	The W.M. Keck Science Department, a three-college (Scripps College, Claremont McKenna and Pitzer Colleges) program that allows students to fulfill college science requirements and to pursue advanced studies as majors or as supplementary studies in biology, chemistry, physics, or some combination of these areas. Premedical and environmental emphases are two particular strengths of the W.M. Keck Science Department program.
SDC	Student Deans Committee. It is the function of the SDC to engage in strategic planning and focus on policy and operational issues arising out of inter-campus student life interests and consortial services. Membership includes the Vice President for Student Affairs/Dean of Students of each of the Colleges, the Vice President for Student Affairs of CUC, and the CEO of CUC.
The Council	Short for "Council of Presidents of The Claremont Colleges." The organization of the Presidents of all of The Claremont Colleges plus the Chief Executive Officer of the Claremont University Consortium (CUC).

Intercollegiate Activities/Departments

BFS	Bernard Field Station. A 33-acre natural outdoor laboratory providing a site for teaching, research and related educational activities for the students and faculty of The Claremont Colleges. The station is located on CUC's North Campus property, north of Foothill Boulevard. It supports coastal-sage scrub, chaparral, oak-sycamore, and grassland vegetation types. It is also the site of a man-made lake for limited aquatic studies.
CLSA	Chicano and Latino Student Affairs, a program funded by the Consortium to assist Chicano/Latino students in achieving academic success and graduation.
CMS	Claremont McKenna, Harvey Mudd and Scripps Colleges jointly fund and support an intercollegiate athletic program known as CMS. The varsity intercollegiate sports (men's and women's) compete at the Division III level of the National Collegiate Athletic Association (NCAA).
IDAAS	Intercollegiate Department of Asian-American Studies. Asian American studies is the study of the peoples of Asian and Pacific Islander heritage living in the Americas.
IDAS	Intercollegiate Department of Africana Studies. IDAS offers courses and special seminars pertaining to Black history and culture. The courses and seminars are open to all students.
IDCS	Intercollegiate Department of Chicano Studies. The second oldest Chicano studies program in the nation, IDCS offers courses and seminars pertaining to Hispanic history and culture.
IWSP	Intercollegiate Women's Studies Program. IWSP explores the study of women as a source of personal, institutional, and social transformation. The lead college for this program is Scripps College.

The Claremont Colleges

The Claremont Colleges, a consortium of five undergraduate liberal arts colleges, two graduate institutions, and Claremont University Consortium, which provides shared institutional support services, is reminiscent of the Oxford-Cambridge model. The undergraduate colleges include Pomona College, Scripps College, Claremont McKenna College, Harvey Mudd College, and Pitzer College. The two graduate institutions include Claremont Graduate University and Keck Graduate Institute. Each academic institution has its own campus, its own students and faculty, and its own distinctive mission.

The eight independent institutions on adjoining campuses offer rigorous curricula, small classes, distinguished professors, and personalized instruction in a vibrant residential college community that provides intensive interaction between students and faculty. Undergraduate students may choose from more than 2,000 courses offered each year across the colleges. With 7,700 students and 3,600 faculty and staff, located on more than 960 acres of land, the consortium generates an endless variety of intellectual, cultural, and social activities.
